MARTINIQUE'S HORRORS STILL CONTINUE, TWO THOUSAND MORE BEING DEAD

NEWS SUMMARY

DOMESTIC.

President Roosevelt received from all parts of the world messages of congratulation for his escape from death.—Page 1.

Census figures seem to show that the present generation is longer lived than their forefathers.—Page 4.

The coal miners' strike in the Norfolk & Western railroad field of West Virginia is ended.—Page 1.

H. B. Sayers, postmaster at Hambleton, W. Va., was found dead in a stream, with a wound in the head; murder and robbery suspected.—Page 3.

FOREIGN.

A still later eruption of Mont Pelee on Wednesday wiped out 2,000 more lives.—Page 1.

PENNSYLVANIA.

Seven thousand people attended the McDonald fair; a Rough Rider veteran promises a sensation today.—Page 3.

Anthracite coal is to be imported from England for Philadelphia schools.—Page 1.

J. H. Cunningham, Beaver county's Republican nominee for congress in rivalry to E. F. Acheson, wishes Acheson to agree to a new district conference to settle the dispute.—Page 1.

LOCAL.

Present plans of the machine men in select council are to refer the filtration measure to one of their "rump" committees and keep the important matter under cover until after the November elections and then bring it out and exercise it for the benefit of the organization.—Page 4.

Superintendent McAleese of the bureau of police says he has evidence which is sufficient to warrant the courts in revoking the licenses of about 35 downtown saloons. The offense on which these revocations are to be asked is the free sale of intoxicants to females and minors.—Page 12.

Fred M. Shaffer of Waynesburg, a brother of President T. J. Shaffer of the Amalgamated Association, while visiting his mother in this city last Sunday strangely disappeared and nothing has been heard of him since, though the police have made diligent search.—Page 2.

Eleven violent deaths were reported to the coroner yesterday, among them being a man and woman killed by trains, while babe the woman was carrying escaped unharmed.—Page 2.

LEGAL.

Policeman Sheehy's murder and police methods of sweating Nellie Hogan lead to attorney's determination to put all disorderly houses out of business.—Page 12.

Grain market irregular, with some higher quotations at the close.—Page 11.

The market on the Pittsburgh stock exchange yesterday was the broadest and most active witnessed in Pittsburgh in several months. Coal and steel stocks were features.—Page 11.

Baltimore & Ohio, Pennsylvania and Wabash made new high records and United States Steel common was active in Wall street.—Page 10.

STONE DON'T KNOW ABOUT EXTRA SESSION

Will Not Call Assembly Together Unless Satisfactory Arbitration Law Can Be Passed.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

HARRISBURG, Sept. 4.—Governor Stone was waited upon by a committee from the state legislative board of railroad employes of Pennsylvania this afternoon and requested to take immediate steps to bring about a settlement of the strike in the anthracite regions, and if necessary to call an extra session of the legislature for the enactment of a compulsory arbitration law. The committee presented a signed statement setting forth that the strike is causing much distress among the anthracite miners and their families, hardship to millions of people and proving disastrous to the business interests of the state.

The committee stated that railroad employes depend upon the coal traffic for four-fifths of their living and that they were not making as good wages as before the strike; that the board was preparing a bill which its members believed would end the strike and prevent strikes in the future if it should become a law.

Governor Stone replied that if, by calling a special session of the legislature, a law could be passed that would be constitutional and would settle this strike and prevent others, he would not hesitate to call a special session.

Governor Stone also said he regarded the strike as of sufficient public interest to justify an extra session if it would solve the difficulty, but he would not call a special session in the interest of speculation or for political effect if no satisfactory law could be passed or good come out of it.

2,000 MORE VICTIMS OF MONT PELEE

Latest Eruption Comes Wednesday Night, and Worse Than Before.

BIG TIDAL WAVE STILL DREADED

Eye Witness Vividly Describes Outbreak of August 30 in Martinique.

LA SOUFRIERE STILL KEEPING UP ITS PACE

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

CASTRIES, ISLAND OF ST. LUCIA, Sept. 4.—(8 p. m.)—The Royal Mail steamer Yare arrived here this evening from the island of Martinique. She brings the report that a violent volcanic eruption occurred there last night and that about 2,000 persons are said to have perished. Large numbers of people are leaving the island.

This eruption, and the loss of life caused by it, are several days later than the volcanic outbreak previouly recorded on August 30, in which from 800 to 1,000 persons were killed.

News also has reached here that a violent eruption of La Soufriere, on St. Vincent island, happened at midnight.

[SPECIAL CABLE TO THE GAZETTE.]

Point-a-Pitre, Guadaloupe, Sept. 4.—Gunlike reports from the south give warning that Mont Pelee is still violently active. Thick, black clouds hang low in the sky. The heat is intense.

Although the governor has issued a proclamation announcing that the commission sent to inspect La Soufriere reports that there are no indications of danger from that source, public panic has abated in no manner. It is generally believed that the island of Martinique is doomed to total destruction, and the fear is that when the catastrophe comes Guadaloupe will be visited by an all-destructive tidal wave.

Business is absolutely at a standstill. Few shops are open, and if it were not for the efforts of a small number of more valiant souls, hundreds would starve to death because of their fear of a more terrible death.

Details that have been received during the last two days, prove that the eruption of Mont Pelee of August 30, was far more violent than any of the earlier explosions. The results were more terrible than first reported. At Morne Rouge more than 1,000 have died, and many others are so injured that they cannot recover.

One Peak Falls Into the Crater.

As the eruptions continue the mouth of Mont Pelee grows in size. It is now of enormous proportions. Morne Lacroix, one of the peaks that reared skyward from the side of Pelee, has fallen bodily into the crater and has been completely swallowed. There seems to be a side pressure in the crater and the burning chasm widens perceptibly every day.

Clouds no more hang about the crest of Mont Pelee. The terrific heat seems to drive everything away. The column of flame and smoke soars directly into the heavens so that its top is lost to sight. It is estimated that this column is eight times as high as is the volcano. In the darkness of the night it has the appearance of a stream of molten iron standing fixed by some mysterious power between heaven and earth.

From Morne Capote the relief troops were compelled to make a quick retreat, though they succeeded in taking out a few wounded. The entire country almost up to Fort de France is buried under a deep cover of ashes. This has made it almost impossible to find the bodies of those who have perished while fleeing to the seacoast.

Constance Cara, one of the few who succeeded in escaping from Morne Rouge after the explosion, found refuge on the steamer Esk. Telling her story, she said she was with 12 others in her house when Pelee gave its first warning of the disaster which it was about to pour upon the village. She said the first explosion destroyed many houses.

Three Fiery Tongues Sweep Down.

She was hurled with great force against the wall of the room in which she was sitting. On recovering from the shock she ran outside, and there saw three separate tongues of fire sweeping down from the mouth of the volcano. The earth shook with so great violence that she could not retain her feet. She was blinded by the glare of the flames. The heat was so terrific that her flesh was blistered. She awaited the death which she believed to be inevitable. The fire swept a little to one side and she was saved.

Even at Fort de France the stoutest hearts have lost courage. Few believe that the end will be anything else than the total destruction of the island. Those who are able are leaving Martinique, and those who remain do so with the one hope that they will be taken away before Pelee completes its work.

The Esk and the Souchet are taking the inhabitants to the neighboring islands as rapidly as possible. Another steamship belonging to the Compagne Trans-Atlantique is expected at Fort de France on Saturday to assist in the work.

THE RING TRIES OLD TACTICS IN REGISTRATION

Assessors Attempt to Deprive Many Electors of Right to Vote.

CITIZENS PARTY TO FIGHT IN THE COURTS

The ring is up to its old tricks again. A desperate effort has been made to deprive scores of citizens of the right of suffrage by refusing to place their names on the registry books. The attempt will be fought in the courts, just as it was last February.

In spite of their apparent inactivity, the Citizens party organizations in the various wards have been wide awake, and a general plan was adopted to prevent the machine from depriving electors of their ballot. Complaints were carefully investigated, and in case the assessor continued to refuse to put the names on the registry book a list of the names was compiled and reports will come into Citizens headquarters containing the name of every man whom the machine assessors refused to put on the lists.

Complaints have been coming into headquarters from all over the two cities concerning the actions of ring assessors. The district organizations were instructed to keep a list of all such cases and these lists will be carried into the courts and the names of those entitled to a vote will be placed on the books.

Keeping a Close Watch.

At the same time a close watch has been kept on the registry books and any attempt at padding is certain to be discovered. The exposures made before the February election revealed many points in the city from which illegal voters were registered in the past and agents of the Citizens party have been watching all of them closely and have exact evidence as to the residence of every inmate.

Secretary James W. Clark of the Citizens organization said last night: "Yes, we have had many complaints concerning the actions of assessors in both cities, and in every case have provided for carrying the cases into court by having lists made. The lesson taught machine assessors last spring has had some influence and the padding of the registry lists is not nearly so large as formerly.

"The registration, according to our ward and district reports, has been very large and a big vote will be polled. The people are just as much in earnest as they were in February and have insisted on being placed on the registry lists. When this was refused they have lodged their complaints with us. Our district committees have been watching the registration closely and we will have full and accurate reports from almost every precinct within a few days."

Committee on Registration.

A committee on registration has been appointed by the Citizens organization and it will have charge of the correcting of the lists. It is probable that the courts will have to deal with a great many cases against assessors, particularly in the downtown and hill wards, together with some sections of the West End and South Side.

The first 17 wards of the city are most involved in the complaints, together with the Thirty-fourth, Thirty-fifth and Thirty-sixth, while scattered cases of non-registration have been reported from almost every ward, including quite a number from Allegheny. All will go to the courts.

Cardinal Gibbons Improved.

BALTIMORE, Sept. 4.—Cardinal Gibbons' condition is so much improved today that he is up and about his room attending to his correspondence. Dr. E. F. Milholland, his physician, reports that the cardinal's complete recovery within a day or two is assured.

MINERS' STRIKE IS ENDED ALONG N. & W. RAILROAD

Diggers to Resume Work in West Virginia Next Monday.

FORMER EMPLOYES TO BE TAKEN BACK

[SPECIAL TELEGRAM TO THE GAZETTE.]

Keystone, W. Va., Sept. 4.—The 8,000 miners in the Norfolk & Western fields, who have been on strike since June 7, will return to work next Monday morning, the strike having been declared off after a mass meeting of strikers here this afternoon. Probably 2,000 were present, every field along the Norfolk & Western being well represented. The only demand made today was that the operators take back every striker, and the operators quickly assured them that this would be done.

It is reported tonight that President Mitchell advised the strikers to return to work, as winter was near at hand and the union might not be able to hold out until spring. There is great rejoicing throughout the coal fields tonight.

It is thought the strikers in the New river and Kanawha fields will soon follow the action of the strikers on the Norfolk & Western.

The Pocahontas mine continues to burn, but the operators think they soon will have it under control. No violence has been reported from any quarter of the Norfolk & Western fields today.

CHARLESTON, W. VA., Sept. 4.—The stubborn fight in Justice Cottrell's court in which the justice and a jury were at loggerheads over a case in ejectment of a miner, arising from the coal strike, came to an end this morning, the result being the discharge of the jury and the rendering of a verdict for the plaintiff by the court.

When a constable and his posse went to Brooklyn mines, New River, today, to serve writs of dispossession on miners, against whom judgments had been secured, they were surrounded by 100 miners and driven away. A negro fired from ambush on non-union men returning from work at Brown yesterday and bloodhounds were put on his track. They followed him through the woods to his home, where he was arrested. He is in the Fayetteville jail.

QUAY IN NEW YORK.

Report That the Senator Will Continue His Efforts to End the Anthracite Strike.

NEW YORK, Sept. 4.—(Special)—Following Senator Quay's declaration that he had not given up hope of settling the anthracite coal strike, came his arrival in this city tonight. There was a report that the senator, despite the unsatisfactory result of his conference with Mr. Baer on Wednesday, has decided to call on the other heads of the coal roads in this city, as well as Wall street financiers, too impress upon them the urgent need for an ending of the trouble.

It is understood there may be a meeting of the coal operators in this city either tomorrow or Saturday. Mr. Quay, who went to the Fifth Avenue hotel, refused to see any callers. It was announced that he was on his way to the Adirondacks for a week's outing.

RYNEARSON ELECTED.

Was Unanimously Selected to Succeed C. B. Wood as Head of High Schools.

At a meeting of the high school committee of the central board of education last night Prof. Edward Rynearson, principal of the Bedford avenue high school, was unanimously recommended as the successor of Prof. C. B. Wood as director of the Pittsburgh high schools.

Prof. W. S. McFarland of the central high school, teacher of English literature, was recommended as Prof. Rynearson's successor. He was elected over Prof. William Dysart by a vote of 4 to 2.

WHOLE WORLD HAPPY OVER HIS ESCAPE

President Gets Congratulations from Many Foreign Rulers.

HE BETRAYS FEW SIGNS OF INJURY

Case of Motorman and Conductor Postponed and Their Bail Renewed.

ROOSEVELT'S NEXT TRIP BEGINS TODAY

[SPECIAL TELEGRAM TO THE GAZETTE.]

Oyster Bay, L. I., Sept. 4.—Thoroughly recovered from the effects of yesterday's accident, the shock of which has left no impression on his rugged constitution, President Roosevelt this morning enjoyed his customary ride on horseback, and during the afternoon entertained guests at luncheon.

Cable dispatches and telegrams from all parts of the world, congratulatory messages by the thousand, rained into the president's office in the village all day long. They came from monarchs and from presidents, from soldiers, statesmen and prelates, and from citizens unknown. From Europe the first to send a dispatch of congratulation was Emperor William of Germany, whose message to the president, dated Posen, said:

"With all Americans, I praise Providence that saved your life from the terrible accident."

To this message of sympathy the president sent a reply stating that he was deeply touched by the German emperor's thoughtful message. "I was not hurt in the least," answered the president.

Emil Loubet, president of France, sent this dispatch: "The report of the awful accident to which you came near falling a victim has just reached me, and I hear that you have happily escaped. I wish to express to you my very sincere felicitations and to renew to you the assurance of my constant friendship."

Reply to President Loubet.

To this message the state department sent this reply: "I cordially appreciate your friendly congratulations upon my providential escape."

The shah of Persia wired: "I am infinitely sorry for the untoward mishap and happy to hear that injury is slight. Wish your excellency speedy recovery." The president cabled his thanks.

The president's face is considerably swollen and there is deep discoloration about his right eye. He says he feels little the worse for his experience and is in excellent spirits.

The president will leave here tomorrow on the Sylph preparatory to starting from Washington on his short southern trip.

Secretary Cortelyou passed last night at his summer home at Hempstead and is reported much better today. He will accompany the president on his southern trip.

The Grand Duke Boris was the president's guest at luncheon today.

Car Man's Case Postponed.

PITTSFIELD, MASS., Sept. 4.—By agreement between counsel for Motorman Luke Madden and Conductor James Kelly of the car which struck the vehicle containing President Roosevelt, hearing was postponed for two weeks. Bail of $5,000 for Madden and $2,500 for Kelly was continued. It is believed that two weeks hence another postponement will be granted and that the preliminaries and action by the grand jury, if the case should come before it, will take up so much time that actual trial will not be reached before January.

The body of Secret Service Agent Craig left here on the afternoon train for Chicago, accompanied by Hugh Craig, a brother. Gov. Crane was present when the removal occurred.

Congressman George P. Lawrence, in an interview regarding the president's trip yesterday, said that just after the accident the president called him and the governor into an adjoining room and told them that under no circumstances was the trip to be abandoned. He stated he felt it his duty to continue the trip, and hoped the people would not consider him heartless for so doing. The president wished very much to remain with Craig's body for some time, but felt it his duty to push on.

WASHINGTON, D. C., Sept. 4.—President Roosevelt and party will reach Washington over the Pennsylvania railroad at 6:45 tomorrow evening and leave for the brief southern tour at 7:30 p. m. on a train over the Baltimore & Ohio railroad. The party will consist of the president, Secretary Cortelyou, Assistant Secretary Barnes, Dr. G. A. Lung, the president's physician, Stenographers Latta and Weaver, representatives of the three press associations, three illustrated weeklies, the Washington newspapers and the Western Union and Postal Telegraph companies and two photographers.

The Baltimore & Ohio has placed at the disposal of the president and his party the private car Riva, drawing room and sleeping cars Xenia and Clarion, dining car Manhattan and a combined baggage car and smoker.

The party will pass through Harpers Ferry, Cumberland and Grafton; will reach Wheeling at 8:30 a. m. (Eastern time) September 6. Remaining in Wheeling two hours, the party will proceed, touching Cambridge, Zanesville, Newark, Columbus and Cincinnati, where they will be transferred from the Baltimore & Ohio to the Queen & Crescent railroad and begin the southern tour.

President Roosevelt has accepted an invitation to review the parade of veterans during the encampment of the G. A. R. in Washington.

HAVANA, Sept. 4.—News of the accident to President Roosevelt has caused a sensation here. The Cuban people, from President Palma down, express sincere regret at his injuries.

PHILADELPHIA TO BRING COAL FROM ENGLAND

School Board Obliged to Make Importation of Anthracite.

BAER'S STATEMENT CAUSE FOR GLOOM

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

Philadelphia, Sept. 4.—The board of education of this city has completed arrangements by which anthracite coal will be imported from England to furnish fuel for the public schools during the winter. Owing to the mine workers' strike the proposals of the board for furnishing about 25,000 tons of hard coal brought no bids, the Philadelphia and Reading Coal and Iron Company and the Lehigh Valley Coal Company announcing that they could not quote prices.

The average price heretofore paid for coal for the city schools has been $5 50 a ton, but under the arrangement just effected the cost of importation will be about $6 50. The work of transferring the fuel from the wharves to the schools will involve an additional expenditure.

The amount appropriated by councils for the current year is $56,000, and an additional appropriation will be asked by the board to meet the increased expense.

While the Pennsylvania railroad is still transporting weekly thousands of tons of bituminous coal and coke originating on the lines east of Pittsburgh and Erie, its anthracite shipments for the week ending August 30 of 313 tons was the smallest since the strike was inaugurated. The other shipments for the week were: Bituminous coal, 541,886 tons; coke, 193,567 tons.

WILKESBARRE, PA., Sept. 4.—President Baer's declaration that the miners' strike cannot be settled except on the terms heretofore stated by the coal companies has cast a gloom over the entire strike region. The business interests were very hopeful that the meeting between the president of the Philadelphia and Reading Company and Senators Quay and Penrose would result in a peaceful settlement of the conflict.

WILKESBARRE, PA., Sept. 4.—At the sitting of the grand jury today the cases against F. W. Kinney, Charles Reynolds and William Watkins, were ignored. The action of the grand jury establishes a precedent in that men employed to protect life and property about the coal mines and who may, in the discharge of their duty, shoot and kill cannot be held for the crime of murder or manslaughter.

The four men arrested for the killing of Daniel Sweeney, a night watchman at a mine in Nanticoke, were indicted for murder today.

HAZELTON, PA., Sept. 4.—The convention of the Peoples alliance, called for the purpose of putting some plan in operation for the settlement of the anthracite miners' strike, opened today with about 75 delegates in attendance, representing 15 different coal region towns.

The committee appointed to draw up a plan for terminating the strike reported unanimously in favor of a special session of the state legislature to enact the following legislation as proposed by the convention:

Compulsory arbitration; that present legislation be revised so that the state may have more power over foreign corporations doing business within its borders; that a law be passed making it illegal for any person under 21 years of age to be employed more than eight hours a day and that these articles of the state legislation which relate to the control vested in the legislature over the charters of corporations and giving the legislature power to annul, revoke or alter these charters if the public interests are endangered by violation of the constitution and forbidding common carriers from being interested in the production of any industry be made effective.

A committee was instructed to carry the recommendations of the convention to the governor.

WAS KILLED BY DECIDED VOTE

London Workmen's Congress Rejects Resolution for Establishment of Arbitration Court in Labor Disputes.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

London, Sept. 4.—At today's session of the Trades Union congress there was a very heated discussion of a compulsory arbitration resolution introduced by the Dock, Wharf and Riverside union. The resolution was as follows:

"In view of the colossal growth of trusts and combines of speculative capitalists and consequent concentration of capital and monopoly of industry, this congress foresees the grave danger to the nation and the toilers of dislocation of trade, stoppage of work and distress of wage earners.

"To avert such a calamity this congress calls upon the legislature to pass an act creating a supreme court of arbitration, the court to be presided over by a lord justice and to be constituted by an equal number of workmen's and employers' representatives, who shall take evidence from the parties aggrieved, or their representatives. Legal experts to be in all cases debarred from acting as representatives. The power of the court to be compulsory. Conciliation courts for the various industrial centers to be formed to act in conjunction with the supreme court and to be termed district courts. In all cases workmen's representatives to be selected by trade unions as commissioners or members of the supreme court. For the effective dealing with dispute, commissioners to be constituted for the great staple trades, viz: Mining, textile, transport, engineering and agriculture, with a crown judge over each.

"The courts failing to settle disputes, cases are to be submitted to the supreme court. Only unions registered under the trades union act and firms covered by registration under an act identical with the trades unions act, to be eligible for consideration of courts or supreme court of arbitration. We therefore instruct the parliamentary committee to draft a bill for the purposes aforesaid."

Many of the delegates opposed the resolution on the ground that under such a system the trades unions would not only lose many of the advantages they had secured from the employers, but would die of inanition, since the need for their survival would no longer exist.

The resolution was rejected by 961,000 to 303,000 represented votes.

BIG BANKING COMBINE.

International Institution Formed in New York to Transact the Business of Latin-America.

NEW YORK, Sept. 4.—Plans were made today at a meeting of the directors of the Mexican Trust Company bank for the formation of an international banking institute, capitalized at $10,000,000, to operate in Latin-American countries. The scheme involves the consolidation of the Mexican Trust Company bank and the Corporation Trust Company, the combination to be known as the International Bank and Trust of America. A majority of the stockholders of both concerns have signified their approval.

It is planned to establish branches at 16 leading cities in Mexico, also in Havana, Buenos Ayres, Rio Janeiro, Valparaiso and other South American and Central American cities. The general clearing house will be New York city. The company's special effort will be to facilitate exchange between all the cities of the American hemisphere and to divert to New York the very large amount of Latin-American exchange that now goes to London, Berlin and Paris.

W. H. Hunt, organizer and president of the Mexican Trust Company bank, will be president of the new corporation. Charles Francis Phillips, now president of the Corporation Trust Company, will be first vice president. The directors will include J. Sloat Fassett, Elmira; W. J. Hilands, Chicago; Julius C. Burge, St. Louis; Silas B. Dutcher, Brooklyn; Frank B. Robinson, New York, and William T. Watson, former governor of Delaware.

NO NOMINATION PROPERLY MADE FOR CONGRESS

Claim of J. H. Cunningham in His Dispute With E. F. Acheson.

HE FAVORS ANOTHER DISTRICT CONFERENCE

By WALTER J. CHRISTY, Staff Correspondent.

Beaver, Pa., Sept. 4.—James H. Cunningham is determined to defeat the re-election of Congressman E. F. Acheson, unless the gentleman from Washington will agree to go into a new district conference in which Beaver, Lawrence and Washington will have equal representation.

Cunningham says that his certificate of nomination, as well as the one filed at Harrisburg by Acheson, is defective. While he does not say so in that many words, he is apparently satisfied that the Democrats of the district will go into the Dauphin county courts and have both papers set aside. For a Republican county leader Gen. Cunningham seems to be able to keep on extremely intimate terms with the Democratic bosses. His knowledge of their plans would almost indicate that he was not a mile away when the schemes were hatched. He claims, however, to be for the whole Republican ticket, but no doubt figures that this does not include Acheson, as he expects to get him off the ticket.

Eckert Would Be Fair.

Charles R. Eckert, the Democratic nominee for congress in the district, is disposed to be fair if he is allowed to do his own thinking. To his mind it is hardly the thing to attempt to deprive the Republicans of their congressional candidate on a technicality. He admits, however, that he is ruled by the Democratic organization and may be forced to do something he would not be personally in favor of. In about 10 days he will be able to tell where he is at and what he intends to do.

Cunningham is a man of mystery. Sometimes he talks right out from the shoulder and a school boy could understand his meaning. There are other times when he wears a veil to cover the words. On the question of his candidacy he is given to screening his language, but by putting the odd ends together one gathers that it is his intention to be an independent candidate, if "his people" desire it. By "his people" he means the voters of Beaver who follow him politically, and just now he appears to be the boss. He denies that he is willing to make a deal with Acheson whereby he would get control of the Beaver congressional patronage.

Acheson Was Not Nominated.

"Acheson is not the nominee of this district," said Cunningham. "I maintain that the alleged district rules providing for the popular vote plan were never adopted. Early in the present year our organization appointed a committee to meet similar committees from Washington and Lawrence to formulate a system of nominating. We were vested with authority. When we met in Pittsburgh I found that Washington had come there without its suspenders. I suggested that the committee return and have its parent body properly clothe it. This advice was taken. It was the understanding that any rule agreed upon would have to be ratified by the respective county committees. This was not done. In our county the matter was killed as dead as a mackerel. No action of the county committee can bring it to life.

"I had a man attend the Washington county convention and the subject of district rules was not brought up. Acheson was nominated in Washington under the existing county rules and there was no at-

tempt to carry out the provisions of any of the alleged Pittsburgh rules. In this county his campaign was made under our rules. In Lawrence an effort was made to carry out the spirit of the Pittsburgh rules.

"On June 10 there was a pretense made of holding a district returning board. Beaver was not represented. It is true that on June 20 effort was made to mandamus our county chairman to force him to appoint a representative. The work of the board had then been completed and Acheson's certificate, signed by representatives of Washington and Lawrence, had been sent to Harrisburg and I suppose filed. The Beaver county convention certified my nominaton and it is just as valid as the one sent in by Acheson."

"Do you intend to attack the nomination of Acheson?" was asked.

"I will not say just what I intend to do," said Cunningham. "To my mind the Democrats will go after both nominations. I say that because I measure other men by what I would do if I were in their place. The courts have ruled that congressional districts must act as a unit. Acheson's papers are backed by two counties and mine by one. I am of the opinion that neither is valid and would suppose that the courts would so rule. Acheson cannot show that he has followed any district rules, for there are none."

"It has been suggested that the Republican county committee might be reconvened and the Pittsburgh rules adopted," was suggested to Mr. Cunningham.

"The county committee has no power," said he. "It is impossible to put life into a carcass. That rule was killed according to all parliamentary usages."

"Cannot some other method be found to make valid the nomination in the district?"

Wants a New Conference.

"I will agree to a new district conference," said Cunningham. "If Acheson is willing to go into a conference where each county will have equal standing I am ready to meet him. I have no plan to suggest, but will be satisfied with any system. If under such circumstances Acheson secures the nomination I will abide by the result. If this method is not carried out the fight will be kept up. The time for filing certificates of nomination expires September 23, and action would have to be taken before that time. I have had no intimation from Acheson that my plan meets his approval. I have not heard from him or seen him since our meeting in Pittsburgh last spring."

"In case a new conference is not held and your certificate of nomination is declared invalid, will you file nomination papers?"

"That is a question I am not ready to discuss. I must not desert my people. Whatever they want I will do. The filing of nomination papers is a detail which could be attended to on short notice."

"Your opponents say that if a meeting of the county committee is held they will be able to control it," was a suggestion made to Cunningham.

"If they know what is good for them they will not monkey with the buzz-saw. They could not control the committee in May, and I can see no reason why the committeemen should have experienced a change of heart. If any attempt is made to stir up things we may take a hand, too. There are some other high officials to be elected, and others can pass resolutions."

Not Against State Ticket.

"Do you mean that resolutions against the Republican state candidates would be adopted?"

"No, I am for the Republican ticket. I am always a Republican."

When he was asked if he meant the United States senatorship, he grew mysterious and evasive. Cunningham says it is possible that the Union party will have a ticket in this county. He also says that he believes that there will be a meeting of the county committee previous to September 23. The date could not be learned, Cunningham pleading ignorance and Chairman H. P. Brown being absent from the county.

The opponents of Cunningham are confident that they can control the county committee. There are 99 odd members, and the anti-Cunningham men say that they have over 50 votes. The rules provide that the committee can name a time and place for a meeting.

There are some people who believe that Cunningham is playing the congressional game in the hope that he can finally get Acheson to make him the dispenser of federal patronage in Beaver. It is said that Cunningham has his eye on the local judgeship and wants jobs to give out to assist him in his ambition. He says that such an offer has not been made him by Acheson, and if it is it will be refused. The refusal will not be because Cunningham is opposed to dealing. He says the custodianship of the Beaver pie counter would cause him more trouble than good politically.

RHETORIC, NOT REASON, AT READING

State Nominees of the Democracy Notified of Their Honors.

FAMILIAR TONE IN THE ORATORY

Reckless Assertions Made About Political Conditions in the State.

THE CITY'S WELCOME IS NON-PARTISAN

By CHESTER D. POTTER, Staff Correspondent.

Reading, Pa., Sept. 4.—In the presence of an audience of 3,000 in the Auditorium tonight, the candidates on the Democratic state ticket were officially informed of the action taken by the Erie convention in presenting their names to the voters of the state. All the candidates were present—Robert E. Pattison, candidate for governor; George W. Guthrie, candidate for lieutenant governor, and James Nolan, who will run for secretary of internal affairs.

Nearly every county was represented. National Committeeman James M. Guffey, owing to illness, was unable to be present, and his brother, W. S. Guffey, represented him. City Controller John B. Larkin, W. J. Brennen, County Commissioner James A. Clarke, Walker Guthrie, E. P. Kearns and W. C. Connelly were here from Pittsburgh. John B. Head represented Westmoreland, ex-Senator W. B. Dunlap, Beaver, and J. Wood Clark Indiana county.

It was a non-partisan welcome which the city of Reading extended to the visitors. Republicans joined with Democrats in assisting Chairman Ancona to create a good impression, and the reception was hearty and cordial.

Only a Pretty Holiday.

Little enthusiasm marked the events of the day. As an outing the affair was a success; as a campaign factor, it was a failure. Interviews with prominent Democrats disclosed a pessimistic feeling, the impression that Pennypacker will win being generally held.

Democrats are strong on oratory, and the meeting tonight was a feast of words—of words not argument.

County Chairman John F. Ancona called the meeting to order, introducing former State Chairman Robert E. Wright, chairman of the notification committee. Mr. Wright briefly reviewed the grievances which are troubling the Democratic party, and then introduced ex-Gov. Pattison, who enlarged upon the theme. George W. Guthrie of Pittsburgh followed, making one of his clean-cut, forceful efforts.

The candidate for internal affairs, Mr. Nolan, is not an orator. He is a millionaire who regards politics merely as a diversion. His response to the notification was brief.

After Mr. Guthrie had finished Charles B. G. Austin, chairman of the legislative committee of the railroad employes of Pennsylvania, notified the candidates of their indorsement by that committee at its recent meeting in Harrisburg.

Pattison on Party Integrity.

Mr. Pattison, in replying to the Democratic notification committee, said: "The supreme question before the people today is the preservation, unsullied and unbroken, of the fabric of honest legislation and administration." He took up the question of the integrity of party organization, and said it is "the imperative demand of all patriotic men that political organizations shall represent and illustrate the integrity of political faith: that they shall be controlled and directed, not by their worst, but by their best elements. We must maintain this basic principle or popular government cannot continue. Candidates for public office must be honestly selected without undue influence or the use of corrupt means to defeat the popular will."

After taking up the question of ballot reform, the gubernatorial candidate said:

Upon no class of our citizens has the evil of political machine domination borne more oppressively than upon the farmer. The farmer has been taxed greatly in excess of his just proportion for the support of government. In some localities the possession of land has become a burden instead of a source of profit. The demand for relief has been denied. The appeal of the agricultural interests through the formal action of a great number of farmers' alliances and the earnest representation of facts in the columns of rural journals, have all been in vain.

Ex-Governor Sees a Lesson.

The issues of the campaign are clearly defined. The deplorable facts recited and the history of public affairs in Pennsylvania for many years, teach an impressive lesson. It has been shown over and over again that selfish, corrupt and tyrannical misrule debases citizenship, degrades the state and defies correction. It can only be overthrown when, under the spur of an aroused public conscience, the people intelligently and vigorously unite for the redemption of government and the restoration and maintenance of their just rights. Fidelity to the true principles of popular government must result in vindication of the steadfast friends of honest administration of every public trust.

The former governor then touched upon the promises made by the Republicans, and said every one of their pledges have been systematically violated. Continuing on this subject, Mr. Pattison said:

The betrayal of public interests never was so shameless as during the last two sessions of the legislature. There never was such a corrupt use of money, so much legislative debauchery, so little effort made to currect crying abuses and to purify the public service. Favored contractors have reveled in fat things, dividing their ill-gotten gains with powerful political official patrons. Valuable public franchises have been appropriated without compensatory returns to municipalities or the state.

The incorruptible freemen of the Keystone state are weary of shame; they have had their fill of illusions. They demand the restoration and maintenance of cleanliness, honesty and efficiency in all departments of local, municipal and state government.

Sore About Union Split.

In referring to the turbulent scenes at yesterday's Union party convention, Mr. Pattison said:

The right of free assemblage and free speech and unfettered action in connection with public affairs is a fundamental American principle. To seek to abridge or destroy this privilege is to aim a deadly blow at self-government; but to the corrupt and tyrannical political autocrat of our time and his base hirelings, nothing is sacred. In order to carry out their own purposes they trample upon the laws, brutally override peaceful citizens and even murderously assail those who courageously declare their loyalty to law and order and manfully defend the rights guaranteed to every one by the Constitution.

They make elections a mockery, party conventions the perilous scene of disorder and riot, and then have the supreme audacity to demand that the courts shall sustain them in their infamous work. They substitute the bludgeon for the ballot, the blackjack for honest credentials. They scoff at decency and scorn righteous public criticism. They compel the independent citizen who determines to act according to the dictates of his own conscience, to take his life in his hands when he goes to the convention hall or to the polls.

All this occurred in the city of Philadelphia yesterday, when law-abiding citizens from all parts of the state met in convention and sought rightfully to express the will of the people whom they represented.

We believe the time has come when the freemen of this great commonwealth will no longer submit to this degradation, to this consuming curse upon their state; when they will unite with heroic courage and invincible strength to strike down and crush forever the powers of darkness that have so long and so deeply disgraced Pennsylvania.

Reply to Railroad Men.

In acknowledging his indorsement by the state board of railroad employes Mr. Pattison said:

To the citizens enlisted in the cause of good government, sympathy and support from every source is always most welcome. There are times when such assurances are of double value and there are certain elements the cooperation of which is absolutely necessary to success. Nothing could give greater satisfaction and encouragement than the message you so kindly bring, telling of the patriotic action on behalf of an organization of faithful workers for whom I have always had the very highest regard.

Mr. Guthrie, in accepting his nomination for lieutenant governor, severely arraigned the Republican party of the state and its methods in the last legislature. He advocated ballot reform and spoke of the urgent need of purification of all departments of the state government. In conclusion Mr. Guthrie said:

Mr. Guthrie's Peroration.

There is no human right as precious as liberty, there is no private interest as important as good government. To the defense of these great objects every true citizen is bound to freely give every faculty of mind or body which he may possess.

In order that we may fully enjoy this liberty, our most precious right, and preserve for ourselves and those who come after us the blessing of good government, we must free our states from sham primaries, corrupt conventions, an unfair and unequal ballot, an unjust and unconstitutional apportionment of the legislature, which takes the control from the majority and gives it to the minority, and an election system which encourages fraud by its failure to provide any reasonable means for its prevention, detection and correction, for while these prevail self-government does not exist, and we must drive from power the men who corrupt legislatures, traffic in legislation, and use public power, not for the benefit of the people, but to advance their own private interests.

To promote these great and important measures and to free our state from the power of the men who have dared to usurp its government by fraud and to prostitute their ill-gotten power to dishonest ends, I am willing to devote whatever faculties God has given me!

The members of the notification committee in attendance were John H. Keenan, Thomas J. Ryan, Matthew Dittman, Thomas Delehanty, A. H. Ladner, Charles P. Donnelly, Philadelphia; O. B. Dickinson, Chester; James N. Ermentrout, Reading; William W. Hensel, Lancaster; W. Hayes Grier, Columbia; Vance McCormick, Harrisburg; Edward Harvey, Allentown; S. P. Light, Lebanon; Howard Mutchler, Easton; H. Frank Ralston, Chester Springs; Frank J. Fitzsimmons, Scranton; John H. Garman, Nanticoke; Laird H. Barber, Mauch Chunk; Asa S. Keeler, Tunkhannock; T. W. 2,000 MORE VICTIMS OF MONT PELEE

Continued from First Page.

Pelee, Martinique, on the evening of August 30, in describing the terrific grandeur of the spectacle, says a pitch-black cloud hung over the island, through which shot at intervals pillars of flame high in the sky, which broke in fantastic forms of colored fire and scattered as showers of fiery sparks. About nightfall clouds were darting about like millions of monster fireflies, and above all those large aureoles appeared the sky.

There were tremendous earth rumblings and explosions. The ground rocked and nothing could stand on tables or shelves. Boats for St. Pierre were unable to reach the town owing to the fall of hot ashes, and a tidal wave destroyed the whole of the sea front of Le Carbet.

On the 30th the sky was again hidden by a similar cloud lit up with luminous spots of lightning. The rumbling noises continued for over two hours.

Tidal Wave at Grand Anse.

A tidal wave entered Fort-de-France for a distance of about 60 feet from the shore, destroying and washing away planking and jetties. This tidal wave did greater damage at Grand Anse on the north shore of the island, where several houses were destroyed. The fear-maddened people of Grand Anse fled toward the hills.

The German steamer Castillia, which arrived at Kingston from St. Thomas, D. W. I., today, reports encountering a heavy fall of volcanic dust while 800 miles at sea. She also reports that the coast of Haiti was completely obscured by a haze caused by dust.

Morne Capote was much damaged and flames surrounded Morne Parnasse, but stopped at the St. James house. Basse Point heights were burned.

Fears for Fort de France.

PARIS, Sept. 4.—The minister of the colonies, M. Doumergue, in placing $100,000 at the disposition of the governor of Martinique, M. Lemaire, to relieve the distress in that island, has urged the governor not to congregate refugees at Fort de France, but to distribute them in the south, where their necessities can be most easily supplied.

Recognizing the danger of a tidal wave at Fort de France, the colonial minister has instructed Gov. Lemaire to adopt all the measures necessary to enable the inhabitants to immediately evacuate the place in case of necessity and seek refuge on the heights above the town, where food depots should be established.

The minister has also recommended the establishment of observatory posts whence the least signs of fresh outbreaks of Mont Pelee can be immediately reported to the authorities.

NEW YORK, Sept. 4.—Gustav Schwab, chairman of the committee having charge of the distributing of funds collected for the relief of sufferers from the Martinique disaster several months ago, sent the following cable dispatch today to Gov. Llelewyn, St. Vincent: "Does recent disaster require further aid to your island of Martinique? If so, of what nature? Cable to Martinique not working."

WESTINGHOUSE WEDDING.

Niece of H. H. Westinghouse Bride of C. W. Stone of Schenectady.

ROCHESTER, N. Y., Sept. 4.—(Special.)—The most elaborate wedding ceremony that has taken place in Seneca county this season was celebrated at the country home of H. H. Westinghouse on the shores of Cayuga lake, near Kidders Landing, today at noon.

The contracting parties were Mr. Westinghouse's niece, Miss Harriet Anna Westinghouse, and Charles Waterman Stone of Schenectady. The Rev. William E. Griffis of Ithaca performed the ceremony. A large number of guests were present from New York, Syracuse, Philadelphia, Pittsburgh and other cities.

KILLED WHILE SLEEPING.

Young Greensburg Man's Neck Broken by a Fall.

GREENSBURG, PA., Sept. 4.—(Special.)—George Fisher, a young man residing near Boliver, this county, met a tragic death yesterday evening.

He climbed up on a flat roof over the entrance to his home and fell asleep. Some time later a companion came to awaken him, when Fisher started up suddenly, lost his balance and rolled from the roof over a steep embankment into the river. When his companion reached his side he was dead, his neck having been broken by the fall. He was 23 years old and a son of Albert Fisher.

DISAPPEARANCE OF FRED SHAFFER IS MYSTERIOUS

Brother of the President of the Amalgamated Association Is Missing.

HIS LAST STRANGE REMARK

Came from Waynesburg, Where He Had a Good Position, to Spend Labor Day With His Mother—Saw Her Pastor Coming and Then Left.

The aged mother of T. J. Shaffer, president of the Amalgamated association, is lying in a distracted condition at her home, No. 5470 Rosetta street, over the mysterious disappearance of her son, Fred M. Shaffer, who left her home on Sunday night and has not been heard of since. The police all over the country have been notified, but at a late hour last night no word of his whereabouts had been reported to the Central police station.

Shaffer's departure was most strange and unusual. He was sitting with his sister on the porch, and as he saw the pastor of his mother's church coming toward the house, he got out of his chair and said: "Here comes the pastor; he will look after you and the children." He then left the house and nothing has been seen of him since.

Fred M. Shaffer lived at Waynesburg and is a widower. His four children live with his mother and sister in Rosetta street. He is employed as a boss roller in the mills at Waynesburg. On Saturday night he left that place and came to Pittsburgh to spend Sunday and Labor Day with his mother. He remained at her home during Sunday.

Sunday evening he was sitting with his sister and seemed to be in his usual good spirits. He talked of the celebration of the various labor organizations on Monday. Later he became moody, and when he saw the family minister coming to the house he got up and spoke to his sister in a laughing manner, as stated.

His sister thought his remark was rather strange, but paid no attention to him. She went to church that evening and expected to find her brother at home on her return. He failed to appear at midnight, and the family became uneasy. The next day his brother, T. J. Shaffer, went to the Central police station and left a description of his missing relative, which has been sent all over the country.

Mrs. Shaffer, who is old and feeble, is distracted over her son's disappearance. She is constantly inquiring for him. She suspects that he has met with some foul play. Her sons and grandchildren are constantly attending her.

Fred M. Shaffer is a large man, about 45 years old. His hair is slightly gray, and when he left home he was dressed in a dark cloth coat, white vest and wore an elk tooth emblem. He had $40 in his possession when he departed, and it was mostly in small bills.

It was reported at his mother's home yesterday that he had been seen in Waynesburg. This report was not confirmed by his brother last night.

FLEET PREPARES TO POUNCE UPON NEWPORT

Made a Second Attack on Fort Wright Late Last Night—Report on the Brooklyn.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW LONDON, CONN., Sept. 4.—The second naval attack upon Fort Wright now in progress seems to indicate that Newport is to be assailed early in the morning by the ships under Admiral Coghlan. The forts are fully advised of the movements of the attacking fleet.

The following message was received at headquarters at 10 o'clock tonight: "Brooklyn and Olympia are attacking Fort Wright. Fort replying."

This message was received at headquarters at 9:30 o'clock tonight from Fort Adams: "District adjutant just reports from Fort Adams heavy attack being made from rear fleet, it is believed near Prices Neck."

From Prospect hill, Fishers island, at 9:30 o'clock tonight this message was received: "Four vessels are moving rapidly from the east toward Fort Wright. Three in rear have lights extinguished. They were about 10,000 yards distant."

Montauk was attacked by the ships this morning. The Mayflower appeared in Fort Pond bay at 5 o'clock. She was followed by the Panther and Supply. The officer in charge reported that the ships were too far off shore for the shots to reach and that he was not constructively out of action.

At noon Maj.-Gen. MacArthur sent the following daily report to the adjutant general at Washington:

Fort Rodman was attacked at 8 a. m. yesterday by the Brooklyn, Olympia, Puritan, Mayflower, Montgomery and Aileen. Fire commander claims all ships except the Puritan were put out of action. A landing party was attempted and repulsed. Ships remained in the vicinity of Fort Rodman all day. The battleships returned to Block Island after attack on Fort Wright, where they remained until early this morning, when they were reported off Narragansett pier, about 4 miles out at sea.

Three of the enemy's fleet bombarded Montauk Point and landed marines about 9 o'clock this morning to capture signal station there. All movements of enemy's ships are promptly reported and his movements covered during the past 24 hours.

Admiral Coghlan has reported to Washington the accident to the Brooklyn yesterday, when she struck an uncharted obstruction. He does not consider any person to blame, but has ordered an investigation. He recommends that the cruiser be docked and examined.

Admiral Higginson has combined his heavy fighting squadron with the cruisers squadron of Rear Admiral Coghlan and tonight at 8 o'clock all the large vessels were at anchor off the entrance or inside Great Salt Pond harbor. The men apparently are tiring of the mimic warfare.

The navy failed to make its daily capture of the signal station today.

The Brooklyn's damage is not considered serious, as she made 12 knots an hour very well in going to Block Island from New Bedford.

Col. Drake's Body Removed.

TITUSVILLE, PA., Sept. 4.—(Special.)—The remains of Col. E. L. Drake, who first drilled for petroleum in Western Pennsylvania, were brought from Bethlehem, Pa., where he died in 1881, to this city today, and were interred beneath the costly monument erected to his memory last fall.

Secretary Root Starts Home.

MOTHER KILLED: CHILD ESCAPES

FORBES STREET WOMAN STRUCK BY A TRAIN ON B. & O.

She Was Ground to Pieces by Engine, While Infant She Was Carrying Was Almost Unhurt—Another Railroad Victim—Eleven Coroner's Cases.

Mrs. Mary Kelly of No. 2415 Forbes street, was struck by an east-bound train on the Baltimore & Ohio railroad near Brady street, last evening, and instantly killed. An infant that she carried in her arms escaped with slight injuries.

Mrs. Kelly, it is said, paid no attention to the fast approaching train. She was ground beneath the wheels. The child was hurled high in the air. Its only injury was a slight scalp wound. The little one was removed to Mercy hospital.

Thomas J. Laur, aged 67, who lived at No. 327 Lincoln avenue, was struck by a Pennsylvania railroad train at Swissvale last evening and died in the West Penn hospital at 9:30 last night. He was employed at the Union Switch and Signal Company's plant and was on his way home when hurt. His wife had prepared supper, but during the preparation of the meal had a premonition that something had happened to her husband, as he was later than usual. When she received notice of the accident an hour or so later she was already in tears.

William Reardon, aged 30 and married, of Kerr street, Allegheny, died at St. John's General hospital at 4:45 p. m. yesterday. He was a conductor on the Brighton road division of the Pittsburgh Railways Company. Shortly after noon the trolley wire broke at Brighton road and Woodland avenue. Reardon and his motorman climbed a pole to help the lineman repair the break. The rope Reardon was pulling broke, he fell about 15 feet and sustained a fracture at the base of the skull.

Homer A. Grim, a bridge painter of Pataskola, O., died yesterday at the Allegheny General hospital of injuries received earlier in the day by falling 100 feet from a bridge on which he was working at Cheswick. Grim was employed by the Pittsburgh & Bessemer Railway Company.

John Burcheir of No. 3832 Liberty avenue died at St. Francis hospital last evening from being burned several days ago by the blowing out of a cylinder head at the Twin City brewery.

The coroner was notified yesterday of the death of Wilbert Clay at the Laurel Hill mine No. 1 near McDonald. He was 14 years old and was caught by a fall of slate.

Harry, the 15-months-old son of Henry Sigler of No. 210 Bell avenue, North Braddock, accidentally upset a tub of hot water on himself late Wednesday and died early yesterday morning.

Thomas McClelland, 35 years old, a teamster, who fell from a third-story window at No. 1521 Penn avenue Tuesday evening, died yesterday morning at the West Penn hospital.

Elmer Warner, 16 years old, died yesterday morning at the Homeopathic hospital from scalds received in an Allegheny mill.

Margaret Reilly, 6 years old, daughter of John Reilly of Glenmawr avenue, Sheraden, died Wednesday afternoon from burns received while playing about a bonfire.

The body of an unknown young man was found in the Ohio river at the foot of Chartiers street, Allegheny, yesterday morning.

DELEGATES DISGUSTED.

Union Party Men Back from the Convention Say That Their Party Is Badly Shattered.

Many of the Union party delegates from this county returned yesterday from the convention at Philadelphia. Nearly all of them seemed disgusted and complained bitterly of the actions of the Philadelphia police. The consensus of opinion among the local delegates was that which ever indorsement the courts finally uphold the influence of the party has been badly shattered by the unseemly performance at Philadelphia.

Nominations papers were filed at Harrisburg by both the Pennypacker and Pattison factions in the party, and the matter will be decided by the courts.

H. S. Paul, chairman of the Allegheny county committee of the Union party, said: "The convention was the most disgraceful affair of the kind I ever witnessed. I really have no idea why there was such great effort made by the two parties to get possession of the Union party."

HOW TO SELECT A PIANO

Experience Not Necessary.

Pittsburgh, September 5.—Few people realize the importance in the selection of a piano for their home. It means a companion for a lifetime. If it becomes harsh or "tinpanny" in tone, you will always be dissatisfied. If you select a world-renowned make, like the genuine Chickering or the old reliable Hardman piano, you are sure to have a standard make with a sweet, singing, poetic and mellow tone that will last a lifetime. These pianos are sold only by Frederick's Reliable Music Store, 633 Smithfield street. Also 10 other reliable makes at reasonable prices. Art catalogue free. Largest selection of pianos in Pittsburgh. Entire building. Bargains in used Chickering, Hardman, Steinway Baby Grand and Upright Pianos. G. Schroeder, Mgr.

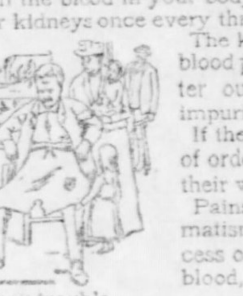
Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.



The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

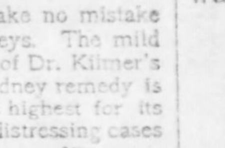
If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.



Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

New Waists for Autumn.

Many of the exclusive creations are here now and will not be shown later. Autumn waists are arriving almost hourly, new materials, and, probably more interesting news, the newest fashions.

We've rather decided ideas on waist-making, and turn many fabrics of our own personal selection over to the best waist-makers in America, who carry out many original ideas, thus making it possible for us to offer something different and superior to the ordinary run of ready-to-wear waists.

The separate waist is a factor in imparting variety to the toilet. Every woman who studies dress will include in her wardrobe several of the newer creations.

And we admire her for her astuteness.

Of the two divisions of dress waists we have

SILK WAISTS of taffeta, peau de soie, peau de cygne, either plainly tailored or elaborately embellished with stitching, cording, tucking, embroidery or lace. A price range that adapts itself to the condition of all purses—$5 to $35.

SHIRTWAISTS in all the new fabrics that *are* new in every meaning of the word: Basket cloth, butchers' linen, cheviots, fine French flannel, velvets, brilliantines, prunella cloth, crepe cloth, and many other materials. This range of prices: $1.50, $2.50, $3, $3.50, $5 and by about the same steps to $10.

New Norfolk and Blouse Suits.

The new Blouse Suit is conceded by all fashionable women to be the most charming model ever brought out.

The graceful long lines, the pretty postillion back, the dashing Paquin front, make it the garment *par excellence* for all figures.

Add to this the great compass of cloths—new cloths such as camel's hair in panne effect, pin check or snow spot mixtures, the combination of Scotch tweed with the French trimming, or the new weave in plain cheviot, and we have at once the ideal suit.

The skirts also show the result of much clever planning, notably in the tight hip and flare bottom pattern.

$18, $20, $25 and up to $50.

And that blending of high-class tailoring with fine cloth, forming the consummate standard of this store, is apparent in every garment.

Boys' School Clothes.

Short trousers suits in new double-breasted styles, specially made for us and called the "Joseph Horne Co. Special," are sold for the popular price of $5. All the plain and fancy cloths that boys like.

A tip top Dress Suit will cost boys a little more money—say $7, and from that along to $15.

Young men off for their college can be fitted out as completely here as they could at the most fashionable tailors. They can get just as perfect fit, just as much style, just as good cloths, and the cost will be very much less. $10 to $30, and every style that young men wear.

Tuxedo Suits are particularly popular with college boys. We have them of black, thibet and foreign crepe cloths, and the prices will be found right for suits having so much style in them.

The question of the Top Coat is an important one. The tendency is to the long sack, but many young men prefer the nobby short coat. Others, again, affect the paddock, and we must say we admire their taste, for of all the dressy top coats for young men the paddock is the most sightly.

Girls' School Shoes.

Very few girls care to wear a shoe costing less than $3. For that price we have every style that the young people like. And that's saying a big lot in a few words.

As for boys, their shoes have a tendency to withstand all kinds of boyish sports. They are built for strength as well as perfectness in fit. Every size in this range of prices: $2.50, $3 and $3.50.

The Matter of Handkerchiefs.

Girls, especially those going away to school, want a good supply. And we know of no place where there is so much variety as right here in our big Handkerchief Department of the annex.

Good enough Handkerchiefs for anybody for 10c each. As pure linen as you will find in any handkerchief. Not as fine, though.

And there are the Initialed Handkerchiefs. Can sell you a real fine Handkerchief, with hand-embroidered initial, for 25c.

For Fancy Handkerchiefs we commend those known as rock-spun silk. More combinations of colors than we could describe. They will only cost you 25c.

To Amateur Photographers.

This afternoon from 2 to 5 o'clock an invitation to all kodakers is extended to witness a demonstration of the new DAYLIGHT DEVELOPING AND FIXING MACHINE. The machine will be operated by a representative from the Eastman Kodak Co., and the demonstration will take place in the first floor Kodak Department.

M'DONALD FAIR HAS SURPRISES

Rough Rider Cameron Undertakes the High Water Leap With His Horse.

ROPE WALKER GETS A FALL

[SPECIAL TELEGRAM TO THE GAZETTE.]

M'DONALD, PA., Sept. 4.—Notwithstanding the threatening weather, the second day of the McDonald fair was a success. About 7,000 people were present and a number of new features added. The races were exciting and pleasing.

There was one accident, when Prof. Laville, who had walked the tight rope over Niagara 21 times, today fell at an elevation of 42 feet, sustaining injuries that the physicians at first thought would prove fatal. Later he revived and it is now thought he will recover.

Considerable excitement was caused just after the horse dived from the 32-foot tower. Charles Cameron, who was one of Roosevelt's rough riders, and one of the most daring horsemen in the state, announced to the officials that he would take his own horse up the tower and jump both the horse and rider into the water on a wager of $100. This offer, when made known to President Bogera, was at first refused. The board of directors was hurriedly gathered together and decided to allow Mr. Cameron to take the chance, provided he would not let it interfere with the other attractions. This Cameron assured them would be arranged satisfactorily and the jump is scheduled to be made at 1 o'clock Friday.

The evening performance was highly entertaining. The grand stand was filled to overflowing both afternoon and evening. Every lodging house, hotel and many private homes are full. Oil men are here from every field east of the Rocky mountains.

The races today resulted as follows:

Free-for-all pace, mile heats.

LONG LOST CHILD FOUND.

Father in Michigan Finds His Daughter in Wheeling After Eight Years' Search.

WHEELING, Sept. 4.—(Special.)—John Evans, a well-to-do hotel proprietor of Allegan, Mich., who has been searching for a missing daughter for eight years, found her in this city, where the police have had charge of her for four weeks. She was placed on a train today and sent home to her father.

Twelve years ago, when her mother died, her father was in poor health and was expected to follow her in a few weeks. Pearl and two other children were placed in an orphans' home. The other two are now with their father. Pearl was adopted by a family named Bradshaw and the Rev. Mr. Bradshaw of Oberlin college is her foster brother.

After the death of Mrs. Bradshaw she went with another family and on account of alleged ill-treatment ran away to Toledo. She did not know her name, but had heard that a lawyer named Shreve in Wheeling was her uncle. She was sent here and the Shreves were found in Martins Ferry. Her father read an article in a Toledo paper concerning the girl and through it was enabled to trace her to Wheeling. The Bradshaws are relatives of Mrs. William McKinley, wife of the former president.

COLUMBUS WON.

Ohio Elks Elect Officers and Have Carnival in Newark.

NEWARK, O., Sept. 4.—(Special.)—The state convention of the B. P. O. Elks convened in this city today. The Elks are holding a carnival here and thousands of Elks are in the city, large delegations being present from Columbus, Coshocton, Urichsville, Zanesville, Lancaster and other points. This afternoon there was a parade over a mile in length, after which the state convention was called to order by the state president, C. S. Wright of Sandusky.

There was quite a contest over the next state convention, but Columbus won. Coshocton lodge won the $100 prize, having the largest per cent of its membership in attendance. Officers for the ensuing year were elected as follows: President, E. H. Archer, Columbus; vice president, J. H. King, Marietta; secretary, A. C. Holland, Marion; treasurer, G. M. Henry, Steubenville; sergeant at arms, J. P. Lamison, Lima; committee on constitution and by-laws, E. P. Brister, Newark; Mike Rian, New Philadelphia; E. A. Alderman, New Philadelphia; John Ferguson, New Lexington; C. T. Wright, Sandusky.

Washingtonians to Wed.

WASHINGTON, PA., Sept. 4.—(Special.)—The announcement of the approaching marriage of Miss Rose Lemoyne to Dr. George M. Kelly was made public today. Owing to the popularity of both Miss Lemoyne and Dr. Kelly this wedding, which will take place some time in October, will be a notable one. The Lemoyne and Kelly families are both well-known old families of Washington, Miss Lemoyne being a daughter of Julius Lemoyne and a granddaughter of the late Francis Julius Lemoyne. Dr. Kelly is the only son of the late Dr. George Kelly and one of the most prominent young physicians in town.

Wabash Engineers Assaulted.

TORONTO, O., Sept. 4.—(Special.)—Five civil engineers running a line for the Wabash railroad entered the grounds of Thomas Stark today. When ordered off they refused to go. In the melee that followed Engineers Lemmerman and Hazelep were injured by Stark, who was armed with a whetstone and scythe. Lemmerman's lip was cut and his clothing torn. Each party claims the other first assaulted.

Holiness Camp Meeting Opens.

NEW CASTLE, PA., Sept. 4.—(Special.)—The annual interdenominational holiness camp meeting began at Cascade park this afternoon, and will continue 10 days. Three sessions will be held daily. Among the noted workers who will take part are the Rev. and Mrs. J. M. Harris of Chicago, the Rev. H. C. Morrison, vice president of the Holiness association, and Miss Olive Marshall of Cincinnati.

Department Store Failure.

HARRISBURG, PA., Sept. 4.—Edgar Veinstein & Co., proprietors of a large department store, have made an assignment. The liabilities are given at $117,000 and the assets $60,000. The firm has been in business 50 years. The creditors number 200, the largest being in New York and Philadelphia.

Pittsburgh Gets Contract.

NEW CASTLE, PA., Sept. 4.—(Special.)—The plant of the Baker Steel Car Forge Works at Ellwood is to be enlarged. Two buildings, one 80x120 feet and one 60x112 feet, are to be built. A. C. Frey of Pittsburgh, has the contract.

FOUND FORTUNE IN OLD PAPERS

Valuable Section of Land in Arkansas Claimed by a New Brighton Man.

[SPECIAL TELEGRAM TO THE GAZETTE.]

BEAVER FALLS, PA., Sept. 4.—In looking over some old papers several months ago J. W. D. Smith, a butcher of New Brighton, came across an old patent for a quarter section of government land in Arkansas. The patent had descended in the Smith family since 1833 and had long been forgotten by the present Mr. Smith.

The patent is signed by President Jackson. It was granted to Mary Smith as a bounty to William Smith, Sr., for valuable service in McFarland's company, Twenty-second regiment infantry, during the war of 1812, and calls for 160 acres of land in what is now Faulkner county, Arkansas. Mr. Smith, who is the grandson of Mary Smith and the only heir living, took the document to his attorney, Maj. G. L. Eberhart of Beaver Falls, who forwarded it to Faulkner county and had it put on record.

Today Maj. Eberhart got a letter from the attorney to whom he had forwarded the document, enclosing a certificate of record and stating that the land is occupied by other tenants and is of immense value, being located in a thickly populated district. Smith's attorney is taking steps to oust the present occupants or effect a settlement with them.

DONORA RAILROAD SUED.

Claim That It Has Not the Right of Eminent Domain.

WASHINGTON, PA., Sept. 4.—(Special.)—Proceedings in equity were commenced here today by A. D. Scott of Donora against the Donora Southern Railway Company and W. H. Donner, A. W. Mellon, J. W. Williams and John F. Lent to prevent the railroad company from laying its tracks over the streets, alleys and lots in the town of West Columbia.

Scott alleges in his bill that the company was formed for the express purpose of evading an order of the court restraining the Union Steel Company from laying the tracks, and that the new railroad is to be used solely for the purpose of connecting the two plants of the Union Steel Company and will not be for the public. For that reason it has not the right of eminent domain.

BURGLARS SENTENCED.

Judge Wallace Administers Severe Punishment to New Castle Thieves.

NEW CASTLE, PA., Sept. 4.—(Special.)—Frank Taylor and John Scott, who pleaded guilty to the burglary of the Porter and Arms stores of Pulaski, were today sentenced by Judge Wallace to four years in the penitentiary. Their 14-year-old companion, Frank Mickley, goes to Morganza.

Frank Feely, alias Frank Mulvey, a noted Chicago robber, who pleaded guilty to burglary after being captured here by Mrs. Charles Hayes in her home early one morning, received three years. Mrs. Hayes descended the stairs and saw Feely rifling her pocketbook. She grappled with him and held him until assistance arrived.

Overtaken Seeing the World.

NEW CASTLE, PA., Sept. 4.—(Special.)—James Kissick of Bennett, Pa., arrived here this morning in search of his son, Elmer, 14 years old, who ran away from home three days ago. He was found by the police at the home of Eldon Granror of East Division street. He left for home with his father. Elmer said he wanted to see the world.

Cigarmaker a Suicide.

ASHTABULA, O., Sept. 4.—(Special.)—William Zuber, aged 40, a cigarmaker, took poison last night and died. The body was shipped to Corry for burial.

"NEWSIES" HIS GUESTS.

Kellar, Once a Newsboy Himself, Entertained 60 of Them at the Alvin.

Just 60 "newsies" from the Newsboys' home were the guests of Magician Kellar at the Alvin theater last evening. Kellar was himself a newsboy in New York and his interest in the boys remains. The guests occupied front seats in the gallery. Their behavior was above reproach and they showed their pleasure at the hospitality by presenting to their host a fine bouquet, with a note of thanks, which Kellar read to the audience.

In a little address to the boys Kellar said that almost every American who has attained success has reached it only by hard work against difficulties, and that each of the boys had the making of a great man if his energies were rightly used.

POSTMASTER IS FOUND DROWNED

Left Home at Night to Go to a Country Saloon, but Did Not Arrive.

MONEY AND WATCH GONE

[SPECIAL TELEGRAM TO THE GAZETTE.]

PARSONS, W. VA., Sept. 4.—H. H. Sayers, postmaster at Hambleton, in this (Tucker) county, was drowned in Black Fork creek at Hendricks, three miles from here.

Sayers disappeared from Hambleton about 10 o'clock last Saturday night. At that hour he started for Gillespie's saloon, a half mile from Hambleton and a few rods from the place where his body was found. From that time until found by the boys no one knew where he was.

There is some suspicion of foul play, as all the money and the watch he was thought to have were gone, and there was a slight wound on his forehead. This he may have received in falling over the bank into the river.

He was well known in political circles and leaves a family.

An examination of the body tonight indicates that the wound in Sayer's head may be a bullet hole. Some of his friends believe that he was murdered by negroes, of whom a rather tough gang is working near the scene of Sayer's death. The postmaster leaves a widow and five children. His domestic life was pleasant, he was temperate and in good condition financially.

Today (Friday) Is the Last Day OF THE Clearance Sale OF Fine Furniture

And inasmuch as this IS the last day of this clearance sale of odd pieces and samples it behooves customers to improve the remaining hours. We always limit these events to three days. The time is short, but the opportunity is great.

Although customers have thronged the store since the sale started on Wednesday, the list of noteworthy pieces at reduced prices is still large.

The articles included in this clearance sale are worthy of the most elegant home. They are being sold at reduced prices for no other reason than that it is the policy of this establishment to dispose of all odd pieces and samples semi-annually. Are you interested?

WABASH CASE WILL GO TO THE SUPREME COURT

City Solicitor Will Test the Decision Handed Down by Judge McClung.

FRANCHISES NOT NEEDED

The Local Courts Say That City Councils Cannot Prevent Railroads From Entering the City Limits. An Early Decision Is Wanted.

City Solicitor Thomas D. Carnahan and the city government of Pittsburgh now have full rein in taking to the supreme court the injunction case of the city of Pittsburgh against the Pittsburgh, Carnegie & Western Railroad Company, and to determine whether the city can bar from its corporate limits any railroad. Judge S. A. McClung yesterday refused to modify his decree by which he declined to restrain the Wabash from building an abutment on the Pittsburgh wharf. The city can now appeal.

It was learned yesterday that City Solicitor Carnahan has placed the matter in the hands of Assistant City Solicitor W. A. Blakeley, with instructions to get the appeal before the supreme court as soon as possible, and get an early hearing of the case. The city will endeavor to get the supreme court to hear the arguments this fall if it is possible, and as the Wabash is also interested it is believed that Attorney A. M. Neeper, for that road, will join with the city in asking the court to grant them an early hearing.

Given a Year Ago.

The decree which was made absolute yesterday by Judge McClung was handed down by that judge over a year ago. The city sought to restrain the Wabash from constructing an abutment on the Pittsburgh wharf to be used for the Monongahela river bridge. In making the decree at that time Judge McClung said that he seriously doubted whether the city could restrain the Wabash from entering the city, or in other words, he did not believe that the city could refuse any franchise to any railroad. This opinion was considered a remarkable one at the time, as up until that time there seemed to be doubt that it rested absolutely with the councils of the city whether a railroad should enter.

Several months ago Judge Marshall Brown expressed the same opinion in the case of Samuel Peyton against the Pittsburgh, Carnegie & Western. This unanimity of opinion on the part of two judges of the local courts aroused the city to action, and the law department of the city is now anxious to know whether it has any right over the railroads which may seek to get Pittsburgh franchises.

Decree Made Absolute.

But as the former decree of Judge McClung was not absolute, there was no way to get it into the supreme court, as the city would have had no standing on that particular question. Mr. Carnahan turned the matter over to Mr. Blakeley. The latter opened negotiations with the attorneys for the Wabash, with the object of getting Judge McClung to make the decree absolute without any opposition on the part of the Wabash representatives. It appeared for some little time as though such an arrangement would be made, but the Wabash attorneys finally decided to fight. The case was argued before Judge McClung some time ago; yesterday he made his decision. The decree is made absolute and the city will at once take it to the supreme court.

The Wabash took the stand for some time that under the opinion of Judge McClung and Judge Brown it did not need a franchise, and President Joseph Ramsey was not slow to say that he would not spend a cent to get the city councils of Pittsburgh to give him a franchise. That position has now been abandoned by the Wabash, as President John S. Lambie of select council says he has in his office ordinances granting a franchise to the Wabash and which he expects to present at the meeting of select council on Monday. These ordinances contain a clause providing for remuneration for the franchise. Under this condition not a member of councils who could be found yesterday afternoon doubted that councils would at once grant the franchise.

SHRINERS PICNIC.

Arab Patrol of Syria Temple Had an Outing at Kennywood.

The Arab patrol of Syria temple of the Ancient Order of Nobles of the Mystic Shrine held its second annual outing and picnic at Kennywood park yesterday afternoon and evening. It was attended by about 3,000 members with their wives and families. The first event on the program was a baseball game between the single and married members of the patrol. The new brass band of Syria temple, which was organized three weeks ago, was stationed in the center of the grand stand and during innings discoursed popular airs. To the rear of the band was a colored quartet, which entertained the spectators with some excellent singing during the game.

The ball game was fiercely contested, and many sensational plays were made by the married team, such as "muffing" balls, striking out and falling before bases were reached. The game was greatly enjoyed and caused much amusement. It was finally won by the single men by a score of 10 to 5. At the close of the game a greased pig was brought to the center of the grand stand. About a dozen members of the temple lined up and the shoat was turned out of the crate. He was well conditioned and an exciting race followed which set the spectators roaring with laughter. Up and down the large grounds the pig ran amid the cheers and yells of the crowd. Several times he was within the grasp of some of his chasers, but always managed to slip from them until he was finally caught and held by C. W. Kreiling, who became his owner. As Mr. Kreiling is engaged in the butchering business the shoat will now be turned into pork chops and sausage meat.

The excitement caused by the pig race had hardly subsided before a sack race was announced. Five stalwart nobles of the temple were incased in large sacks and were started by the announcer. The race caused almost as much amusement as the pig race. It was won by Noble Charles T. Moore in a canter. At the close of this race the spectators left the ball grounds for the lake and lined up along its shores to witness the boat race between Nobles H. W. Cromer and C. W. Kreiling. Two large skiffs were used. Both nobles were attired in rowing costume, but it was soon seen that they were not adept oarsmen.

A good start was made from the head of the lake, but before Kreiling had gone 100 feet he almost went backward into the lake. It was the decision of the crowd that Kreiling's oar lock had been tampered with by his opponent, and cries of "foul" were raised. This was allowed by the referee and a fresh start was made. Cromer was the unlucky man on the second start, as he almost fell out of the skiff while trying to get ahead of Kreiling. The race was so close that a decision likely will not be given until the next meeting of the temple. In the evening there was a grand electric display and a drill by 31 members of the Arab patrol.

FILIBUSTERING IS DUE ON FILTRATION

MACHINE PROPOSES TO KEEP MATTER IN THE BACKGROUND.

After November Election the Organization Will Try to Reap Benefits from the Measure—"Rump" Committee Will Bury the Important Papers.

The machine will continue its filibustering tactics with reference to the filtration plans. It was decided yesterday to present all the papers bearing on the filtration plant in select council next Monday afternoon. Select council will refer them to the "rump" committee on filtration, and it will sit on them until after the fall election. This will be done to prevent the committee of experts from getting the plans and figures. The "rump" committee will not release the matter until after the election, so that it can be used in the recordership campaign next spring. The machine thinks it occupies a good position on the sand filtration question.

City Recorder J. O. Brown and Director J. Guy McCandless had another long pow-wow yesterday over the plans, and the estimate of cost which is to accompany them. With the plans and the estimate will be resolutions providing for the award of five contracts into which the work has been divided. John Upperman of the Fifteenth ward, who is chairman of the "rump" committee in select council, had a talk with Recorder Brown earlier in the day, and the campaign was mapped out.

With the papers in the hands of the "rump" committee the machine could have everything its own way. This "rump" committee is something illegal. It has met but one since it was constituted last spring, for it has had nothing to do. The first approximate filtration estimate which went in was referred to the joint, and legal committee, before the other was constituted, and the "rump" committee was never able to get the papers.

In the regular order of business in common council on Monday evening, will come up the resolution providing for the appointment of an expert or experts to go over the filtration plans in conjunction with Superintendent A. B. Shepherd of the bureau of water and determine what it will cost to build such a plant as the plans call for. There is no doubt but that the resolution will pass common council, and some of the friends of the resolution are confident that it will also pass select branch. It will receive the unanimous support of the Citizens members of the branch, and some of the ring members who favor sand filtration and believe that the figures and plans will bear investigation are said to be willing to vote for the resolution in case the machine does not bring too much pressure to bear on them.

After filtration had been disposed of yesterday afternoon the recorder and the director took up plans for the three shelter houses in Schenley park, as prepared by Rutan & Russell. After a talk with the recorder the director approved them. The houses in Schenley park are to be constructed of stone, with large glass windows that can be thrown open, allowing the entrance of plenty of light and air. There will be toilet rooms in them, also a restaurant. The houses will be open only in the daytime.

The plans for three shelter houses in Highland park have not yet been finished, but will be within the next few days, and they will then be approved by the director. An effort is to be made to have the work on these houses begun early in the fall, so that they can be finished by next spring.

CITY HAS RIGHT TO MAKE TEMPORARY LOAN

City Solicitor Carnahan Has Filed an Opinion With Recorder Brown.

City Solicitor Thomas D. Carnahan yesterday filed with Recorder Brown his opinion on the question raised by Controller Larkin as to whether the city has any right under the charter of 1901 to borrow money to meet appropriations until the next appropriation ordinance is made. Some time ago Controller Larkin advised Recorder Brown that he would not issue warrants for the payment of money which is not actually in the city treasury. He also notified the recorder that he would not permit the borrowing of money to piece out the appropriations, giving it as his opinion that the charter will not permit it.

The city solicitor gives it as his opinion that the controller is wrong, and says that after careful study of the charter he sees nothing in it that would prevent the borrowing of money by the city to fill out appropriations, and paying the money back after the taxes come in under the next appropriation ordinance. He says that it is not essential that the money appropriated should be actually in the city treasury at the time of issuing the warrant, and intimates that it is none of the controller's business whether it is there or not, the controller's duty being confined to preventing the overdrawing of an appropriation. In closing his statement Mr. Carnahan says:

The city should make a temporary loan; it has a perfect right to do so. By doing so it would not be increasing the indebtedness of the city, because no indebtedness is created, within the meaning of the constitution, when the city makes an appropriation and levies a tax with which to pay it. The proper city authorities have done so, but the tax has not all been collected. To hold that the city in the conduct of its business is limited in its expenditures to the money actually in the city treasury is to hold that the wheels of government must be stopped about next November or December, when the city shall have ceased to have the money actually in the treasury to apply to current expenses. I do not think that the legislature contemplated such a possibility.

There should be a temporary loan and councils and the city recorder should make provision for it. In making a temporary loan under the circumstances the city would not be incurring any indebtedness; it would simply be providing for an indebtedness already incurred.

THREE MORE ARRESTS.

Charged With Being Concerned in Conley Martin's Murder.

Henry Cuff, John Brough and William Fields were arrested yesterday by Detective Waggoner for being participants in the assault which resulted in the death of Conley Martin on Tuesday night, near Williamsburg. Cuff is 28 years old and lives in Kirkpatrick street. John Brough lives at No. 144 Brownsville avenue, and is 42 years old. Fields lives in First avenue and is 40 years old.

All the men say they were intoxicated and do not remember anything of the assault. Cuff and Brough are both badly used up. The three men were committed to the Allegheny county jail on charges of felonious assault and battery. Joseph Reiley, who was also badly assaulted, is still at the South Side hospital in a precarious condition.

MORE OLD FOLK IN THE COUNTRY THAN FORMERLY

Census Seems to Show Americans Are Longer Lived These Days.

SOME PROBABLE CAUSES

Decrease in Relative Number of Children Born, and Increase of Proportion of Adults Due to Immigration, Partly Explains It.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., Sept. 4.—The census bureau today published a statement showing the increasing age of the population from decade to decade. The statement gives the results of computing the median instead of the average age. The median is such an age that half the population is under it and half is over it.

The median age of the total population in 1900 was 22.8, as compared with 21.9 in 1890. The median age of the white population in the last census year was 23.4, and the colored, including negroes, Indians and Mongolians, was 19.7, while in 1890 the white population was 22.4 and the colored 18.3.

The report shows there was an increase in the median age of the white population during each decade from 1810 to 1900 amounting in the 90 years to 7.4 years, or an average amount of about five-sixths of a year in a decade. The median age of the colored population increased after 1830, but with less regularity. The median age of the colored population increased three years in the 70-year period from 1830 to 1900, or only about half as fast as that of the whites; but during the last 20 years of the century the increase of the two groups has been substantially the same, 1.9 years of the colored and 2 years of the white.

The statement concludes as follows: "Many complex influences have co-operated in producing as a resultant this steady change in the age composition of the population. Three may be mentioned: the rapid progress of medical and sanitary science, which has tended to increase the average length of life; the decrease in the relative number of children born, which has made the earlier age periods less preponderant numerically in the total population; and the influx, especially since 1840, of great numbers of adult immigrants, increasing the number in the older age periods. The difference between the white and colored populations doubtless is due to the fact that the influences have wrought more powerfully upon the white race than upon the colored."

BALDWIN TALKS ON POLAR TRIP

SAYS THAT THE PUBLIC WAS DECEIVED BY FALSE REPORTS.

While Praising the Crew He Has Only Censure for Capt. Johannsson and Says His Demands and Actions Were Both Untenable and Unbearable.

LONDON, Sept. 4.—In response to a telegram from the Associated Press, Evelyn B. Baldwin has telegraphed an explanation of the causes of his failure to reach the pole, and also the cause of his dispute with Capt. Johannsson of the America, as follows:

Tromsoe, Norway, Sept. 4.

The public has been deceived by false reports regarding the expedition. Nearly every member has been faithful and my comrades ought and must have due credit for their work in establishing large depots at Camp Ziegler during March, April and May. Sometimes they had to traverse the same route 10 times. Fifty sleighs were destroyed in this work. Open sea near the depot at Teplitz bay prevented us from reaching the Duke of Abruzzis' headquarters and poor ice conditions in 1901 prevented us from establishing depots north of 80 degrees and 2 minutes. In this connection the death of half our dogs necessitated the postponement of going to the pole. Nothing favored returned via Greenland.

I believe the record of being farthest north could have been broken, but it would have exhausted our supplies and destroyed the hope of finally reaching the pole. Sailing Master Johannsson's demands to become the America's captain were untenable and unbearable. His threat on Dec. 15 to take possession of the ship as captain and deal with the crew in accordance with his own will, might have spoiled the expeditions plan if enforced.

The ice pilot, as well as the first mate who had long experience in polar ice, were entitled to recognition. Johannsson's refusal to obey the ice pilot's orders and his declared unwillingness to take the advice of my representatives on the sleigh expedition, together with other well-founded reasons stated to the American consul now here, caused his discharge and the promotion of three of his countrymen, who all followed me in the sleigh expedition and obeyed with pleasure the orders given by myself, my representatives and the ice pilot.

MOTORMAN HURT IN COLLISION.

Two Hungarians Also Caught in Bumping of Wagon by Street Car.

In an accident yesterday on the Swissvale and Thirteenth street division of the Monongahela traction system the motorman of the car and two Hungarians were hurt.

Andrew Patterson, a driver for McGrady Bros., building contractors of Braddock, was driving a team down Second avenue hill, Swissvale. To his wagon was attached another wagon used for hauling heavy stone.

The car crashed into the wagon as it was nearing the curve at the foot of the grade. The entire front of the car was crushed in, and the motorman in attempting to stop the car had his right hand crushed. Two Hungarians who were riding on one of the wagons were thrown to the ground and stunned.

Hat Talk By the Manufacturer

THE GUIDE FOR HAT BUYERS.

Now is the time to select your hat for the coming fall or winter season. But ere you choose the place to buy you should give the subject full consideration. We suppose that the gentlemen of Pittsburgh and vicinity are not inclined to pay an exorbitant price. Especially so, when the quality is no better, and often of an inferior grade to the hats we MAKE. It is plain that the wholesale as well as the retail dealer must have his share of profit. This profit ranges from one hundred to one hundred and fifty per cent above manufacturing cost. We manufacture only the finest grade of soft and derby hats. They are stylish, durable and shapely. We sell them DIRECT to the wearer and thus save him this great share of profit. Then, is it not to your advantage to buy from the maker?

$2.50 Will purchase any style, shape or quality of Hat. See our leading styles of Soft and Stiff Hats made of the very best fur and felt—the "Waldorf," "Boston," "Philadelphia"—nobby and substantial. Just the thing for tasty and dressy gentlemen. We guarantee each and every one of them for quality, style and fit. They cannot be duplicated in any other store for less than $4 or $5. Take your share of the profit by dealing at the manufacturer's store. We know that we can please you.

LOCAL NEWS OF ALL PITTSBURGH

Boy Severely Burned—Raymond Hoffman, 9 years old, of No. 600 California avenue, Allegheny, was severely burned by having his clothing catch fire from a bonfire. He will recover.

Frightened by a Corkscrew—John Tanney, a laborer, last night frightened off two men who attempted to hold him up near Brinton bridge. He pulled a corkscrew from his hip pocket. In the dark the men took it to be a gun and ran.

Charged With Forgery—Thomas C. Moore was held for court by Alderman James V. McMasters yesterday, on a charge of forgery, made by J. E. Griffith, an insurance agent. Moore is alleged to have forged Griffith's name to a check for $75.

Stole Watch and Money—A watch valued at $100 and a pocketbook containing a small sum were stolen from the home of the Rev. T. S. Brown in Franklin road, Allegheny, Wednesday night. The thieves entered through a rear window.

Two Women Were Scared—The exploding of a controller in a Wilmerding street car last night resulted in two women, Mrs. Mary Barker and Mrs. Charles Turner, being seriously injured. The women leaped from the car and fell against the curbstone.

Thieves Scared Away—Thieves broke into the safe of the W. W. McBride Paper Company, Ross street and Second avenue, Wednesday night, but secured nothing of value. A package of silverware and a small sum of money in one of the drawers were overlooked.

Assaulted With a Razor—A. D. Dermond, an auctioneer of No. 19 Federal street, while on his way home Wednesday night was assaulted at Third avenue and Grant street by Minnie Smith, colored. He was cut on the forehead and hand with a razor. The woman was held for court.

Made Quarantine Officer—John Barclay, who was retired Monday by order of Director Leslie, as superintendent of the Municipal hospital, on account of inefficiency, was appointed quarantine officer yesterday by the director. When Barclay was dismissed his friends came to his assistance and demanded that he should be cared for.

Row Among the Joyces—Coleman Joyce and his wife, Bridget Joyce, were held for court by Alderman John Groetzinger, yesterday, on charges of aggravated assault and battery made by another Joyce. The two Joyces are cousins and live in Stobo street. The prosecutor claimed Joyce and his wife beat him over the head with a poker.

Borough Wants Safety—The Pittsburgh Railways Company will be compelled to remove a large number of poles from too close proximity to their tracks, erect a number of retaining walls and place derailing switches on all steep grades in North Braddock borough, according to a ruling made by the council of that borough last night.

Tore Up Bank Notes—Magistrate Hunneshagen heard the case of Adolph Frye of No. 829 Turner alley, Allegheny, yesterday morning and discharged him. Frye was arrested by Policeman Niemeyer at the instance of his wife and was charged with tearing up bank notes amounting to $100. He was in a severe fit of passion and tore the money to vent his anger.

Sunday School Rally—The opening meeting of the primary and junior union of Sunday school teachers will be in the form of a rally in the chapel of the First Presbyterian church on Saturday, September 6, at 2 o'clock, to which all interested in the training of children are invited. The lesson will be taught for beginners, primary and junior classes each week.

Supposed to Be Demented—A woman supposed to be demented was picked up at the Union station yesterday afternoon by Officers T. A. Kane and J. A. Dunlap and sent to the Central police station. She was continually rubbing her head and hands. She refused to answer questions. It is thought she recently recovered from illness, as her hair was cut short. She is about 50 years old.

Two Hurt at Rankin—Walter Grimes of Lawrenceville, employed at the Rankin plant of the Marshall-McClintic Construction Company, was perhaps fatally hurt at the plant yesterday. His clothing caught in a cog and he was drawn into the machinery and badly injured. Mike Dietz of Rankin, employed at the same plant, was caught under a pile of steel beams which fell while he was passing them.

Fell Into Dog's Jaws—When Constable C. H. Stewart and a collector for a Pittsburgh furniture company attempted to place F. B. Ball of No. 6 Miller street under arrest yesterday they were attacked by two bulldogs. Ball escaped the officer and the constable and collector scaled a high fence to escape the dog. The fence fell from their weight and in their efforts to escape the dogs they ran into Ball and landed him in jail.

A Free Scholarship—Anyone who is anxious to study steam, electrical or mechanical engineering will find an opportunity to gratify the same in the offer of Charles Newman, the superintendent of the electric light plant of Allegheny. This gentleman has just been awarded a free scholarship by a correspondence school of Boston in any of three branches named, which he will present to any one who will write him at the Allegheny postoffice.

Addresses Are Wanted—Commanders of G. A. R. posts are invited to give notice at the next meeting of their posts that the reunion of soldiers of Fifth Army Corps will be greatly facilitated if each one who has engaged to attend the thirty-sixth annual encampment will send his name, company, regiment, home address and his address in Washington to W. Howard Gibson, chairman of the Fifth Corps reunion committee, Washington, D. C.

Troubles of the Broom Seller—Offered only 30 cents for a 35-cent broom, forced to drink whisky and finally robbed of the contents of a well-filled pocketbook, all by two women, is the sad tale that was told Justice J. G. Richards of Braddock yesterday by Maz Hecht, a broom peddler, who yesterday was trying to sell brooms in Port Perry. The two women charged with abusing the peddler are Mary Whalen and Lillie Hallet. They were held for court on the charge of larceny.

Recommended Elevation—The grade crossings committee of Allegheny councils voted last evening to recommend favorably the ordinance providing for the elevation of the West Penn tracks from a point 200 feet east of Bridge street to the east side of Federal street. By motion of John Sauers the ordinance was amended to lower McFadden street five feet at the railroad company's expense, instead of vacating it. The company is to meet also all damage to abutting property.

The Neighbors Complained—Police Inspector Robert S. Gray has completed his investigation of the action of the police in entering the house of George A. Foster, of No. 335 Collins avenue, East End, Sunday morning, to stop alleged disorder. He found that the neighbors reported to the police that Foster and his friends were singing and the noise prevented them from sleeping. Inspector Gray reported that his officers requested Foster to stop the noise, and immediately left the place.

May Strike Monday—Thomas H. Flynn, general organizer of the American Federation of Labor, was called to Ironton, O., yesterday morning to assist in the organization of the iron workers, who are ready to strike. The men have asked for an advance of 15 cents per day, and as their demand has been refused Monday is fixed as the day to quit work. It is said that Federation officials are in the Ohio city in the hope of averting the strike until the wages all over the country can be equalized.

Pinned Under Block of Iron—Mathew English, aged 15 years, of No. 2820 Larkins alley, South Side, is at the South Side hospital suffering from a fractured leg as the result of an accident at Jones & Laughlins' mills about 6 o'clock last night. English, with other laborers, was moving a large piece of iron by a crane when the crane chain broke and the iron fell on English's right leg. A second chain was produced and an attempt was made to lift the iron from English's limb, but without success. In the meantime English fainted. Finally a gang of laborers by main strength lifted the iron.

Three Small Fires—The roof of the two-story frame residence of John Graff, No. 1923 Harcum alley, South Side, caught fire yesterday afternoon from a spark from a passing engine and was almost totally destroyed before the fire was extinguished. The loss was about $200. A defective flue at the residence of Bernard Evans, No. 223 Camden street, Thirty-fifth ward, caused an alarm of fire to be turned in from box No. 311 yesterday afternoon. The damage was about $50. A burning barrel at the foot of South Sixteenth street caused an alarm of fire to be turned in from box No. 364 last evening.

Got After the Contractor—Charles Goerman, an East End contractor, was committed to jail by Alderman James V. McMasters yesterday, on charges of false pretense, made by L. D. Strauss, brick manufacturer, and C. P. Anderson of the East End Mantel and Tile Company. Goerman, it is alleged, secured releases to mechanics' liens from the prosecutors, giving them worthless checks to secure the amount of their claims against a house he was building. Goerman, it is said, went to Canada after mortgaging the house and only returned a few days ago. The transactions charged against Goerman amount to about $2,500.

Window Glass Meeting—A meeting of the executive board of the Independent Window Glass Company will be held today at the Hotel Lincoln for the purpose of reorganization. It was yesterday stated that the election of officers will only be a minor consideration at the meeting, but it is known that the American Window Glass Company and its ally, the Federation Glass Company, will use all their influence to prevent if possible the reelection of Secretary H. B. Van Cleve. The meeting today is a postponed session of the one held two weeks ago at Atlantic City, and the adjournment was taken then in order to get the 14 remaining plants with 300 pots into the company.

THE OIL FIELDS.

The new strike on Ten Mile creek, northeast of Salem, Harrison county, W. Va., is now the sensation in the lower southwest fields. It is owned by Van Wormer & Paaker and is this company's No. 2; No. 1 is now drilling on this farm. The well was drilled in Thursday and produced 1,100 barrels the first 24 hours, and last night was flowing steadily at the rate of 40 barrels an hour. The importance of this well is not its producing capacity alone. It is located almost a mile in advance of developments to the northeast and makes that section look very promising. Van Worner & Parks are drilling three more wells on this farm and the United States Oil Company is drilling two on a part of the same farm. Van Wormer & Parks' No. 1 is drilling at 2,550 feet and is the next well due in the sand.

The Associated Producers Company is drilling Nos. 1 and 2 on the A. Williams farm and No. 2 on the S. I. Ritter farm. The South Penn Oil Company is drilling a test on the J. M. Morris farm and Griffin & Mowers have the rig completed for a test on the D. M. Carter farm.

Trest & Crawford are drilling No. 1 on the J. & H. A. Williams farm and have the rig up for No. 2 on the same farm. The foregoing comprises all of the work under way in this district at the present time.

The gusher on the G. W. Williams farm will have a stimulating effect in that locality and no other section will claim so much attention in the near future.

In the Salem district O'Day Bros. & Gartlan's No. 3 on the E. W. Custer farm has declined to 200 barrels and the Southern Oil Company's No. 2, Alexander Riley farm, 290 barrels a day.

In the Cairo district, Ritchie county, J. S. Griffin, has completed a second test on the William Harkins farm and has a show for a 30-barrel producer in the Keener sand. In the same district the Pierpont Oil Company has drilled its test on the B. F. Rollins farm through the sand and has a duster.

In the Burning Springs district, Wirt county, Stuart & Young have drilled their No. 7 on the F. F. Bailey farm into the Big Injun sand and have a show for a 25-barrel producer. In the same district Roberts Bros. have completed their No. 48 on the Rathbone Oil tract and have a 10-barrel pumper in the second Cow Run sand at a depth of 300 feet.

In the Richwood Run district, Wetzel county, the Carter Oil Company has completed and shot its No. 11 on the M. V. Anderson farm, and the well produced 90 barrels the first 24 hours.

The following shows the gauges of the new wells in the Folsom district: South Penn Oil Company's Nos. 15 and 16, Genine Robinson tract, 80 and 90 barrels respectively; No. 1 Mary Starkey, 50 barrels a day. When shot all are expected to increase their production. Shooting in this district brings good results.

The new development south of the Bowerston pool in Harrison county, Ohio, is making a good showing. The wells are not large, but very few are total failures.

The Ohio Consolidated Oil Company, one of the most active developers of this territory, has drilled in its No. 3 on the Isaac Miller farm and has a 15-barrel pumper in the Berea grit.

In the Wolf Creek district, Morgan county, E. H. Jennings & Bros. & Selby have completed their No. 3 on the Olive Work farm and have a duster. In the same district the Octo Oil Company has drilled its No. 5 on the Haas heirs' farm through the sand and has a small pumper.

In the Marietta district, Washington county, A. A. Cameron has drilled his test on the T. L. Ormiston farm deeper and has a show for a 150-barrel producer. This well a few days ago was thought to be a duster and was so reported. No. 4 on the E. C. Lynch farm is holding up at 130 barrels a day. In the same district Henry C. Lord & Co. have drilled in a second test on the Henry C. Martin farm and have a show for a 75-barrel producer.

Between the Smiths Ferry development and Georgetown, Beaver county, M. Finnegan has completed his test on the J. P. Swearingen farm and has a 25 or 30 barrel producer. This well is located 500 feet from the producer on the J. A. Ferguson farm, drilled in last month, and now producing 25 barrels a day. M. Finnegan will be due in the sand at a test on the Homer Dawson farm early next week.

Across the Beaver line in Hancock county, West Virginia, the Teddy Oil Company has completed a second test on the W. W. Herron farm and has a show for a small producer.

In the same district LeComte, Garrett & Co. have completed No. 16 on the S. Carson farm and have a show for a 30-barrel producer.

In the old Gold field, Butler county, Pennsylvania, the South Penn Oil Company has completed and shot its No. 4 on the Adam Gold farm and has a show for a 5 or 10 barrel pumper.

CAMPAIGN WILL OPEN WITH TWO BIG MEETINGS

Democrats Will Start the Ball Rolling About September 25.

CITIZENS A WEEK LATER

Old City Hall to Be the Scene of Both Gatherings—Opening in Allegheny Tonight—Good Reports from Democratic District Leaders.

The fall campaign of the Citizens will open in earnest, October 1, with a giant mass meeting in Old City hall, while the Democrats will begin a week later with a similar event. From that time on not a day will be lost. As a matter of fact, many meetings are being held now by the Citizens, but the formal opening will not be until the first of next month, the exact date to be settled later by the committee on speakers.

It is probable that Dr. Cadwallader Evans will preside at the meeting and a long list of vice presidents will be present on the stage, including some of the most eminent citizens of Pittsburgh. The speakers have not yet been selected, but will be announced later.

The Citizens campaign in Allegheny will be opened this evening with a meeting full of good music and speaking. The place is Kenyon's hall, No. 819 Federal street, where the Allegheny headquarters are located.

Dr. S. S. Woodburn will preside and the list of speakers will include J. M. Stoner, Esq.; D. B. Oliver, John Francis, candidate for the legislature in the Second district; Stephen G. Porter, Esq.; John M. Goehring, candidate for the state senate in the Forty-second district, and John H. Trimble. The music will be furnished by the American Military band and the Iron City quartet.

Another meeting is scheduled for tonight at Walkers Mills on the Panhandle, which will be addressed by several of the county candidates, as well as legislative nominees. A glee club will furnish music, together with a brass band.

The Citizens executive committee met yesterday and discussed the progress of the campaign, but nothing was given out in regard to the meeting. The new campaign cards, bearing the photographs of the congressional, county and legislative nominees, were received and excited much favorable comment. They will be posted in every district in the county within the next few days.

The Democrats are preparing for an active campaign in behalf of the fusion ticket. The campaign committee met yesterday and appointed sub-committees to conduct the campaign in each legislative district. In some districts two sub-committees were appointed, including the Fifth, Sixth and Seventh districts, making in all about 11 sub-committees.

The Democrats will open their campaign in Old City hall about September 25, the exact date not having been settled on yet. Chairman S. J. Graham of the campaign committee said after the meeting: "I am much pleased with the work that has been done this summer, and feel that we have a better organization all over the county than ever before. We received reports from the ward and district committees today that are most encouraging, and our campaign will be a vigorous one."

The Democratic executive committee of 15 will meet this afternoon at 3 o'clock and go over the situation thoroughly in preparation for the active campaign work. The men appointed yesterday to the campaign sub-committees will be announced today.

THE PAPERS ARE FILED.

The Citizens Nominations Are Recorded in Harrisburg—No Contest Is Expected.

The nomination papers of the Citizens party were filed yesterday at Harrisburg by Charles S. Crawford with Pennypacker's name at the head of the ticket.

The machine's bluff about contesting the nomination of Pennypacker by the Citizens was not regarded at all, and with the melancholy plea of Recorder George M. Von Bonnhorst before the state committee on Wednesday the last effort of the machine to prevent the placing of Pennypacker on the ticket failed.

The county recorder's practical admission that the machine fight this fall was hopeless was regarded with varied emotions in political circles here. The anger of the ring men, who are on the outs with Von Bonnhorst, was expressed without hesitation, while at Citizens headquarters it furnished the subject for much good-natured chaff.

The machine is going ahead steadily with its plan for trading Pennypacker to save the county ticket, and the emphatic turndown it received at the hands of the state committee was expected by all who have kept in touch with the ring's many schemes for saving its county ticket, nearly all of which have involved a reckless cutting or trading of the state nominees.

SHOT IN ADIRONDACKS.

A Brooklyn Manufacturer Meets His Death by Accident.

NEW YORK, Sept. 4.—(Special.)—Charles A. Smylie, a licorice manufacturer and president of the National Licorice Company, Brooklyn, died today from accidental shooting.

Mr. Smylie had been in the Adirondacks since a week ago last Saturday. He had been in ill health for several weeks, and on invitation of Judge Storr of Orange, N. J., he decided to visit Blue Mountain lake, where Judge Storr had a cabin and a boat. Mrs. Smylie accompanied him. The accident and death happened there.

USEFUL ANYWHERE.

A Way to Prevent Car Sickness.

A gentleman describes how he prevents car sickness. He says: "About one year ago I took a trip to California for my health. I had always suffered greatly when traveling and have been unable to eat ordinary food. A friend who knew this advised me to take Grape-Nuts with me and I purchased a number of packages.

"During the entire journey of five days I ate nothing but Grape-Nuts prepared with milk and sugar and I gained strength steadily and suffered no illness whatever, besides at the end of the journey I found to my delight that I had gained five pounds in weight.

"I consider Grape-Nuts the best food in the world; it keeps perfectly, is not bulky and is easily digested; is strength-giving and far preferable in every way to ordinary food." Name given by the Postum Co., Battle Creek, Mich.

There is one sure way to prove whether or not Grape-Nuts does rebuild and strengthen the brain. Try it 10 days or two weeks. Thousands know it does, from actual experience, but everyone should make the trial himself.

TO CONSIDER THE UNION OF CHURCHES

THE M. P. CONFERENCE SEEMS FAVORABLE TO CONSOLIDATION.

Committee Appointed to Make a Report on the Subject—Home Mission Board Commends the Work of the Pittsburgh Conference.

The Methodist Protestant conference in the Knoxville church is manifesting unusual interest in the proposed denominational union. President W. H. Gladden yesterday afternoon appointed the Revs. George Shaffer, C. F. Swift, John Ohnsman, G. C. Sheppard, Harry Palmer and Dr. T. M. Carpenter a committee to consider this question and report at a later date.

If there are any opposed to the "union movement" they have not expressed themselves, but it is believed the movement will not go through without some opposition. There are some ministers who stand for Methodist Protestantism exclusive of any other form of Methodism. The Rev. J. W. Righter of the Mt. Washington church favors the movement. "In my opinion it is a good thing," he said. "It is good for the church, good for souls. A perfect union of every form of Methodism would be still more to the point. When churches agree, when ministers come together as a unit on a basis of belief, there is hope for Christianity. I shall do everything possible to further the union of churches."

Little business was transacted yesterday. The greater part of the time was taken up hearing reports and appointing committees. The Rev. A. T. Steele, retired, forwarded his letter of standing and was readmitted to the conference. One of the most interesting personages at the conference is T. F. Scott of Castle Shannon. He is the oldest lay worker in the conference, being in his 81st year. Mr. Scott is one of the founders of Methodist Protestantism in these parts. His sister, Mrs. Jane Lucas, is the oldest member of the Knoxville church, being in her 73d year. The report of the home board of missions was lengthy, chiefly interesting in that it commended the excellent work of the Pittsburgh conference. The following committee on examining was appointed: The Revs. J. H. Lucas, George Shaffer, B. W. Anthony, C. F. Swift, G. C. Sheppard and W. H. Gladden. The district committee is as follows: Capt. W. P. Herbert, Harry Calhoun and the Revs. G. G. Westfall, S. F. Crowther and B. W. Anthony.

The big outdoor gathering of Methodist Protestant Endeavorers to be held Sunday afternoon will be one of the interesting events of the conference. In the neighborhood of 2,000 Endeavorers will attend. Addresses are to be made by prominent workers.

FRIDAY, SEPTEMBER 5, 1902.

TWELVE PAGES.

Settle the Squabbles.

Mr. Cunningham of Beaver raises a question of the legality of the nomination of himself or Mr. Acheson in the Twenty-fourth congressional district. At the same time he proposes a new conference under the rules adopted by the meeting in Pittsburgh, agreeing to abide by the result. Under the circumstances it may be wise to act upon his proposition, though it would have saved time, expense and trouble had Mr. Cunningham adopted his present attitude before any nominations were made.

This matter is not adverted to because it is deemed vitally important in itself, but for the benefit of other congressional and senatorial districts where there are deadlocks and controversies that menace party peace. It is highly important that candidates in those districts should think of the welfare of the party as above their personal interests and arrange their difficulties amicably. That candidate who will concede nothing to the advantage of his party is not deserving much favor at its hands.

No doubt the next legislature will enact a law governing district nominations that will free them from the most obvious difficulties that now beset them—that will establish the district unit. In the meantime it is the duty of aspiring candidates to promote good feeling to achieve party success.

Atlantic City's Fortune Tellers.

Relations between Pittsburgh and Atlantic City are so intimate that there is a lively interest here in the affairs of the seashore resort. Of especial interest to many who spent their vacations at the seashore is an incident of the closing days of the summer season, the fortune tellers who infested the boardwalk having been arrested, arraigned in the police court and fined for violation of the law against such methods of duping the public.

The principal surprise in connection with the raid on these fakirs is that it was delayed so long. For months they had been openly advertising their business, meanwhile gathering in the dollars of the gullible, but not until the end of the season were they interfered with by the authorities. Atlantic City's duty to itself, as well as to the many thousands who patronize it, is to keep the famous boardwalk free of such brazen fakirs as fortune tellers. So long as they are tolerated, just so long will they fleece that portion of the public which is easily humbugged, and which really needs protection.

Bellevue's Celebration.

Pittsburgh's substantial and progressive suburban neighbor, Bellevue, is fairly ablaze with enthusiasm over the exercises incident to the celebration of her 35th anniversary, which commences tomorrow. Busy committees have worked out an elaborate and interesting program for the entertainment of the borough's guests, and the event promises to be one of unusual attractiveness from the merely spectacular side. Its true significance, however, will be found in the display that will be made of Bellevue's natural advantages as a residence section, together with the marked advance that has been made by her citizens in providing all the conveniences of a thoroughly modern and up-to-date city. Her water works, the installation of which is especially celebrated in the exercises of tomorrow, her well-equipped methods of sanitation and the comfortable and spacious character of her residence sections are among the things of which Bellevue is justly proud and which contribute so much to the growth and advancement of the borough.

With the introduction of rapid transit the development of suburban residence towns has shown marvelous progress in recent years. In Pittsburgh vast physical difficulties lay in the way of the rapid upbuilding of the suburban town, but with the coming of electric motor cars these have one by one been overcome, until our always congested urban population now finds choice of several desirable "out-of-town" residence sections which vie in beauty, healthfulness and convenience with the suburban districts of any American city. Bellevue presents in this respect a record of which she has every reason to feel proud, and in her big celebration tomorrow will have the hearty felicitations of her friends and neighbors.

What the Union Split Shows.

The riotous proceedings of the Union party gathering at Philadelphia are a commentary on the present lack of unity of an eastern sentiment that plasters itself with large reform labels. Riotous doings in political gatherings are never to be commended, but the disorder in this case is a useful straw showing that real reform can't be headed off by machine workers wearing a reform mask. The Union party as an organization was financed a year ago from the same barrel that supplied the backbone for the Democratic ticket. The net result of the operation was to wreck the Philadelphia Democratic organization. Undeterred by this boomerang, the same financial power this year again undertook to control the real as well as make-believe reform sentiment embraced in the Union organization. Hence there is a Union split that promises to make business for the courts and the lawyers. The first round ends in a knockdown, figuratively and literally, of the Democratic barrel faction. It is probably at the same time the beginning of the end of the Union party. When a third party divides on the one question of support of the nominees of the two other parties its mission is at an end. It becomes plain that the special causes that furnished the reason or excuse for its existence have passed away. This, of course, is gratifying as a vindication of the sentiment that resulted in the nomination of Pennypacker. Whatever may happen to the Union factions in their contest in the courts, the differences revealed furnish proof that the tide of public sentiment runs strongly in the direction of a largely increased Republican majority, as compared with last year.

A Good Thing for Baseball.

Although the loss of several star players of the Pittsburgh baseball team is generally regarded as a misfortune it will really be a benefit to the national game. There has been such a preponderance of strength in the local club this year that the winning of the pennant for the second time was a foregone conclusion, and as a result the old-time enthusiasm was lacking. For several weeks after the opening of the season there was a display of the former interest, but after it had been demonstrated that the triumph of 1901 was to be repeated there was nothing left to keep interest up to the point so essential to the popularity of the pastime.

The Pittsburgh club as at present constituted is too strong, and the withdrawal of several of its leading members will help the sport by making the scores closer in next year's contests. Not only here, but in all other league cities, there will be a revival of enthusiasm when the reorganized teams prove to be more evenly matched. When every club has a chance for the pennant there will be more cordial and general support of all of them, which means that the gate receipts will be much larger, and that, after all, is the main consideration among the men who devote time and money to providing the public with clean and exciting sport. The weakening of any remarkably strong team should, therefore, be viewed as a factor in keeping baseball up to a high standard as an interesting and enjoyable pastime.

Registry Lists Wrong Again.

While the voters' register contains an excess of names, as usual, it is learned that many which should be there have been omitted. The time for registering has now expired and corrections will necessarily be made in court. A part of this trouble is due to neglect on the part of citizens to give the matter of registration the personal attention it deserves. Under the system proposed, for which an amendment has been made to the constitution, it will be necessary for each voter to appear personally and be registered. That is not essential under the existing law, as the registry assessors are supposed to canvass their districts, but if every voter had gone to the trouble to see that he was properly registered much trouble would have been avoided.

Of course, the primary blame rests with the registry assessors. They are expected to do their work carefully and honestly. If they have neglected to register those who should be registered, or have padded the rolls with names that should not be there, they should be haled into court.

A Popular Official.

Secretary Wilson, of the agricultural department, has not only raised what was once considered a rather useless and inferior cabinet position into a place of great public utility and importance, but he has won warm personal friends in all sections of the country in the doing of it. Here is the way the Atlanta Constitution regards the secretary of agriculture:

> Secretary Wilson has taken particular interest in the advancement of the agricultural interests of the southern states, and has done much for them. He is a practical farmer himself, is a fine executive officer as well, and, what is more important, takes a keen personal interest in everything appertaining to the work of the great department over which he presides. There is no politics, of course, in the department of agriculture, and there should be none, but a smaller man than Secretary Wilson might not appreciate this, and some have not been free from sectionalism.
>
> The fact that every member of the Cotton States Association of Commissioners of Agriculture is a Democrat gives added value to these resolutions of indorsement. There is no question that in taking this step they will have the approval of the agricultural masses of these states, and these, too, are Democratic.

These are warm words of praise from a source not given to praising the work of a Republican administration. But what the Constitution says is absolutely true, not only of Secretary Wilson, but of all the cabinet officers within recent years, especially since the first inauguration of McKinley. They have been men of broad statesmanship, and the old suspicion that a party administration meant a partisan direction of government affairs has been removed in large measure through their efficient and businesslike control of departmental business. In Secretary Wilson's case the work has achieved a doubly good end, in that he has brought to a place of large usefulness an office that once bid fair to serve principally as the butt of partisan wit.

Congratulations From Abroad.

The cordial expressions of congratulation in the foreign newspapers over the escape of President Roosevelt from the peril in which he was placed on Wednesday are extremely gratifying. In England and on the continent deep satisfaction is manifested that he was not seriously injured in the accident that befell his party, and the hope is expressed that his activity will continue uninterruptedly.

Aside from the determination of European nations to cultivate the friendship of the United States, there exists in most of those countries—notably England and Germany—a genuine admiration for Roosevelt as a man. His intense energy pleases everybody who admires activity and courage and honesty. Even the critics who resent the President's reiteration of devotion to the Monroe doctrine, and protest that such reiteration is unnecessary, are deeply struck with his sincerity and his earnestness. The wide attention given to the recent accident and the sympathetic tone of the foreign comments show how deeply President Roosevelt has impressed himself upon the thought of the world and mark afresh the commanding position of the United States.

Telegraph Lines in Alaska.

The war department has been informed of the completion of the army telegraph line between Fort Liscum, at Port Valdez, and Fort Egbert, at Eagle City, Alaska. This line has been in process of construction for two and a half years, over a country difficult to work in and its completion gives deep satisfaction to the officials of the signal service, who are desirous of receiving prompt information of what is going on in the weather line in the extreme northwest. They are quite certain that they can use this information to advantage in their business. Although erected by the army for military purposes, the telegraph line will be available for weather reports for the agricultural department, and thus persons in peaceful pursuits will profit by the enterprise of the war department.

Not long ago contracts were awarded by Gen. Greely for the establishment of the wireless system between several distant points in Alaska. The installation of the apparatus is now in progress, and will not require anything like so long a time as it took to stretch the wires mentioned above. When the wireless system is in operation, in connection with the new telegraph line, there will be complete telegraphic communication with all points of importance in the Yukon territory.

USE OF LIBRARIES WILL BE TAUGHT

Carnegie's Munificence Responsible for a Study Proposed in Schools.

THE PITTSBURGH GAZETTE BUREAU, Herald Building, Herald Square, NEW YORK, Sept. 4.

School children in this city will soon have a new study added to their curriculum. It will be the preparing of their minds to understand and enjoy the use of the Andrew Carnegie public libraries. Algernon S. Higgins, associate superintendent of schools, soon will lay before the board of school superintendents a plan for establishing class libraries in the public schools. The idea is to place in every class room a library of perhaps 100 volumes, bearing largely on the course of study, and consisting mainly of biography, history and travel, with a liberal sprinkling of fiction. The class teacher will be in charge of the library and direct the selection of books. Mr. Higgins holds that the Carnegie libraries never can be useful unless the children have been taught the proper use of them, so that the greatest benefit may be derived from each book perused. The children will be trained in this direction by the use of class libraries. The plan looks like the kind of thing Mr. Carnegie would be likely to propose, and it is expected that there will be no objection to it by the board of superintendents. When the board has disposed of it, and assuming that the decision is favorable, a list of something like 5,000 volumes will be made out, from which the class libraries will be selected when the new course of study is prepared. There will be intimate connection between the study course and the class libraries, this being the foundation of the plan. The board will indorse the list, and then the approval of each in turn of the committee on libraries, the board of education and the state superintendent of public instruction must be obtained. The reason the state superintendent will be asked to approve the list is that the state will be asked to contribute toward the libraries a sum equal to that appropriated by the city. The Carnegie libraries are an important factor in the educational development of Greater New York, and the school authorities are determined to get full value out of them, if possible.

Mr. Ross' Debut as a Star.

John B. Reynolds got to New York today from Pittsburgh and is watching rehearsals of "On the Quiet" with his new star, Thomas W. Ross, formerly of the Pittsburgh Grand stock company. Mr. Reynolds is delighted with the prospects of success, so far as they can be judged by rehearsal. Augustus Thomas, author of the comedy, is staging it. The season of Mr. Ross will open at Norfolk, Va., on Thursday, the 18th.

Comedians Turn Auctioneers.

There was the annual frolic at Weber & Fields' music hall tonight. It was not the opening of the regular season, with scenery, calcium lights, pretty girls, marches, topical songs, and all the rest of it. The fun was of a more business-like character, although not any more serious than that shown in the set performance. Boxes and reserved seats for the opening were sold by auction, with each of the comedians taking his place as auctioneer in turn. There was the usual cracking of jokes and booming of prices, and the theater was jammed to suffocation. A large sum was realized, as always is the case, and it seemed as if all upper Broadway had either squeezed into the house or was grouped outside.

Two Pittsburghers in Broadway.

Edward J. Martin, Pittsburgh's city clerk, and Capt. Bob Boles, recognized from Pittsburgh to New Orleans as admiral of the Ohio coal squadron, have been in New York for several days. Capt. Boles' handsome face and stalwart figure have become almost as familiar on Broadway as they are in Smithfield street, while Mr. Martin has spent much of his leisure in haunting the old curiosity shops in Fourth avenue, in the search for antiques to be taken home to Pittsburgh. Both visitors have been enjoying daily excursions to summer resorts within easy sailing distance of New York, with now and then a run over to Sheepshead, to see how the thoroughbreds are behaving themselves. The two Pittsburghers expect to be home by Sunday.

Domestic Hint Too Audible.

Here is a story told by Acton Davies, a well-known dramatic critic, that suggests how dangerous it is for one to give domestic hints aloud. The wife of a New York yacht owner was sending a man ashore from the craft as it lay off Shelter Island the other afternoon. As Davies says, "It was cocktail hour and all was still." When the boat rowed by the messenger was a dozen lengths away from the yacht a woman's voice hailed him: "Peter, Peter, don't forget the cheese-grater." But Peter neither heard nor ceased to row. The woman rushed to the megaphone and presently the loungers on the piazzas of the Manhansett house, half a mile away, heard: "Peter, Peter, don't forget the cheese-grater." A moment's pause, again the woman's voice through the megaphone, more staccato than ever now: "Peter, Peter, don't forget the cheese-grater." Just about this time a close observer might have noticed signs of action on the decks of all the other yachts. Shadowy forms, more or less pajama-clad, stole on tiptoe from below, and then from Manhassett to Prospect there went up a mighty chorus from a hundred megaphones: "Peter, Peter. For heaven's sake, Peter, don't forget the cheese-grater!"

The Fall of Neely.

C. W. F. Neely, notorious in connection with the Cuban postal frauds, was brought into the city from Hoffman island this morning with the other passengers who were detained there for observation when the steamship Morro Castle arrived from Havana on Tuesday last. Neely was released from prison on June 10, when the general amnesty proclamation went into effect. If he has any money his apparel and general appearance, almost unkempt, did not give evidence of the fact. "Whether or not I ever return to Cuba," he said, "will depend upon the action taken in congress this winter. My future plans are unsettled." As a matter of fact, Neely looked unsettled, both as to his plans and his raiment. He was very different from the spruce man of business familiar to his associates two or three years ago.

Kind-Hearted Judge's Mistake.

How easily a man can injure another unintentionally when he makes a remark without every precaution is shown in the case of ex-Judge Hurd of the county court. The ex-judge met a former convict named Hendrickson on a trolley car and Hendrickson told him that he had been sentenced by the other for forgery some years before, but that the punishment had been light. For that he thanked the ex-judge. The latter mentioned the circumstances to a detective of his acquaintance, merely in a personal way, and in a day or two Hendrickson was under arrest because he had applied for and obtained work as a trolley car conductor under an assumed name, to hide the fact that he was a former convict. Now ex-Judge Hurd has his hands full trying to undo the consequences of his casual remark to the detective.

Seminary President an Easy Mark.

It appears that over in Jersey the pupil of a seminary can get out of paying her board and tuition fees if she is determined enough about it. A Brooklyn young woman owed a bill to the Rev. Dr. Thomas O'Hanlon, president of the Pennington seminary, and he tried to keep her trunk until the arrears were paid. The young woman sued the president, and he, rather than defend it, gave in. The Brooklyn damsel has her trunk and the president is wondering whether he or the courts decided against him.

Nick Young's Illness.

Much sympathy was expressed up town tonight over the critical illness of "Uncle Nick" Young, secretary of the National league. There are few men in baseball circles better known than Nick Young, and his indisposition is regarded as a personal sorrow by thousands of people who never actually saw him.

Coler's Gubernatorial Boom.

It may be Gov. Coler in New York, after all. With the appearance in this city today of Senator David B. Hill, the recognized leader of the Democratic state forces, it became evident, as the result of several important conferences between the up-state leader and local organization leaders, that the decision of Chief Judge Alton B. Parker of the court of appeals, not to be considered as a gubernatorial candidate unless unforeseen circumstances might arise, must be considered final, and that the next logical move of the party managers was not only to accept but to stimulate the boom of Bird S. Coler as the standard bearer of the Democratic voters this fall.

A Hidden Life Tragedy.

Of the many heart tragedies of a great city, working out to the end in Bellevue, few are more pitiful than one which came to the attention of the police today. An old, poorly-dressed man leaped from the stringpiece of the pier at the foot of East Forty-third street, in an attempt at suicide. The act was witnessed by two sailors, who leaped in after the old man and managed to rescue him. He was unconscious when taken from the river and an ambulance surgeon had to work over him some time before he partially recovered. He was taken to Bellevue hospital and placed in the prison ward. Nothing could be learned from him of his name or residence. He sank into sleep which was broken by cries of "My wife, my wife! Oh, mamma! Mamma." That was all.

Duss' Prima Donna.

Miss Julia Allen, a young prima donna, will be the soloist at the Duss concerts for one week, beginning Monday evening. Miss Allen's repertoire is a large one, embracing 25 operas in Italian, German, French and English. She will be heard at the Duss concerts in the soprano selections from "La Traviata," "Lucia," "Faust," "Mignon," "Carmen," "Daughter of the Regiment" and "Rigoletto." It is understood that Miss Allen will accompany the Duss band when it appears in Pittsburgh.

Turf Lovers Going Abroad.

William C. Whitney, Mr. and Mrs. Harry Payne Whitney and Mr. and Mrs. Herman B. Duryea, will sail for England tomorrow on the Celtic to see Volodyovski run in the Czarewitch and Cambridgeshire races. Mr. Whitney is also eager to see seven 2-year-olds he leased from Lady Meux. One of these, Ayrshire Beauty, recently won a stake.

Funeral of Nelia Baker Goodwin.

The funeral of Nella Baker Goodwin, former wife of Nat C. Goodwin, took place in Harlem today. The interment will be in Buffalo. Nella Baker was married to Mr. Goodwin in Chicago in October, 1888. It will be remembered that husband and wife had a stormy time over the possession of their house in West End avenue, in this city. At last she obtained a limited divorce. Mr. Goodwin paid her $15,000 and she surrendered all her dower rights. Ever since Mrs. Goodwin has lived with her parents, Mr. and Mrs. Dewitt C. Baker, and her brother, Charles H. Baker. She was a beautiful woman, but for the last three years had been a confirmed invalid.

Cheap Theater Raided.

A theater where the admission was five cents was raided last night. Managers, actors, ushers and other attaches were arraigned in court today. The charges were conducting an unlicensed place of amusement and disorderly conduct. Among the performers was a Syrian dancer, who gave the rather doubtful oriental name of Maggie Johnson. She was discharged by the effendi, and swaggered out of court with a manner suggestive of Whitechapel rather than Syria.

From the Buffalo Express.

If it is true, as reported from Chicago, that the basis of payment for the plants which will enter the proposed meat combine will be 25 times the earnings of the companies in the last year, there will be plenty of water in the new securities. However, the investing public need not worry over the combine. It is not obliged to buy the stock.

Unwelcome Interruptions.

To the Editor of The Gazette:

It appears a pity such excellent concerts as those now being given by Sousa's band at the Pittsburgh exposition should be marred by such an exhibition of carelessness for the feelings of the performers and of the audiences as is shown in the admission of newcomers to the concert hall during the rendition of the numbers. During the first half of last evening's concert there was a constant stream of people passing along the aisles, causing great discomfort and annoyance to the audience and presumably also to the musicians. It is scarcely strange if the reputation of Pittsburgh in musical matters suffers when such things can occur here without comment and as a matter of course; and one wonders after all if there was not some basis for the alleged criticisms by Mr. Walter Lemare of Pittsburgh audiences in this respect.

One hears the excuse that had it been Mr. Damrosch's orchestra this disturbance caused by new comers would not have been permitted, although why such discourtesy should be forbidden in the one case and permitted in the other does not appear plain to the ordinary observer. This is a matter which is easily within the control of the exposition officials. No reasonable person would object if asked to wait for the end of the number before going in. Such a regulation could be enforced easily and without hardship, and should be, if only as a matter of ordinary courtesy to musicians and audience. The observance of such little rules of politeness, based on a recognition of the rights of others, as Ovid said of study, "Emollit mores, nec sinit esse feros." I feel sure that it is only necessary for the officials to put in force such a rule and that they will find it cheerfully acquiesced in.

AMERICAN FLAG FLOATS ON PALACE

Fairy Structure in Portugal Residence of United States Envoy.

By the MARQUISE DE FONTENOY.

The stars and stripes are floating, so I hear, at the present moment above the Quinta of Monserrate, a fairy-like palace in the Portuguese town of Cintra, the American envoy to the court of Lisbon having leased it for use as his summer residence. Started on its career of beauty by William Beckford, the famous author of "Vathek," one of the most eccentric and brilliant men of his day, its charms were developed by the late Sir Francis Cook, the London tea merchant (whose heirs now own it) until it has become one of the most exquisite places along the entire Portuguese coast. Both the late and the present king of Portugal have sought to buy it, while the present kaiser has likewise made offers for this gem of a place, but in vain. Whether the heirs of Sir Francis Cook will show themselves more disposed to part with it than he was remains to be seen. The fact that it should have been let to the United States minister as a summer residence certainly would lead one to suppose so.

The house, or rather palace, is of marble and mosaics, moorish in design and overlooks green lawns, which have been coaxed from the original forest and gardens rich in tropical trees and flowers. There are trees with flame-colored blossoms, others hung with purple and white flowers, rhododendrons, palms, cacti and everything else that can tend to render the aspect of the place fairy-like.

Royal Palace Alongside.

Nearby is another palace entirely different in style which was for a number of years the home of the American morganatic wife of the late King Ferdinand of Portugal. She bears the title of Countess Edla and was formerly Miss Hensler of Boston.

It is now the summer home of the king and queen of Portugal. It is situated some 1,700 feet above the sea level, perched in the most fantastic manner on the summit of a rock, and although for the greater part of modern construction is, with its massive portals, draw bridges, battlements, turrets and terraces, altogether feudal in its style of architecture. It was once a monastery, from the towers of which King Manuel is said to have been in the habit of looking long and oft for signs of Vasco da Jama's fleet after the first expedition to India. Some portions of the old monastery still remain, including the chapel, the superb alabaster altar piece of the early sixteenth century bearing witness to the work of the monks of the period. Like the palace occupied by the United States legation, it is surrounded by or rather forms the apex of an immense park and series of terraced gardens, which are at all times free to the public and in which the most marvelous art of the landscape gardener, the most superb features of tropical floriculture and arboriculture are mingled with everything that Europe can best produce in the shape of trees and flowers.

Odd Old Moorish Palace.

Lower down in the center of this town, which is the Newport of Portugal and the summer resort of royalty and fashion, stands the old Moorish palace, now the summer residence of the queen mother Pia. It was occupied in ancient times by the Moorish kings. But in spite of the antiquity of the building, the living rooms convey the idea of being delightfully cool and up to date. One of the oddest rooms of this palace is that known as the Hall of Magpies. The decoration of its vaulted ceiling consists of innumerable magpies, each supplied with a rose in its claws and a scroll in the beak, on which are inscribed the words "por bem," which may be translated as "for good." According to the tradition King John I. was once caught by his queen kissing one of her maids-of-honor and presenting her with a rose. The monarch assured his consort that he meant absolutely nothing by either the rose or the kiss, and to clinch his words he had this hall decorated to commemorate the incident, the expression "por bem" being intended to convey the idea that it was "all for good," that is to say, "no harm meant," but "purely platonic."

Adjoining it is the so-called Hall of Shields, with the coats of arms of 74 of the most aristocratic Portuguese families painted on the ceiling in the sixteenth century. The Portuguese nobility of today, whose armorial bearings figure in this room, regard themselves as the "creme de la creme." But the room where King Alfonso VI. died, mad, is in another portion of the building and seldom shown. They shut him up in this room and the mark of his endless tramping up and down is shown by a rut in the red tiles of the floor.

Stonehenge Sold to Government.

Stonehenge is so famous throughout the entire civilized world as one of the grandest relics of the Druidical times that the announcement that the British government has completed negotiations for its purchase from Sir Edmund Antrobus, the owner of the downs on which the celebrated Megalithic circles are situated, will be received with satisfaction, for it is obviousely contrary to the public weal that a national monument of such importance should remain in private hands.

Sir Edmund Antrobus is a man of great culture and appreciated to its full the historical value of Stonehenge. But there is nothing as the matter now stands to prevent its passing, either by inheritance or by sale—forced or voluntary—into the hands of some foreigner who might take it into his head to transport the grand old stones to his own country; or even into the possession of some iconoclastic Englishman, such as the late Mr. Earle Drax, who deliberately destroyed Caesar's camp at Wimbledon, one of the few remaining relics of the old Roman times in England, in order to build thereon a number of cheap houses. Indeed, one of the things that have aroused popular feeling in the matter sufficiently to compel the government to negotiate with Sir Edmund Antrobus for the purchase of Stonehenge is the possibility that Pierpont Morgan might take it into his head to buy the Druid stones and carry them off to the United States.

Now Run as a Show.

Sir Edmund, by way of laying stress upon the fact that Stonehenge was his private property, about two years ago inclosed the entire ruins with a fence of barbed wire, and placed a turnstile at the gate where a charge of 25 cents was made for everyone who entered the inclosure. This fence, while on the one hand it undoubtedly served to protect the monument, destroyed altogether the spell which had been created for more than 2,000 years by the strange aspect presented by these immense stones, standing in circles alone, far from any human habitation in the midst of a vast open rolling plain.

While Stonehenge undoubtedly belongs to Sir Edmund, and he is, from a strictly legal point of view, free to do with the stones themselves what he lists, it is very questionable whether he has the right to inclose them with a wire fence. The public have from time immemorial enjoyed a number of rights of way through Stonehenge and in this way of access to the monument. The neighboring towns and villages were about to take legal action against Sir Edmund to force him to remove the fence and to enforce their rights of way when the announcement that the government was on the point of purchasing the property for the nation was made. Sir Edmund's name is well known in the United States, his uncle, now Monsignor Antrobus, having been secretary of the British legation at Washington in the time of Lincoln. Sir Edmund is married to Florence Sartoris, a niece of Mrs. Nellie Grant Sartoris.

All Right for the Prince.

The Russian grand duke, Boris, appears to be much pleased with the institutions of the United States, but for obvious reasons these institutions would hardly serve for Russia at the present stage of progress in that empire.

THE DEATH ROLL.

Vachel Harding.

V. Harding, one of the leading and most representative citizens of Washington, Pa., died at an early hour yesterday morning at his home in that city, aged 74 years. Vachel Harding was born in Maryland and was of English parentage. He went to Uniontown when a boy and clerked there for five years, coming to Washington in 1851. Here he engaged in the mercantile business, where he enjoyed a large trade. He went into the coal business and opened the Enterprise mine, near Arden. He supplied the local trade for years and did considerable shipping over the old Pittsburgh & Southern railroad. He retired in 1888. In October, 1855, Mr. Harding was united in marriage with Annie LeMoyne, daughter of Dr. Francis Julius LeMoyne. Besides his wife, Mr. Harding is survived by two children, Charles V. Harding and Mrs. Henry G. Wood, both of Washington. Mr. Harding was a trustee of Washington and Jefferson college and the Washington seminary. For more than forty years he was a member of the official board of the First Methodist Episcopal church.

James Moore.

James Moore, who was a resident of Allegheny county for 55 years, died at the home of his son, David Moore, in Lansdale street, Thirty-seventh ward, yesterday afternoon, of old age. He was born in Ireland on November 24, 1815, and located in this county shortly after he came to the United States. He lived in Wilkinsburg and vicinity for many years and during the last four years resided with his children in Brushton. He is survived by three sons and three daughters: Mrs. Lydia Van Ryn of No. 1214 Franklin avenue, Wilkinsburg; Mrs. Jennie Ireland of Wildwood; Mrs. O. M. Burgess of No. 7934 Madeira street, Brushton; Samuel Moore of Tunnelton; William Moore of Center street, Wilkinsburg, and David Moore of Lansdale street, Thirty-seventh ward. The funeral services will be conducted from the home of David Moore on Sunday afternoon. Interment at Beulah cemetery.

Dr. George S. Graham.

Dr. George Stockton Graham died at Burgettstown Wednesday night, aged 62. He was born in Dunningsville, Pa., in 1833. He served three years during the civil war in Company D, Tenth Pennsylvania reserves, enlisting while a student at Jefferson college, Canonsburg. He studied medicine, graduated from Jefferson Medical school, Philadelphia, and located at Florence, where he practiced until about five years ago, when he became blind. About a year ago he removed to Burgettstown. He was a member of the Pennsylvania legislature during 1885-86. He was ruling elder in the Cross Roads Presbyterian church at Florence. He is survived by his widow and four sons: Rev. David T., L. F., T. C. and Charles, and one daughter, Miss Bertha, at home.

Uriah Kerns.

Uriah Kerns, 71 years old, a prominent farmer of Greentree and a former burgess of that borough, died early yesterday morning at his home. Mr. Kerns, who was a son of an early settler of the borough, took an active part in public affairs and for 26 years was a member of the school board, holding that office at the time of his death. He was a native of Greentree and one of the oldest members of Mt. Pisgah Presbyterian church. On August 8, 1859, he was married to Miss Adeline Bell, who, with nine children, Thomas, George, John, Noah, Mrs. Laura Cooper, Mrs. Missouri Hertrick, Mrs. George Lang, Mrs. A. W. Burk and Miss Rebecca Kerns, survive.

Mrs. N. E. Tillotson.

Mrs. Augusta Tillotson, wife of N. E. Tillotson, one of the prominent merchants of Greenville, died in that city last evening after a short illness. Mrs. Tillotson was a leader in church and society affairs. She is survived by her husband, one daughter and one son, Paul.

Dr. Herman L. Wiles.

Dr. Herman L. Wiles, a prominent clergyman, and pastor of the First Lutheran church of Mansfield, and for many years trustee of Wittenburg college of Springfield, O., died yesterday at Mansfield, O., of heart failure.

Obituary Notes.

Allison Moore, 73 years old, is dead at his home in Mercer. He is survived by a wife, five sons and two daughters. He was one of Mercer's oldest residents and prominent in trade circles.

Mrs. Catherine Isler, 82 years old, widow of William Isler, is dead at the home of her daughter, Mrs. Charles E. Sloan, No. 615 Collins avenue, East End. Three daughters and one sister survive.

John Schmitt, 69 years old, a well-known contracting teamster, is dead at his home in Wilkins avenue, Allegheny. He was a native of Germany and came here in 1852. His wife and nine children survive.

Mrs. Isabella Hanna, 83 years old, widow of John H. Hanna, a pioneer drygoods merchant, who died four years ago, is dead at her home, No. 1214 Resaca street, Allegheny. She was the mother of Charles N. Hanna, president of the Arbuthnot-Stephenson Company.

PERSONALS.

N. B. Snyder, United States consul to Jamaica, a former resident of Pittsburgh, has arrived on his annual visit to friends in this section. Consul Snyder says there is no disposition among the natives of Jamaica to have the island annexed to the United States, largely because of the lynchings they hear of in the south. In the majority of cases the people would rather be English subjects, and those who want the change are generally people who have gone to the island for business purposes. He says fruit is the sole support of Jamaica and during the last year there has been an increase of 25 per cent in the shipment of fruit to the United States.

City Recorder Brown, accompanied by his usual black grip, presumably filled with gum shoes, slipped quietly into the Union station shortly after dusk last evening and was admitted to the train sheds before the other passengers left the station. While the city executive refused to disclose his destination it is believed he is en route to Philadelphia for a conference on matters political.

The last seashore excursion of the season from Pittsburgh went out over the Baltimore & Ohio railroad last night. An extra section to each through train was sent out and almost 750 persons from Pittsburgh and suburban towns took advantage of their last chance at low rates this season.

Mr. and Mrs. James McGraw have completed a tour of Europe and returned to their home, No. 1205 Locust street, Allegheny. Mr. McGraw, who has traveled in Europe a number of times, says this year he met more Pittsburghers than ever before.

Col. J. U. Crawford, engineer of the branch lines of the Pennsylvania railroad, who has been in Pittsburgh for two days inspecting the work at Herrs island and the plans for the new freight terminal in East Liberty, left last night for a fortnight in the east.

Pittsburgh Visitors Yesterday.

ERROR PERSISTS IN PUBLIC MIND

Fiction That Bodies Cannot Be Removed Until Viewed by Coroner.

NOTHING persists like error. It is an ancient mistake that the body of a person who has met death by violence may not be removed from the spot where found until viewed by the coroner. That idea is still retained by many. A remarkable case in point is reported from Edna, a new mining village on a spur of the Baltimore & Ohio railroad in Westmoreland county.

Early this week the newspapers reported a murder at that place. The victim was a man named Caldwell, who was stabbed. He walked a few feet from the spot where the fight had taken place, dropped to the ground and died. That was Saturday night. There the man lay until the coroner arrived from Greensburg shortly after noon on Monday. Two men with rifles stood guard during Sunday night and several watched through the day, but no one touched the body, not even to close the staring eyes, or straighten the limbs. All believed they did not dare disturb it until the coroner came.

There are so many coroner's cases in these modern days it might be expected this fiction would die out in time. Yet it is prevalent even in enlightened communities. It is a survival of another century and indicates how firmly legal requirements may become imbedded in the popular mind and how slowly they are cast aside, once they are fixed.

A story is told in a Western Pennsylvania county northward from Pittsburgh of a dead man who obstructed traffic on a public highway for five days before the coroner was brought to view the remains. The man had died from sunstroke or apoplexy. The coroner, who had few cases, was visiting in another county at the time and the people in the neighborhood were sure they dared not remove the corpse until it was officially "viewed." That opinion was sustained by the local justice of the peace, who shall be nameless, as he is probably more familiar with the law now.

IN talking over the progress of Pittsburgh and her people during the last few years, a western drummer remarked that the most radical change he noticed, since his last visit, was not only in the large number of skyscrapers, but in the people's expressions.

"Last evening," said he, "while standing on one of the downtown streets, I noticed that every person that passed me was either smiling or laughing. I never saw a younger and jollier looking class of people in my life.

"Yes," said one of the party, who happened to be a street car conductor, "the people here seem to be growing younger every day and hundreds are even getting childish. I think the street car conductor notices it more than anybody else, because he is the greatest sufferer. Have you ever noticed the care-marked expression of the Pittsburgh conductor?"

"I'll admit I have," said the drummer, "but attributed it to overcrowded cars."

"Overcrowded cars are," said the change-maker, "wearing on a conductor, but the worst thing we have to contend with is the little signal stop button. The little button has been in use for over two years, and during all that time the novelty of it has not decreased in the least. Some people seem to have a mania for ringing those bells whether it is necessary or not. Why, only last night a young lady on my car stamped over four people to press her dainty fingers on the little button, after she had heard two other people give the signal, and knew that the next corner had been a regular stop for years."

"Are the bells any advantage at all?" asked the drummer.

The veteran conductor smiled. "Yes, one big advantage," said he, "we are never asked to wake a passenger at any certain street, because he knows it is impossible to sleep."

A MEMBER of a fishing club which had been spending a month in a Canadian wilderness was the victim of a very mean trick on the part of his fellow members. As they were remote from civilization they took no pains to keep themselves presentable, and when the time came to return to civilization their faces bore whiskers of every variety known to the barber. They were a beautiful sight.

When the returning campers reached the end of their water trip, and left the steamboat to take the train, the unfortunate member of the party was detailed to see that the club's baggage was transferred, while the rest of the boys strolled out to look at the little town. They found a barber shop—the first they had seen for a month—and as the train was not due for an hour and a half, they thought it an excellent opportunity to have their whiskers amputated. When they had been shaved they kept carefully out of the way of the man they had left on the wharf, and only put in an appearance just as their train whistled.

When the deserted one saw their smiling and smooth-shaven faces, he used language which could not be put on paper unless the paper were made of asbestos.

Too Many Possibilities.

From the Washington Star.

It is hoped that Europeans will not get an idea that drinking from a soubrette's slipper is a regular custom in this country. No toper with any respect for his stomach could approve it. The standard of measurement is too vague.

They are good speeches, we say. Old truths vigorously and entertainingly stated. In making them the president is performing a useful service to his country.

RURAL FACTS AND FANCIES.

The people of this vicinity are through harvesting their oats and have begun to plow for their fall crop.—Ligonier Echo.

J. T. Bell of this place is not an extensive farmer, but he is a good one as far as he goes. He can boast the finest field of corn in a dozen townships this year.—Indiana Messenger.

The oats crop in the mountain districts of Fayette county and in this section is proving to be exceptionally good, averaging from fifty to sixty bushels per acre.—Uniontown Genius.

Everybody busy threshing now, and when you see a man with swollen eyes and a red nose don't jump to the conclusion he has been drunk, for it's an even dozen that he has been working behind the straw carrier.—Franklin News.

G. W. Carey thinks he has discovered the reason for the high price of eggs. He is showing an egg which he purchased from a farmer, which bears an oval inscription in relief, the letters being almost discernible. It also bears a well defined likeness of a woman's face. Mr. Carey is of the opinion that the high price is due to the fact that the eggs are now coming already stamped and decorated.—New Brighton News.

The Courier doesn't have to take stories of potatoes rotting in the ground at second hand, as we this week dug a bushel of rotten ones in our garden in a search for a sufficient quantity of sound ones for the family dinner. Some hills did not contain a sound potato, though a big yield of half rotten ones were uncovered. Our potatoes were an early variety and are now fully matured. The late crop may make a different showing.—Connellsville Courier.

Farmers from the surrounding country districts who have threshed report a wheat yield from 25 to 30 bushels per acre and an oat yield of from 50 to 60 bushels per acre. This sounds like old time reports. Some of the farmers are brave enough to attribute the large yield to the discontinuance of the use of commercial fertilizers. It is now firmly believed by many practical farmers that the indiscriminate use of commercial fertilizers is a detriment to the soil.—Wellsville Union.

EXPO'S SECOND NEARLY EQUALS ITS FIRST DAY

Sousa Delighted With the Big Crowds Attending His Band Concerts.

STAR FOR THE LOCAL DAY

Miss Estelle Liebling Will Sing the Songs of Stephen C. Foster and Ethelbert Nevin at the Concert Devoted to Pittsburgh's Composers

The second day of the Pittsburgh exposition proved a surprise in the number attending. Usually there is a distinct falling off in the crowd after the first night, but yesterday it was evident that many had stayed away from the crush on the first night in order to enjoy the big show with more comfort. So many were of this intent that they almost defeated the purpose, for the buildings were well filled yesterday.

Bandmaster Sousa was more than pleased with the crowd and the ovation given to his organization on the opening night. This was repeated yesterday afternoon and evening.

On Wednesday of next week Estelle Liebling, the well-known coloratura soprano, will join the Sousa band, and her parts will be featured in the program on Pittsburgh composers' night, Thursday next. Among the numbers she will sing are Stephen C. Foster's "My Old Kentucky Home" and "Old Folks at Home," and Ethelbert Nevin's "Rosary" and "Mighty Lak a Rose." Miss Liebling is to accompany Sousa on the European tour of six months, which begins in December.

There are about 20 numbers in the Pittsburgh composers' program, and over a dozen composers are represented. Such stars as Foster and Nevin, of course, are represented by more than one number.

The Pittsburgh Gazette and Chronicle Telegraph booth continues one of the popular features of the expo. The files of papers from the principal cities and from nearby towns are quickly sought by visitors from outside Pittsburgh, and advantage is taken many times each day of the writing, telephone, telegraph and stenographic facilities extended to visitors. Upward of 2,000 persons were in the booth yesterday.

HOW TO DRESS GREEN BEANS.

The edible varieties of the bean family in common use are few in number, but all are alike peculiarly adapted to garden culture, noticeably on account of their delicate vines and dainty flowers. Some are cultivated entirely for their fragrant, daintily colored flowers, for example, the sweet pea variety. The "scarlet runner," which produces the kidney bean, ranked in the ornamental class only for a number of years, before its actual food value became known and recognized. The esculent part not only consists of the fruit or berries of the vine, which are eaten both green and dried, but of the green seed pod in which they are developed as well. The dried beans are the most valuable as food when a considerable supply of nutriment is desired in very little bulk. The green beans are no less useful, especially combined in the diet of the meat eaters, as they contain a large percentage of valuable organic salts, the tender green pods being especially rich in these qualities. In fact, the tender, fresh grown pods of the "string beans" are of very much greater value, on this account, than the immature bean incased therein. As the beans mature and dry they become unfit for human food, but while tender, succulent and easily broken, the pods are easily digested as the cellulose is soft and easily disposed of in the human economy, not having hardened into the woody fibre which makes the dry pod impossible for culinary use.

Wild beans were, and probably still are, eaten very commonly in Persia; the principal mode of serving them being to stew them in oil with garlic.

From the plebeian original stock, regarded by the Egyptian priest as unfit for food, has sprung the many varieties in common use the world over; each country and section of country having its special favorite, selected from the hundred or more different species.

From the best known we have selected the Lima bean, kidney bean, navy bean and French or haricot bean. Of these the Lima bean is the greatest favorite in sections where it is cultivated. It dries well and is thus preserved for winter use. But the tender, sweet green bean, taken before it is fully mature, and while the skin is bright green and easily broken, boiled until tender, then drained, seasoned with salt, pepper and sweet, fresh butter, is certainly choice enough meat to set before a king.

There are several varieties of the edible pod beans. Those most familiar to the average housewife are known as the butter and wax bean and the green pod of the common "string bean." The latter is found in our markets all the year round, coming from the southland when the frosts kill all outdoor northern "garden truck." The wax and butter beans appear from February to July, fresh from the vine, and at all times may be obtained in canned state.

INQUIRIES ANSWERED.

H. A. T. writes: Can a good vinegar be made from green corn? We have more than we can use until it gets too old and do not care to go to the trouble of canning it.

Corn Vinegar.

Many prefer this vinegar to that made from apples. Use rain water if you can secure it, but the water must be soft. To each gallon of water add a pint of light brown sugar or molasses (white sugar makes the best and lightest colored vinegar). Scrape a pint of corn from the cobs and add to other ingredients and put all into a stone jar or crock, cover with a piece of muslin and set in the sun for three weeks. By the end of this time you will have a good vinegar.

Quantity of Sugar for Fruit Jams.

M. S. N. writes: Is there any invariable rule as to the quantity of sugar used in making jams?

You must vary the quantity according to the kind of fruit used as well as according to the conditions of the same kind of fruit. A common rule, and one that is generally followed by most housewives, is to use equal weights of sugar and fruit pulp. This is not always necessary, and for this reason the commercial canners and fruit preservers have greater success in getting uniformity, as they test the acidity of the fruit and use sugar accordingly.

SOCIETY

On Pittsburgh composers' night next Thursday evening, September 11, at the Pittsburgh Exposition, the work of a new and hitherto little known composer will be heard. Among the works selected for that evening which have been programed by Mr. Sousa for the concerts are two compositions by Miss Lulu Marianne Genet of the East End. Both are songs, for Miss Genet has restricted herself almost entirely to the writing of songs, and are entitled, "Way Down South" and "De Profundus." The former was written for the soprano and the latter for baritone voice and will be given with the full band accompaniment. These are the most recent of Miss Genet's works and are still in manuscript form. Their publication was expected by this time but has been somewhat delayed.

Miss Genet has written a number of charming songs and one of the latest is now being sung by Miss Electa Gifford during her Australian tour, which she completes in December. Another is called "Impatience." Miss Genet's music being written for the verses of Ella Wheeler Wilcox. "Day Dreams" is still another exquisite work of this young composer.

Miss Genet has studied in Cleveland the last two years with Herman Kortheuer, an eminent teacher of the harmony and theory of music, who came to this country from Germany eight years ago, locating first in New York and later in Cleveland. He returns to New York in October. Her earlier study of music was continued under several instructors. Though she has written so many songs, Miss Genet does not sing, claiming that if she were a singer she would not compose at all. Besides giving a musical setting to several of Mrs. Wilcox's beautiful poems, Miss Genet has also chosen several of the verses of Mrs. Ida Lawrence of Cleveland, a talented writer of verse in Ohio, for the theme of her musical composition.

In the program arranged by Mr. Sousa for Pittsburgh composers' night will be associated the works of Ad. M. Foerster, the daughter of Stephen C. Foster, Miss Genet and others of the well-known musical composers of this city.

Reception at Hawkins House.

A cordial welcome and open house were given all the visitors yesterday at the G. A. R. Home at Hawkins Station. It was the occasion of the 12th annual lawn fete and entertainment under the auspices of the Ladies of the G. A. R., for the benefit of the institution. Though the chilly weather interfered with some of the plans for entertainment and several of the booths were erected within the house instead of on the lawn, there was a good attendance and the entertainment was successful. Tables were arranged and dinner and supper served. During the afternoon and in the evening formal exercises were conducted in the chapel on the second floor of the Home. Addresses were made by Mrs. Elmira Scritchfield, the department president; Col. C. F. McKenna, the Rev. Thomas N. Boyle, D. D., and the Rev. Thomas Clayton, during the afternoon, and by the Rev. N. C. Holmes, the Hon. John F. Cox, the Hon. Robert McWhinney, the Rev. W. C. Weaver and the Rev. R. J. Bamber in the evening. Miss Alva Stanbick read and the musical program was rendered by Miss Charlotte Taylor, Miss Nellie Gundy, Miss Mamie Moreland, Miss Mabel Gundy, Miss Maggie Steigle, Mrs. Will Davis, Grant Hughes, Will Davis, and the Harris quartet.

The entire Home was opened to the visitors and the residents, of whom there are over 40, the widows and orphans of soldiers who fought in the civil war, enjoyed the occasion together with officers of the board of managers. The new hospital ward was inspected, its furnishment and equipment, together with the handsome carpet which covers the halls and staircases being the most recent gifts to the Home.

The reception committee consisted of Mrs. Esther Collingwood, Mrs. Kate Kirker, Mrs. Susan Sloan, Mrs. Carrie Sheriff, Mrs. Josie Slicker, Mrs. Ella S. Jones, Mrs. Mary Lindsay, Mrs. Jennie Smay, Mrs. Emma H. Snead, Mrs. Hattie Murdock, Mrs. Lucy DeWalt, Mrs. Elizabeth Scobie, Mrs. Kate Hart, Mrs. Catherine McLaughlin, Mrs. Josephine Glass, Mrs. Ruth Jones, Mrs. Lizzie Hastings and Mrs. Mary King.

Kinter-House.

A pretty home wedding occurred in Braddock last evening at 8 o'clock. The bride was Miss Alice Lucretia Kinter, eldest daughter of Mr. and Mrs. Robert J. Kinter of No. 225 Fifth street, and the groom was Clarence J. House, a son of George P. House, secretary of the Braddock board of education for many years. The ceremony was performed at the parsonage of the First Methodist Episcopal church, Lillie avenue, Braddock, by the pastor, the Rev. Nicholson H. Holmes, D. D. There were but one or two friends present. Following the ceremony the young people held a large reception at the home of the bride's parents, and a wedding supper was served. Mr. House, the groom, returned a fortnight ago from Denver, Col., where he has been the past year in charge of the Denver branch of the American Steel and Wire Company. The bride has been popular in social circles in Braddock and vicinity for several seasons, and is a soprano soloist of ability. Mr. and Mrs. House will be at home in Braddock until September 15, when they will leave for Denver.

Getty-Moore.

The wedding of Miss Mary Eudora, eldest daughter of Dr. O. C. Getty, to Clarence Moore, both of Meyersdale, Pa., occurred Wednesday evening in the Amity Reformed church. The ceremony was performed by the Rev. A. E. Truxel, D. D., pastor of the Amity church. The bride was given away by her father. The bride's sister, Miss Lulu Getty, was maid of honor, and Misses Jennie Moore, Kate Rees, Grace Rutter, Belle Shirley, bridesmaid. The groom was attended by Harry Luntz of Harrisburg, and the wedding march was played by Miss Emily Kooser Truxal. Harry Filson and Fulton Shipley were ushers. An elaborate reception was held after the ceremony, to which relatives and members of the Spinsters' club, of which the bride was a member, were bidden. The honeymoon will be spent in eastern cities, after which they will be at home to their friends in Meyersdale.

McCoy-McKinney.

The wedding of Miss Emma McCoy and D. L. McKinney took place on Wednesday evening at the home of the bride's brother-in-law, W. V. Tennent, in Bouquet street, Oakland. The ceremony was performed by the Rev. Mr. Holmes of Wellsburg, W. Va. Only the immediate family was present. The bride wore a handsome mode traveling dress and carried a bouquet of white bride's roses and carnations. Mr. McKinney is president of the National bank of Sioux Falls, S. D., and is a prominent business man of that city. He formerly lived in Bradford, Pa. The bride is a member of an old and prominent southern family and came to Pittsburgh a short time ago from Asheville, N. C.

Prominent People Wed.

CLEARFIELD, PA., Sept. 4.—(Special.)—The most fashionable event in Clearfield during the present year, was the marriage this afternoon of Lieut. Frederick Blair Kerr of the Twenty-second United States infantry, and Miss Emily Bigler, at the Presbyterian church by the Rev. J. M. Waddell. The groom is the second son of ex-Congressman James Kerr, a veteran of the Spanish war, and at present located with his regiment near Omaha. He was graduated from West Point at the breaking out of the Spanish war and served with great distinction, for three years, in the Philippines. The bride is the second daughter of ex-Internal Revenue Collector E. A. Bigler, a granddaughter of the late Gov. Bigler and of the late Judge A. W. Wright. A brilliant reception was given at the bride's home after the ceremony, at which distinguished guests from all over Pennsylvania and neighboring states were present.

Entertaining Ohio Friends.

The Hon. and Mrs. Ira F. Mansfield of Beaver, Pa., have as house guests the following well-known women of Poland, O., their former neighbors: Mrs. M. Heasley, Mrs. Charles Kirkland, Mrs. E. K. Hine, Mrs. C. F. Kirkland and Mrs. E. B. Morse. The latter was for 25 years connected with the Poland academy and among her pupils were Mr. and Mrs. Mansfield and the late President McKinley. She is now well advanced in years, but still maintains much of her old-time mental vigor. The party and their host and hostess were royally entertained last evening at dinner at the elegant home of Col. and Mrs. Samuel Moody.

Smith-Staib.

Miss Clara L. Smith and Louis Staib, Jr., were quietly married yesterday afternoon at the home of the bride's mother, Mrs. M. Smith, in West street, Wilkinsburg. The ceremony was performed by the Rev. Mr. Smith. The bridal attendants were Miss M. Rena Beatty and James R. Munnis. Mr. and Mrs. Staib will be at home after September 25 at No. 418 West street, Wilkinsburg.

Invitations Issued.

Mr. and Mrs. J. W. Pollock of East Chestnut street, Washington, Pa., have issued invitations for the marriage of their daughter, Miss Anna McNary Pollock, to Harry Wilson Gabby. The wedding will take place Thursday evening, September 18, at 7 o'clock, at the home of the bride. It will be one of the leading society events of the early fall.

Darragh-Caesler.

Miss Anna Darragh and G. W. Caesler, both of Venetia, Pa., were married at the home of the Rev. Mr. Lytle in Dravosburg, on Wednesday. The bride is a member of one of the oldest and best-known families of Washington county and is the daughter of the late Archibald Darragh. Mr. Caesler is connected with the coal industry at Venetia.

Engagement Announced.

Mrs. Elizabeth Little of Holland avenue, Braddock, announces the engagement of her daughter, Miss Elizabeth Little, and Isaac Lamont Hughes of Donora. The wedding will take place this fall and will be quietly conducted, because of the recent death of Miss Little's father.

NOTES OF SOCIETY.

APPEAL SENT OUT FOR REINEMAN HOSPITAL

Dr. Duff Recites Needs of Institution and Asks Public-Spirited People to Respond.

Dr. J. Milton Duff, who is at the head of the movement for the establishment of the Pittsburgh General hospital, into which it is proposed to merge the Reineman Maternity hospital, has sent an appeal to several hundred men and women of the two cities who have the reputation of being public-spirited and charitable, soliciting support for the Reineman hospital. In his appeal he states that the institution is in immediate need of an operating room, with modern appliances; also an elevator, boilers and heating apparatus. The managers of the Reineman institution have just finished remodeling the building, almost destroyed by fire last year. This has taken all the funds at their disposal. The larger portion of the Reineman patients are free and of that class who cannot help themselves. There is needed $8,000 or $10,000 for immediate wants. All checks should be made payable to John MacClurg Hays, for Reineman hospital.

Dr. Duff says the plans being prepared for improvements at the Reineman hospital will fully meet with the demands of the bureau of building inspection. About $40,000 will be expended before the changes are completed. There will be less woodwork and more steel than was first planned and the most improved methods of fire proofing will be used. Among the first improvements will be an elaborate operating room, with the latest appliances. This will cost several thousand dollars.

The Pittsburgh General Hospital Association, recently organized, is composed of representative business and professional men of Allegheny county, and it is their purpose, with the assistance of the public, to make the new hospital into which the Reineman is to be merged of the greatest good to the greatest number of people. It will be non-denominational and free to the deserving poor. A charter will soon be applied for.

Partly-Cooked Cereals Dangerous.

In the common-sense crusade in favor of cereal foods, many people lose sight of the fact that they cannot escape all the flesh-eating ills if they are careless about the use of starch foods. Partly-cooked cereals are dangerous. They enter the stomach in a condition unfit for assimilation and yield small nourishment. A properly dextrinized (browned) food furnishes energy and builds up the system. It finds an enthusiastic reception in the stomach, which rejoices in the lightening of its load. Toasted Wheat Flakes is such a food. It is sweetened with Malt Honey, Nature's health sweet, and is delicious and satisfying. Imitations may deceive you, but not your stomach. The genuine Toasted Wheat Flakes packages bear a picture of the Battle Creek Sanitarium.

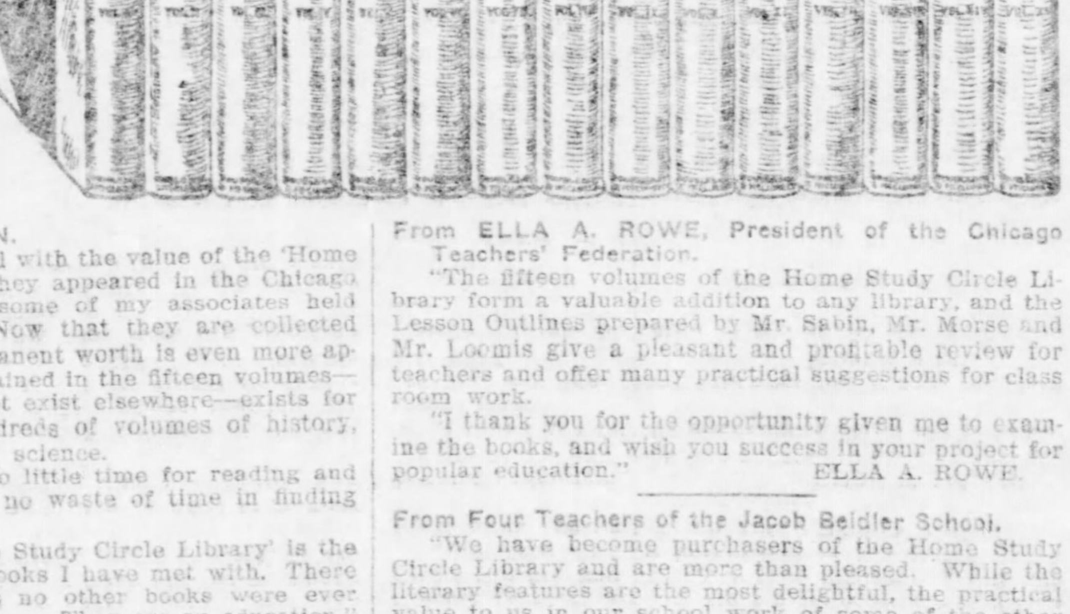
What the Teachers Think of..

The Home Study Circle Library

And Correspondence Courses.



From PROF. A. R. SABIN.

"I was much impressed with the value of the 'Home Study Circle' papers as they appeared in the Chicago Record, and know that some of my associates held them in high esteem. Now that they are collected into a Library their permanent worth is even more apparent. The matter contained in the fifteen volumes—while much of it does not exist elsewhere—exists for the student only in hundreds of volumes of history, biography, literature and science.

"Teachers have all too little time for reading and study. There should be no waste of time in finding what to read.

"I feel sure the 'Home Study Circle Library' is the most economical set of books I have met with. There is nothing like them, as no other books were ever made on the same plan. . . They are an education." A. R. SABIN.

From DR. LEWIS A. RHOADES, of the University of Illinois.

"The Home Study Circle deserves nothing but praise."

From DR. ALFRED BARNES, President of Illinois College, Jacksonville, Illinois.

"It is one of the modern vehicles for broad education and culture and should be in every home."

From PROF. H. W. MILLIGAN, Professor of English Literature, Illinois College, Jacksonville, Ill.

"The Record's Home Circle Library is to a greater extent than any set of books I know of, and especially to teachers and scholars, a labor-saving device."

From J. H. COLLINS, Superintendent of Schools, Springfield, Illinois.

"I am quite familiar with the Home Study Circle, and without hesitation can commend its courses as exceptionally good and well adapted for the purpose for which they are intended."

From ELLA A. ROWE, President of the Chicago Teachers' Federation.

"The fifteen volumes of the Home Study Circle Library form a valuable addition to any library, and the Lesson Outlines prepared by Mr. Sabin, Mr. Morse and Mr. Loomis give a pleasant and profitable review for teachers and offer many practical suggestions for class room work.

"I thank you for the opportunity given me to examine the books, and wish you success in your project for popular education." ELLA A. ROWE.

From Four Teachers of the Jacob Beidler School.

"We have become purchasers of the Home Study Circle Library and are more than pleased. While the literary features are the most delightful, the practical value to us in our school work of some of the other subjects, notably 'Up-to-date Business,' 'Popular Science' and 'Governments of the World,' is almost beyond estimation."

[Signed] ADELIA E. ROBINSON,
ELIZABETH MONROE
WILHELMINA HOSKINS,
KATHARINE R. TAYLOR.

From ALFRED BAYLISS, Superintendent Public Instruction for State of Illinois.

"I can commend the Record's Home Study Circle without reservation."

From H. B. BROWN, President Northern Indiana Normal School, Valparaiso, Indiana.

"The great good accomplished by the Home Study Circle is in the fact that it educates the masses."

From NEWTON C. DOUGHERTY, Superintendent Public Schools, Peoria, Illinois.

"The Home Study Circle adds much to the intelligence and culture of the reader and enables him to become acquainted with the best in literature, art, etc."

Ayer's

You have doubtless heard a great deal about Ayer's Sarsaparilla—how it makes the blood pure and rich, tones up the nervous system, clears the skin, reddens the cheeks, and puts flesh on the bones. Remember, "Ayer's" is the kind you want—the kind the doctors prescribe. $1.00. All druggists.

Ayer's Pills are a great aid to Ayer's Sarsaparilla. These pills are liver pills, safe for the parents, and just as safe for the children. Purely vegetable. 25 cents. J. C. AYER CO., Lowell, Mass.

AN AWFUL PREDICAMENT

Owing to an unforeseen delay we will not be able to occupy our new building, as we anticipated, about September 10th. WE ARE IN AN AWFUL PREDICAMENT. Our immense fall purchases intended for the opening of our new big stores are piling in on us and we have not the room to handle this great quantity of new Fall Merchandise in our present quarters. It may be a little early for you to buy your FALL CLOTHING, but we are going to offer such unusual price inducements that you will feel fully justified in buying your FALL SUIT a few weeks earlier than you intended. R·I·P·A·N·S

My daughter of nine years was complaining with her stomach and feeling bad and was very adverse to taking medicine, as most children are. She could not swallow anything in the medicine line over small pill size, but she made the effort and was surprised how quickly a Ripans Tabule disappeared without leaving any bad taste in her mouth. She was very peevish and fretful and did not care to eat, and we would often sit down to the table without her, and this caused us worry, but when she commenced taking Ripans Tabules all this disappeared, and now she is greatly improved in her complexion, and does not fail to come regularly to her meals, often eating between times. It was a surprise to us to see how quickly the Tabules took effect.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Boston, Sept. 4.—One of those sensational baseball freaks that leaders in the league so often run against was sprung on the champions today, and Capt. Clarke and his men are still trying to dope it out. Just imagine Pittsburgh, which walked over and trampled on Boston yesterday, playing the fastest kind of baseball and yet unable to score one small run in 18 innings.

That's what happened today, and it would be indeed a wise man who could explain. Boston got a run, only one, but it won one game for them. In the second game runs were as scarce as hen's teeth. For nine innings the champions and the locals battled without getting anyway near the home plate. At the end of the ninth in the second game Hank O'Day decided that it was "dark" and the game was called.

O'Day Was Just Tired.

Now, when Hank went to school dark was synonymous to "tired," according to his decision today. It was just 5:25 when O'Day thought it was "dark" and called the game. Four more innings could have been played without the least trouble and it would have given the Pirates a chance to get revenge. The crowd hooted Hank and kept up a continuous cry of "Play ball," but to no avail.

It was the greatest exhibition of fast, clean, scientific ball given here on the National league grounds for the past two seasons. The champions played like fiends, but the locals worked just as hard and the men who have been playing like minor leaguers made plays that the champions never dreamed of. The grounds were muddy, yet strange to say it had no effect on the fielding.

In the first game Pittenger, Boston's sad-faced pitcher, was the stumbling block. Only five Pirates managed by hook or crook to get on first base, but none of them got any farther. Four scattered hits were all they got, but those lightning like fielders behind Pittenger scooped in hits that ordinarily would be good for two bases or more. It was easily the locals' game and nothing but a mere accident prevented them from scoring at least two more runs.

Clarke Was in a Trance.

In the first game, with the bases full, Demont whipped out a grounder that ... Dutch Wagner like a streak of ... but it stopped just long enough ... Greminger's blouse, putting him ... retiring the side. In the next inning Tommy Leach handled Lush's ... poorly; in fact, after juggling it, ... ped it and Conroy did another ... act with it, and in the meantime ... sed the plate with the only run ... the day.

... ird inning Captain Clarke got ... watching Leach's high fly to ... by the time he came to he was ... first. Ritchey got his go to base ... with a single and later Moran ... out to Tenney. In the eighth ... put a ball over the left field fence ... the wrong side of the fair line. ... smashed out a long fly to right in ... eighth which ordinarily would have been good for two bases, but Carney landed it with a sensational catch.

The first game had scarcely finished when it began to rain in torrents. The storm lasted for about 15 minutes and the already muddy diamond was filled in with sawdust and the second game began. Sensational plays prevented the visitors from scoring in this game. Leever certainly had all the best of the pitching. He only gave three scattered hits, two of which came in the fifth, when Long singled to left and then stole second, he being the only Bostonian to reach there. Capt. Clarke and Tommy Leach, however, prevented many hits. Clarke, particularly, played a great game out in left. Every one of his five chances were accepted, but he had to work to get every one of them.

In the first inning the Pirates came within an ace of scoring; Beaumont flied out to Cooley and Clarke was forced out to Long at second on Leach's hit to Greminger. Wagner got a free pass. Ritchey hit a slow one to Demont and the latter fumbled it and then made a poor throw to Tenney, who threw it to Moran, nailing Leach at the plate. Pittsburgh did nothing in the second and third. In the fourth Wagner was first up and got a pass, but was forced out at second on Ritchey's hit to Demont. Burke then hit safely to left. Conroy knocked a bounder to Long, who intentionally fielded the ball slowly, tagging Burke out as he passed, and then doubled Conroy at first.

There Was Sensational Work.

Two Pirates got to first base in the fifth. Smith flied out to Moran; Leever hit a grounder to Tenney and it went between his legs, but the Pittsburgh twirler was forced out by Beaumont's hit to Greminger, and Clarke popped up a fly to Tenney, retiring the side.

They went out in order in the next after Conroy had hit safely to center. He was forced out at second on Smith's sacrifice and the latter was doubled with Leever on his hit to Long.

In the eighth a visitor got as far as third. Beaumont smashed out a line fly to Greminger, who handled it perfectly. Clarke got a pass and was forced by Leach at second. Wagner hit safely to left, sending Leach to third. Then came the hit which looked as if Pittsburgh would score. The first ball pitched to Ritchey was slammed almost to the flag pole in center, but Lush after a sensational run pulled it down with his back almost turned upon it. They went out in order in the ninth. Another double-header will be played tomorrow. Scores:

TOMMY HOGAN, THE FIGHTER, IS DEAD

WELL-KNOWN PITTSBURGH PUGILIST SUDDENLY PASSES AWAY.

Died in New York from Typhoid Fever. Was Born in England, but Brought Up Here—Has Met All the Leading Fighters.

Word was received in this city last night that Tommy Hogan, one of the gamest and cleverest little fighters ever turned out from this city, had died in New York on Wednesday night after a very short illness from typhoid fever. The news was an awful blow to the boy's family and relatives, who reside in Lawrenceville.

Tommy Hogan was the ring name assumed by the fighter, his real name being Johnny Tynan. The name Hogan was assumed to hide his real identity from his parents, who were opposed to his taking part in fights or becoming a pugilist. He was born in England, but was brought to this city by his parents when he was a mere boy, and his father being a mill worker, took up his residence in the Soho district. It was in Soho where the boy picked up his knowledge of boxing, and when a mere boy his ability with the gloves became well known in that section of the city.

In the old days when amateur boxing clubs used to flourish in this city Hogan was the pride of Soho and he was looked on as a leader among the local amateur fighters. In 1889, when he was but 17 years old, he engaged in his first professional fight. He was matched to meet Jimmy Kennard, known as the "St. Paul Kid," and the fight took place at Mansfield, Ohio, and was won by Hogan in 10 rounds. That was his first big battle, and since then he has stuck to the ring and met the leading featherweight fighters in this country and in Europe.

Two of his greatest battles were fought right here in Pittsburgh with Jack McClelland as his antagonist. They were 20-round affairs and the first was a draw, but in the second the decision was awarded to McClelland. These battles were witnessed by hundreds of Pittsburghers, who declared them the greatest fights they had ever looked at. Hogan made his headquarters in New York for the reason that he did not care to live here and encounter the opposition of his family to his mode of making his living.

Hogan has made several trips to England and has fought the very best men over there and was generally successful. One fight was with Will Curley, the noted English fighter, two years ago before the London Sporting club, and Hogan's victory made him a great favorite in that country. His last visit here was something about a year ago, when he stopped off en route to Louisville, where he had a fight on.

Tommy Hogan was about 32 years old, but looked older owing to the punishment received in fights. His sudden and unexpected death will prove a sad blow not only to his family, but also to many friends, for the little fighter was very popular. He was a member of New York Order of Eagles, and in answer to a telegram from the secretary of that organization asking what should be done with his remains, a reply was sent instructing that they be sent here and he will be buried from the residence of his parents in Lawrenceville.

AN EXCITING FINISH.

CHICAGO, Sept. 4.—Stemwinder, the even-money favorite, won the Sapling stakes at Harlem today. Adios, at 25 to 1, forcing him to run the half mile in :47 3-5, to win by a neck. It was an exciting finish, Adios beating Bad News, the second choice in the betting, only a neck for the place. But for the fact that he was in a pocket most of the way Adios would probably have won.

Weather clear; track fast.

First race, 5½ furlongs—The Crisis, 102, Winslett, 8 to 1, won; Siege, 105, Winkfield, 7 to 1, second; Naulahka, 110, Matthews, 12 to 5, third. Time, 1:07 2-5. Aylmer Bruce, Vestry, Impetuous, Mary Glenn, Feby Blue, Whiten, Chicago Girl, Menia, Lady Grafter, The Fisher Girl also ran.

Detroit, Sept. 4.—The final game of the season between Detroit and Philadelphia this afternoon was a miserable exhibition. McCarthy pitched poorly and was given worse support than the error column shows. The feature was the Athletics' base running. In the first two innings they stole six bases. After reaching first in the second, Fultz stole second, third and home. Waddell retired at the end of the sixth to save himself for the Cleveland series. Detroit bunched four hits in the eighth and scored their only runs. Score:

SPLIT THE GAMES.

Chicago and Boston Made an Even Divide.

CHICAGO, Sept. 4.—Chicago won the first game by bunching hits off Hughes. Piatt was hit equally hard, but pitched a steady game and struck out several batsmen at critical stages. Griffith proved an easy proposition for the visitors in the second game and was pounded all over the field, giving way to a new man in the seventh. Gleason's fielding was a decided feature in both games. Attendance, 3,360. Score:

RUNS WERE EASY.

Cleveland Got Tallies Whenever They Were Wanted.

CLEVELAND, Sept. 4.—Whenever Cleveland appeared to need a run today, it was forthcoming and the game appeared safe from the start. The feature was the batting of Hickman, who knocked out a home run, two bagger and a single. Five thousand school children were given free admission. Score:

Bitter Defeat for McDonald.

M'DONALD, PA., Sept. 4.—(Special.)—The McDonald team went down to defeat in its 13th game, getting the first defeat by amateurs this season, the visitors being the strong W. & J. team from Washington, who got a lead of three runs in the first inning, which the home team was unable to overcome. The final score was 3 to 2. The defeat is stinging the McDonald people, coming from what was considered by "our own," as easy picking. They easily defeated Washington on their own grounds last month.

Kennedy Will Be Kept Busy.

Billy Corcoran last night took down his $100 forfeit as a deposit for a side bet with Mull Bowser, the Natrona boxer's friends failing to cover the deposit. Kennedy will start training at once, as Manager Corcoran has several offers for the local boxer. Cumberland and Frostburg, Md., clubs want him to meet Christ Hemmer. Barnesboro, Pa., club also wants him to box Walter Burgo of Boston. Kennedy will meet Matty Matthews here next month in a 20-round contest.

INVINCIBLE WON THE DASH STAKES

HIMYAR COLT MADE RECORD TIME FOR THE RACE.

Twelve Good Ones Faced the Starter With Lord of the Vale Favorite—The Race Was a Fine One With a Driving Finish.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, Sept. 4.—Invincible, with Lucien Lyne in the saddle, won the Dash stakes for 2-year-olds at Sheepshead Bay today. The dash stakes is a five-furlong sprint over the futurity course, and the Himyar colt ran the distance in :59 flat, which is a record for the race.

Twelve good 2-year-olds faced the starter, with Lord of the Vale, who ran second to Savable in the futurity, favorite at 9 to 10. Yardarm, who was added, was second choice, and the winner was at 25 to 1. Invincible led all the way, and won in a driving finish by a head from Blue Ribbon, who was a head in front of Lord of the Vale.

The Books Were Jolted.

The westerners went down the line on Articulate in the turf handicap. The St. Andrew colt won in a gallop by five lengths and the ring lost heavily, as he was as good as 10 to 1. Lucien Lyne, the western jockey, rode three winners. Summaries:

ANOTHER STRONG TEAM.

Old Lalus Players Will Be on East End Athletic Association.

Pittsburgh will be represented by another strong team of football players this year. The East End Athletic association has reorganized with P. J. Walsh as manager, and no doubt will make all of the strong teams hustle. The lineup includes some of the star players of the old P. A. C. and Lalus teams, whose playing the last few years entitles them to rank with the best of football teams. The lineup this year is as follows: Center, Bloom; right guard, Hall; left guard, Craig; right tackle, Doc McChesney; left tackle, Charles Hey; right end, James Hey; left end, Else Willis; quarter back, Rugh and Wilson; right half, Nagle and Kelly; left half, Spike Shannon; full back, John Willis; also Joseph Wright, Elmer Wilson and Musselman. Trainer, Bradley.

THE BIG RACE POSTPONED

Lord Derby, The Monk and John A. McKerron Meet Today for the Challenge Cup—Great Crowd Out to See Matinee Horse.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Cleveland, O., Sept. 4.—A heavy rain early this morning put the Glenville track out of racing condition, and the opening of the intercity matinee races was seriously interfered with. At 3 o'clock the course was in fair condition and three class races were completed. The race for the challenge cup was postponed till tomorrow afternoon, and the rest of today's card will be finished up tomorrow morning. More than 12,000 people were on hand, making the largest crowd that has ever gathered at the track.

The ribbon in the 2:18 goes to Pittsburgh. Lo Ru taking the race after Battleton had outstepped the field down the stretch in the initial trip. Earl Wilton was a dangerous contender all the time and made the finishes close ones. Bud Stout, from Syracuse, had the pacing event at his mercy and was pulled up at each finish.

Splendid reinsmanship sent Miss Duke from Boston to the front in the 2:18 trot. She had hard work to beat out her rivals right at the wire. Summaries:

Men's Correct Clothing for Fall.

Cooler weather will soon be here and in advance of it come the new Fall fashions. We are the first to be prepared—as usual—with a complete showing of ready-to-wear apparel in the new favored styles.

Little need be said about the superiority of "S. & R." garments—it is a fact known to the majority of clothing buyers that our standard of excellence is unsurpassed, while our prices are right.

The best that we can get from the world's woolen mills and America's most skilled tailors here in this splendid array. The careful workmanship and finish of our product gives an elegance which fails to be imitated.

Two Popular Prices for Suits or Overcoats.

The correct suits this fall are the single or double breasted sack, the latter in the long-roll lapel effect. We show these new designs in a wide range of plain or novel fabrics, well tailored, lined and finished. The light Fall top coats are also ready for inspection in a large number of correct colorings and materials, splendidly tailored and very dressy styles.

Choice from two immense selections of Suits or Topcoats at

$10 and $15

"Atterbury System" Tailoring—Something Exclusively New.

We introduce to the public of Pittsburgh for the Fall and Winter of 1902-03 a higher standard of ready-to-wear clothing than ever before attained. It is styled "The Atterbury System" and we control it exclusively for this city. Its character, style, materials and workmanship are unequaled even by custom work costing from $40 to $100. These garments are a revelation to good dressers.

Suits $20 to $30. Overcoats $20 to $50.

We Cater Especially to the Clothing Wants of the Young Man From 16 to 20 Years Old.

Most young men are rather exacting in their demands of dress. They want something new and striking, both in style and fabrics. We recognize this and have prepared the most attractive line of Fall Suits and Overcoats for young men ever produced by tailors skilled in this class of garment-making. A selection which stands without an equal either as to original, up-to-date style or attractive price. Smart clothes for the college student or young business man, at........ $10, $15 and up to $25.

Those Who Have to Buy Boys' School Clothing Should Read This Ad.

THE HARDEST SCHEDULE IN ITS HISTORY

Wash.-Jeff. Football Eleven Will Be Called to Do Heavy Work.

WANTS TO PLAY HERE

Manager Craig Will Make a Strong Effort to Secure Grounds in This City for Some Big Games—Coach Green is on Hand.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Washington, Pa., Sept. 4.—Washington and Jefferson, which believes itself the most popular attraction which plays in Pittsburgh each season, has not the slightest idea of disappointing its Smoky City admirers this season. The Red and Black, with the strongest schedule in its history and excellent prospects for one of its strongest teams, will move every stone to secure grounds for some of its big games to be played in Pittsburgh. With practice commencing Monday this hustling town is again alive to football.

Manager Craig of Claysville, who was in Washington today, said that he did not care to announce what moves had been made in the fight for entrance into Pittsburgh, but that W. and J. certainly could be counted on for a fight, and did not propose to be ruled out of the city where the team is such a strong card. Manager Craig further stated in answer to the published requirement that Western university must promise not to play W. and J. on the Colosseum grounds that Washington and Jefferson was ready and willing to meet Wup and would be glad to enter into negotiations for a game.

Practice Will Start Early.

Washington and Jefferson will make an early start on a hard season. The practice starts on Monday and the opening game with Waynesburg will be played in Washington three weeks from Saturday. The hardest schedule ever prepared for W. and J. is to include four such teams as Princeton, Cornell, Lafayette and State College in the same season. A notable game is the one arranged with State marking the healing of the breach between the two schools. President Moffat of W. and J. then said that W. and J. should never again play State, but has relaxed on the condition that the game be not played in Bellefonte, where the W. and J. team was stoned by resident rooters on the occasion of the former contest. This contest, it is understood, is to be played on neutral grounds, and for it a gridiron in Pittsburgh is especially desired.

Two of the hardest games of the schedule come early in the season: Lafayette is to be played at Washington during the college centennial celebration, the second week in October, and Princeton is to be played at Princeton three days later. Princeton won the last game played in '99 by a score of 6 to 0. Cornell, which is to be played at Ithaca, won by a score of 16 to 5. The University of Buffalo will be played early in the season at Washington and Marietta the second game. It is not decided where Bucknell will be played, and it will likely be in Pittsburgh if possible. Ohio Medical will be played at Columbus, O., and the University of West Virginia at Washington. West Virginia expects to have a very strong eleven this season. The Western Reserves of Cleveland will also be played in Washington, but the date is not yet decided upon. The two strong colleges which are dropped this season are the Indians and the Naval Cadets.

Coach Green on Hand.

Washington and Jefferson expected to play the University of Pennsylvania this season as announced in The Gazette some months ago, but Pennsylvania at first could not grant the date desired by W. and J., and later in the season when this date was offered Washington had it filled. Capt. Roy Hayes of California has been in town all week, while Coach Elbridge Green of Harvard arrived here this evening. He has every confidence in the ability of Washington and Jefferson to turn out a winning team, but on account of the change from the Princeton to the Harvard style of play is awaiting the start of practice before expressing himself more definitely on the ability of the promising group of candidates.

WILL BE HOT GAMES.

Homestead and Altoona Will Meet Again.

This afternoon there will be a battle royal at Steel Works park, Homestead, when the H. L. A. C. and Altoona teams meet for the fifth time this season. In the games played between the teams Altoona has won three, while Homestead has only been able to get one game. Since the last meeting of the teams the steel workers has been greatly strengthened by the addition of several new players.

Hinton and Davis of Altoona were former members of the Homestead team, and they will be given a sort of a special reception at this afternoon's game. Manager Risher has decided to pitch either Bennett or Bowman against the big fellows.

Special Train to the Fight.

Billy Corcoran is making arrangements for a special train to the Corbett-McGovern contest at Louisville on the 22d of this month. Persons wishing tickets should forward their address to Corcoran, at 521 Wood street.

Pittsburgher Won a Prize.

In the golf final at Niagara-on-the-Lake George Harvey of this city yesterday won the men's approach and put first prize with a record of 12.

AMONG THE AMATEURS.

The B., B. & B. baseball team is open for a game September 6. Phones, Bell 104—3 North, P. & A. 105.

The Hope Stars would like to hear from all 11 and 12-year-old teams. Address Carl Nagle, 184 South Seventeenth street, Pittsburgh.

Admiral football team would like to arrange games with all 110-115-pound teams in Western Pennsylvania at home or abroad. Address Patrick F. McKnight.

The Clipper A. C. of Lawrenceville would like to hear from some strong team for Saturday. Call up Bell phone 4000-2 Fisk between 9 and 11 a. m. and ask for Weisman.

The Brushton A. C. will play the strong Etna A. C. at Etna Saturday, September 6. All Brushton players will please report at the corner of Brushton avenue and Tioga street at 1:45 sharp.

The Valley Stars would like to hear from any 16 or 17-year-old team for any Saturday in September or Sunday. Would like to hear from North Side. Address John McChesney, 29 Kittanning pike, Sharpsburg.

The Brown A. C. wants a game for tomorrow. Any strong out-of-town team can arrange a game by addressing Charles Kratz, 1913 Bedford avenue, Pittsburgh, or call up P. & A. phone 1460, Main, between 6:30 and 7:30 p. m.

Dallas will play Beaver A. C. at Westinghouse park on Saturday. Dallas has September 13 open and would like to have it filled at once by some strong 17 or 18-year-old uniformed team. Address W. F. Beckett, 6621 Hamilton avenue, Pittsburgh.

The Lincolns play Company G's second team at old P. A. C. park Saturday and a good game is expected, as this is the deciding game of a series of three. The Lincolns are after games with 14 to 16-year-old teams. Address P. H. Stephens, 812 Carnegie building.

Next Saturday afternoon at Wilkinsburg park the Westinghouse Electric and Cottage teams will play two games, the first game called at 2 o'clock. Wilson and Scott, both former stars from Princeton, will pitch for Electrics, and Irwin, Wills and Gumbert for Cottage.

The Rhody Wallace club of Millvale and the Wilkinsburg High school team have a game for Saturday, September 13. The manager of the Wilkinsburg team is requested to call up No. 388 Pittsburgh over either phone, or call on or address L. C. Owrey, No. 245 Fourth avenue, Pittsburgh.

The manager of the Manchester Athletic club wishes the following persons to report at the Hollywood grounds on next Monday evening, September 8, 1902: Dunn, Barker, Barnes, Hauff, Tater, Lanham, Rebele, Richelmer, Skillinger, Roll and any others who may desire to try for the line of an extra strong football team.

The F. O. Wolf team of Carrick would like to play the Fishers and Beltzhoovers of the South Side. The Wolfs will play the Hartzell A. C. of Turtle Creek for $100 on neutral enclosed grounds. The Wolfs play the W. Schaub team Saturday, September 6, for $50 a side at Southern park. For games address F. O. Knabe, Carrick P. O., Allegheny county.

The 80-pound class of pigskin chasers will be shaken up this season by the Pequots, who have organized with most of last year's players in line and a few new ones. Manager Barrett has collected a clever bunch of players and the only trouble will be to decide which are the best. Capt. Lobaugh requests all players to report for practice on Monday evening at 7 o'clock sharp.

The Gruver A. C. of Carnegie, one of the strongest amateur football teams in their class in this vicinity, is about to organize for the coming season with the following players: Morgan, Patterson, Perrin, Irvin, Ford, Johnson, Ramsey, Lampe, A. Young, Curtis, Andrews, McCaughan, Hunt, Hunter, Silk, Gruver and Lafferty. They are ready to arrange dates with all first-class 120-pound teams. Address Edward Pitzer, Box 1053, Carnegie, Pa.

One of the chief attractions at Bellevue's big celebration tomorrow will be the game between the strong Windsor Rough Riders and the Bellevue team. The Windsors succeeded in landing the championship of the North Side Monday and if they are defeated Bellevue may well feel proud. Both teams will have their best players in line and an awfully exciting game is looked for and it will undoubtedly be witnessed by an immense crowd.

The Electric club and Cottage A. C. will decide their baseball series by playing two games on Saturday next at Wilkinsburg. Cottage, having won the first game, is the favorite, but the Electric club—with Wilson and Scott in the box, supported by Crolius, Waddell, Brady, Bell, Crookston, Olin, Negley, Maitland, Kyle, Hershey and Johnson—expect to score a few points before the finish. The first game will be called at 2 p. m. at Old D. C. & A. C. park, Wilkinsburg.

The Melvin football team is down to solid practice and would like to see all players Friday night on the Acorn grounds. The manager of the team would like to see all the players as soon as possible to arrange for uniforms. Would like to make arrangements for games with good teams in Western Pennsylvania. Prefer Monessen, Greensburg, Pittsburgh High school and Shadyside academy. Address Manager G. A. L., 2450 Wylie avenue.

THE THREE RIVERS.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, O., Sept. 4.—River at 6 p. m. 4.6 feet and falling. Weather clear and cooler. Packets in and out on time. A barge of coal was sunk today near Fleming's landing. The Fallie was busy today gathering empties and storing them for the fall. Owing to the low water most of the regular boats have laid up or have been switched from their regular places on the different trades out of here.

LOUISVILLE—River falling, canal, 3 feet; falls, 10 inches; foot of the locks, 4.7 feet. Business good. Weather clear and pleasant. Packets in and out on time. The Avalon has been chartered to run as a low water packet in the Evansville trade.

CAIRO—River 18 feet and falling. The big towboat Sprague, belonging to the Pittsburgh Coal combine, arrived from St. Louis at 7:30. She will add about 400 tons of out freight here.

PARKERSBURG—River 2.6 feet and falling. No boats.

POINT PLEASANT—River 1 foot 8 inches and stationary. No boats.

BROWNSVILLE—River 5 feet 5 inches and stationary.

WARREN—River one tenth foot.

GREENSBORO—River 6.3 feet and stationary. Showers and cooler. Elizabeth, Woodward down Friday; Gertrude, Cherry up.

GALLIPOLIS—River 3 feet and stationary.

STEUBENVILLE—River 1 foot 11 inches and stationary.

MORGANTOWN—River 7 feet and stationary.

OIL CITY—River 6 inches and stationary.

RIVERMEN ARE PLEASED.

Are Delighted With the Ohio Valley Improvement Association Work.

The manner in which Col. E. P. Wilson, secretary of the Ohio Valley Improvement association, is stirring up enthusiasm along the upper Ohio river is the admiration of the rivermen. "The association has been going along quietly," said Maj. Alexander J. Henderson yesterday, "doing what good it could in its own way and it has accomplished much for the river interests; more than it has been given credit for.

"The men who have been at the helm of the association have devoted much of their time without getting recompense for it. The rivermen are glad to see that interest is being taken in the movement and the membership will no doubt be swelled at the next meeting. The issue now is one that concerns the entire Ohio valley and much good will result from the agitation. Col. Wilson is a hard worker and deserves much credit for the energy he has put into the movement."

Arrivals.

Elizabeth, Boyd, Morgantown.

Departures.

Elizabeth, Morgantown, W. Va.

Packets Leaving Today.

Gertrude, Morgantown, 3 p. m.

At 9 o'clock last night the gauge at Davis Island dam showed 2.9 feet and stationary.

News of the Rivers.

The Lizzie Bay is aground at Brush Creek and has a broken rudder and wheel.

The local steamboat inspectors yesterday inspected the towboat J. N. Bunton No. 2.

The steel towboat Sprague, Capt. James F. Beazell, left St. Louis Tuesday for New Orleans.

The towboat Hornet No. 2, which is laid up at Gallipolis, is being painted and put in good repair.

The towboat Joseph B. Williams patched boilers at Cheek's island, five miles above Memphis.

Capt. John Nixon yesterday received a renewal of his master's license from the steamboat inspectors.

Harbor No. 25, Masters and Pilots, will hold a meeting tomorrow for the purpose of electing a clerk.

The government snagboat E. A. Woodruff went to the bank at Cincinnati after working in the lower Ohio.

Capt. Samuel S. Brown came home yesterday from New York and expects to take another vacation next week.

Capt. John H. Dippold of Baden was in Pittsburgh yesterday. He says that the Ohio river down his way is dusty.

The Indiana and Bonanza make a splendid low-water team between Louisville and Cincinnati, and both are now on the track.

Capt. Isaac B. Williams, the government steamboat inspector, yesterday spent the day at Armstrong's cork works, examining life preservers.

The owner of a quick fire extinguisher yesterday afternoon gave a demonstration of its workings on the Monongahela wharf. It attracted a large crowd.

Capt. James Gilmore of the Clifton stopped off his boat last night for a week's vacation. Capt. Frank Wilkins is in charge of the craft during Capt. Gilmore's absence.

Complaint was made yesterday by Pittsburgh rivermen that the Union Railroad Company is filling in the Monongahela river at Homestead. It is alleged that the harbor lines are being encroached on.

The Dilworth Coal Company yesterday let a contract to A. Axton & Son to build a pool boat 121 feet long, 23 feet beam and 3 feet 7 inches depth of hold. The machinery of the John C. Fisher will be installed on the new craft.

There is no truth in the statement that Capt. C. W. Posey has resigned as superintendent of construction of the sand boat Progress, being built by the Iron City Sand Company. Posey is putting forth his best efforts to make the steamer a complete success.

Capt. James A. Henderson, president of the Pittsburgh and Cincinnati Packet line, is in Cincinnati looking after the boats laid up there. His visit at this time is to ascertain just what repairs are needed to place the boats in good shape for the coming season.

C. Jutte & Co. of Pittsburgh have succeeded in making a nice coup for themselves at Louisville, having secured the right of the water line in front of Sweeney Bros.' plant at the upper end of Jeffersonville, for a coal harbor. A party of laborers is engaged putting in 20 or more hitching posts, some on top the hill and others down near the water. The entire space was dragged clean by the big snagging steamer E. A. Woodruff as she passed up the river and after a long wait this company has secured as good a harbor as it wants on that side the river immediately above the falls.

STEEL BOOMING ON EXPECTATION OF BOND SELLING

Condition of Tin Plate Industry No Drawback to the Corporation.

B. & O. MAY GET READING

Continuance of Strike Likely to Swell Pig Iron Prices—Bright Prospects for Wabash When Pittsburgh and Ann Arbor Lines Are Ready.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, Sept. 4.—The belief that the United States Steel corporation will soon be in a position to go ahead with its plan for retiring $200,000,000 of its preferred stock and the issuance of $50,000,000 additional bonds induced spirited buying of the shares today. The common and preferred stocks exhibited more genuine strength than they have shown in months. The common sold as high as 42⅝, which compares with the closing price of 41¼ on the preceding day.

The upward movement in the steel shares got an impetus from the strength of the issues in London. Talbot J. Taylor & Co. were conspicuous as buyers in the local market, which gave rise to the report that the advance was due to the operations of the steel syndicate. As is generally known, James R. Keene, who is said to be the manager of the stock market and of the steel syndicate, is a member of the firm in question.

Tin Plate No Drawback.

An official of the United States Steel Corporation is authority for the statement that notwithstanding the tin plate industry is not in as satisfactory condition as some manufacturers would like to have it, the earnings of the combine last month were up to expectations. August, September and October are expected to show net earnings of between $37,000,000 and $38,000,000. It is predicted that October will be the banner month. Commenting further, the steel official said:

"The fact that the tin plate industry is suffering from over-consumption, due to the many new mills that have sprung into existence during the past few years, does not necessarily mean a reduction in the earnings of the United States Steel Corporation. The surplus products that would otherwise enter into the manufacture of tin plate are being devoted to the manufacture of other grades of steel, for which there is a big demand.

"As to the litigation in which the company is involved, we feel confident of victory. We have exposed the character and methods of the element back of the steel suits, which will naturally have considerable bearing on a settlement of the litigation."

B. & O. May Get Reading.

Wall street is inclined to place considerable credence in the report that interests identified with the Pennsylvania railroad, together with J. P. Morgan & Co., have secured control of Reading. The shares of the Reading held by the First National bank people, it is said, have been turned over to the syndicate.

A story was current today that Reading would ultimately be turned over to the Baltimore & Ohio, but no confirmation of this report could be obtained. The selling of Baltimore & Ohio today was attributed to the purchase of Reading on account of Baltimore & Ohio, having been fully discounted. Realizing also caused the selling of Reading and Pennsylvania.

Steel Foundries Securities.

Application will soon be made to list in the New York stock exchange the securities of the American Steel Foundries Company, which was organized a short time ago with an authorized capital stock of $40,000,000, of which $20,000,000 will be 6 per cent cumulative preferred and $20,000,000 common. There will be issued for the purpose of taking over and for all additional cash working capital $15,500,000 preferred and $15,000,000 common. A statement giving the earnings of the constituent properties and other information is now being prepared, and will accompany the application to the listing committee of the stock exchange.

It was first proposed to place the preferred stock on a 7 per cent basis, but later on it was agreed to make the rate 6 per cent, the owners of the subsidiary companies having in view the declaration of a dividend on the common stock soon after the company began business. It is said the earnings of the subsidiary companies justify an initial dividend on the common stock in the near future.

Effect of Strike Continuance.

Producers say that in the event of a continuance of the anthracite coal strike and the car and locomotive shortage, nothing can stop the upward movement in the price of pig iron. According to one producer, many of the furnaces that have booked business for next year will fall weeks and perhaps months behind in making deliveries. Rogers, Brown & Co. make the interesting statement that if it were not for the foreign pig iron that is now coming in at the rate of about 2,000 tons a day, the situation among foundries would be serious. Indeed, They add:

"The condition of the market in raw materials does not improve as the fall approaches. It is one to cause the makers of iron and steel serious concern. The prolongation of the anthracite strike, the inadequate facilities of the railroads to handle the huge traffic offered and the high price of coal leading bituminous operators to restrict the output of coke—all these influences combined have made the lot of the furnaceman a hard one. Frequent banking of fires is reported in all the districts. The result is to run up cost sharply."

Europe Must Yield Up Gold.

The strength of the financial situation in European centers has contributed largely to the confidence felt in the money situation on this side. The Bank of England is in a very strong position, and it is anticipated that within the next few weeks it will show still further improvement. The British banking houses are now satisfied that gold will have to be shipped to the United States this fall in payment for grain and cotton. In this connection it is interesting to note that not long ago London was boasting of the enormous debt contracted by this country abroad.

Heavy Buying of Wabash.

Wabash, on buying by brokerage houses said to represent Gould interests, was among the active and strong features of the market. When Wabash was selling in the twenties it was tipped off for a substantial advance. It was then announced that George Gould had advised his friends to buy the stock and hold it. In the early trading the common sold up about 2½ per cent.

A Wall street news agency had the following to say concerning Wabash:

It is undoubtedly true that both investors and speculators are coming to realize more fully the position that will be taken by the Wabash when the various properties acquired by the Gould interests within the last year, with their various connecting links, are in full operation. All sorts of rumors have been circulated regarding what Wabash purposes to do. Only a small part of these are true. It is certain, nevertheless, that the earning power of the Wabash is greater and its position stronger than ever before.

The acquisition of the Ann Arbor railroad will give the Wabash decided benefit sooner than any other road recently acquired. Through this road the Wabash will have direct connection with the rich ore supplies in the northwest, and also with the large grain and milling centers.

A fact that should not be forgotten in considering the probable earnings of the Wabash this year is that it is expected to have the Pittsburgh, Carnegie & Western railroad in operation next spring. One handicap under which the Wabash has operated has been the fact that it has been obliged to haul a large number of empty cars west. When this new line to Pittsburgh is in operation, not only will a large eastbound traffic be taken to that city, but in addition probably a still larger amount of traffic will be carried westward. The addition to the company's traffic both ways on this line will naturally make heavy increases in its earnings. E. W. HARDEN.

Some New High Records Made in the Wall Street Stock Market

STOCK MARKET WAS IRREGULAR IN WALL STREET

Flurry in Call Loans Had Some Influence on the Trading.

NEW HIGH RECORDS MADE

Baltimore & Ohio, Pennsylvania and Wabash Showed New Strength. United States Steel Common Was Active—Money at 8 Per Cent.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, Sept. 4.—Partly as a result of the flurry in call money, which loaned as high as 8 per cent, and for other potent reasons the stock market today developed a distinctly irregular tone. Before the close of the morning session more or less weakness was shown in a number of the speculative issues, namely, Reading, Pennsylvania, New York Central, Union Pacific and Southern railway. These and other less prominent stocks fell to a level generally lower than yesterday's closing prices.

Much of the selling was of a character technically known as "good," and in conservative quarters the opinion prevailed that the pace of the early week had been too fast. Trading in the forenoon was again very heavy, but the day as a whole was less active and more circumscribed in distribution of business.

In the face of these adverse conditions new high records were made in Baltimore & Ohio, Pennsylvania, Wabash common and preferred, Wheeling & Lake Erie, Pacific Coast, National Railroad of Mexico, Pittsburgh, Cincinnati, Chicago & St. Louis, Cast Iron Pipe & Foundry issues and Sloss Sheffield Steel common and preferred. The feature of the opening was the strength and activity of United States Steel common. Purchases of the stock were on a large scale and resulted in substantial advance, but the full improvement was not maintained.

Move in Steel Common.

The move in Steel common was presumably based on its strength in London, from which center good buying was reported for American interests. Locally London traded in about 40,000 shares, chiefly Steel common, but sold on balance. The early decline in Pennsylvania was followed by a reactionary movement in the stocks of most of the southwestern roads. There was no news concerning Reading, and the common stock, on dealings much below those of the previous two days, closed with a decline of 2½ points.

Opinions differ as to the ultimate fate of that property, but the knowing ones declare that its future rests with Pennsylvania interests, who, it is expected, will turn it over to the Baltimore & Ohio line. Shares of the latter road, particularly the common, were active and strong at the outset, but closed with a net loss. A smart advance in Wabash was attributed to manipulation by a leading operator.

WALL STREET FEATURES.

Total sales for the day were 1,123,600 shares.

Call money loaned as high as 8 per cent, causing a flurry in stocks.

New high records were made in Baltimore & Ohio, Pennsylvania and Wabash.

United States Steel common was active.

Marked weakness was shown in the standard railway group.

The early afternoon saw sharp gains in Peoples Gas, Manhattan, Virginia-Carolina Chemical, Cotton Oil and some of the more obscure issues. The advance in gas was accepted as a "drive" against the short interest in that stock. Selling orders in the last hour caused recessions throughout the general list, and the closing, while active, was weak.

High Money Rate.

In the standard railway group marked weakness was shown by Norfolk & Western, Louisville & Nashville, Illinois Central and Union Pacific in addition to those already named. Of the miscellaneous stocks the weakest was American Bicycle preferred, which declined 6 points. On the curb Northern Securities more than maintained its strength of the early week, opening at 117½, but reacting toward the close.

Call money opened at 5½ per cent, and only a comparatively small amount was placed at the top figure, the bulk of the loans being made at from 6 to 7 per cent. There was little disposition to lend money on time in view of the rates for demand loans. Foreign exchange continued easy with no sign of an early reversal. The sum of $75,000 was transferred to New Orleans for local banks, and this, with other operations, shows a gain by the sub-treasury of over $3,000,000 since last Friday.

Railroad bonds continued very active and irregular. Total sales, par value, $4,185,000. United States old and new 4s registered advanced ⅜ per cent on the last call.

Talked About in Wall Street

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, Sept. 5.—The Herald this (Friday) morning says: Speculative sentiment underwent a complete change yesterday. A hard but gradual tightening of the money market probably did more than anything else to bring about a sobering influence on the enthusiastic pool manipulators and their followers. The sharp reaction mainly affected those securities in which there has lately been the largest advances. It appeared as if the pools had used up all the credit that could be safely extended, at this period and had made at the same time the utmost of the opportunity afforded to dispose of their holdings, and then decided to rest the machinery. It was apparent that the liquidation would have gone considerably further had it not been that the same interests which so cleverly distributed some of their holdings in the last few days relieved the situation by extending support. It seemed to be the general impression that the reaction was at least due in view of the monetary situation.

The developments over night regarding the coal strike were also ascribed as very important factors in the decline. The statement by President Baer of the Reading, in which he reiterated his ultimatum and those of his fellow-presidents of the anthracite coal roads that politics would not be allowed to interfere, and that the strike would be fought out to the bitter end, dashed cold water on the hopes of those speculators who had banked on a termination of the strike through political influence.

The early London quotations showed that a movement had begun over night in the shares of the United States Steel Corporation. Cable advices from that city stated that a large number of options had been bought for New York account, and that the advance was due wholly to New York orders. The activity in the London market was reflected here when business opened, and the early quotations were fairly well maintained until the close.

Money was in good demand during the day and the situation was such that there was no up bidding or establishing of arbitrary rates. Call funds loaned at from 6 to 7½ per cent, and it was reported that as high as 8 per cent was given during the active period.

The Treasury and the Banks.

NEW YORK, Sept. 4.—(Special.)—In redemption of checks drawn by depositors of gold at the Seattle assay office today's official records show that the sub-treasury paid out yesterday $33,281. Total thus paid since Friday, $181,500, against $158,259 for the same period a week ago. Total payment by government to New York banks for the day, $2,579,000. Payment by banks to government, $3,365,000. Balance on the day's transactions, $786,000, paid by banks to government. Total net payment by banks to government since Friday, $3,048,000, against $5,272,000 similarly paid for the corresponding period a week ago.

Bank of England Statement.

LONDON, Sept. 4.—The weekly statement of the Bank of England shows the following changes: Total reserve decreased, £461,000; circulation increased, £167,000; bullion decreased, £293,967; other securities decreased, £600,000; other deposits increased, £211,000; public deposits decreased, £2,290,000; notes reserve decreased, £445,000; government securities decreased, £508,000. The proportion of the Bank of England's reserve to liability is 53.04 per cent. Last week it was 51.79 per cent. Rate of discount unchanged at 3 per cent.

Less Ore from Canada.

ASHTABULA, O., Sept. 4.—(Special.)—From foreign ports the shipment of ore to Ashtabula during August shows a falling off of 30,000 tons, as compared with the best previous month. Of the 720,034 tons received here in August, but 9,676 tons came from Canada. In spite of this decline it is confidently expected that Ashtabula will pass the 4,000,000 mark in ore receipts this season.

News from The Mines

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, Sept. 4.—With an output of 60,000 tons the mines of Utah added $2,964,700 to the world's wealth in August. This was an increase of $102,460 over the output of July. Dividends aggregating $290,000 were paid during the month. Daly-West came first, with a payment of $108,000; Silver King paid $100,000; Gemini, $50,000; Con. Mercur, $30,000, and Utah of Deep Creek, $2,000. The Ontario has posted a dividend of $45,000 for this month.

During the year ending August 31 the Carisa of Tintic, Utah, marketed 11,174 tons of ore of a gross value of $287,970, for which it received $176,460. Two dividends amounting to $30,000 were paid and there is a balance of $1,300 in the treasury.

Tonopah advices note great excitement over the strike in the Mizpah extension. All mining stocks of the district are booming and miners and prospectors are again flocking in.

An unusual number of prospectors are reported in the mountains of Southern Oregon and many quartz locations are being recorded weekly.

Experts have now come to the conclusion that the ores of Republic, Wash., the treatment of which has been puzzling the owners for several years, should be roasted slightly and then put through a cyaniding process.

The War Eagle and Center Star, by Rossland, B. C., have started shipments on a large scale to the Trail smelter. The mines will continue their experiments in concentration at the silica works.

In the Little Bernice at Custer, Col., a chimney formation has been struck containing fragments of high-grade galena assaying 105 ounces silver, 60 per cent lead and small values in gold and copper. The discovery has given fresh impetus to prospecting in the district.

In the Metal Market.

The chief feature of today's metal markets, from a new standpoint, was the statement published by private authorities that the stock of copper on August 1 was 76,177 tons. This estimate is considerably under that contained in the last issue of the Iron Age, which placed the stock at 104,959 tons and which added that a further accumulation had occurred during August. Locally, copper today was quiet but steady, with lake at $11 40@11 60; standard, $10 70@11 15; electrolytic, $11 20@11 40; casting, $11 20@11 40. In London, however, the market was 3s 9d higher, with spot closing at £51 17s 6d and futures at £52 5s. Tin here was quiet, with prices slightly steadier at $27 00@27 25. London was steady, with spot unchanged at £128 and futures at £118 7s 6d, or £1 5s higher. Lead was steady and unchanged here at 4⅛c and was steady also in London, where it closed at £10 18s 9d. Spelter ruled steady here at 5⅛c and at £19 7s 6d in London. Iron abroad was quiet. Glasgow iron was quiet but steady. Warrants continue nominal. No. 1 foundry northern, 23 00@25 00; No. 2 foundry northern, 22 00@23 00; No. 1 foundry southern, 22 00@23 00; No. 1 foundry southern, soft, $22 00@23 00.

Secretary Wilson Gets an Office.

WASHINGTON, D. C., Sept. 4.—It is reported that Secretary of Agriculture Wilson will, early in the year, resign from the cabinet to accept the presidency of an Iowa agricultural college at Ames, Iowa.

Railroads Are Still Buying Many Small Lots

FIFTH AVENUE BLOCK BRINGS DOWN $35,000

The Property Is in the Sixth Ward, Between Marion and Pride Streets.

WABASH DEALS OF $26,890

Butler Farm Sale of $55,000—A $75,000 Flat Started in East End. New Business Block at Rankin. Polish Church Project.

Through the agency of L. A. Clarke & Co. another property in outer Fifth avenue has been disposed of for $35,000. It is known as No. 1514, and is situated on the south side of the avenue, between Marion and Pride streets, Sixth ward. The lot has a frontage of 25 feet and extends back 115 feet to Ann street. The improvements consist of a three-story brick block erected only a few years ago, which is now occupied by Harris Bros., furniture dealers. The property formerly belonged to C. A. Cartwright, and was bought by a well-known physician, who takes it for an investment.

This is the third property in this neighborhood that the purchaser has picked up within the last year and the price paid for this lot, $1,400 a front foot, is ample evidence that he anticipates a big rise in values soon. This sale is the ninth deal in outer Fifth avenue property which has been made by these brokers since last October.

Wabash Gets Five Properties.

The Pittsburgh, Carnegie & Western Railroad Company has secured five more properties in the city for a total consideration of $26,980. Four of the purchases are located in the Thirty-fifth ward. These were two lots 75x137 feet and 30x42 feet respectively, on the east side of Corinth street, and a lot 34x120 feet on the west side of the same street, which were secured from Mary A. Chess and the Safe Deposit and Trust Company, guardian of J. F. Chess, for $5,000; a lot 174x210 feet in Independence street, bought from Sarah E. Clay for $3,700; an improved property 32x155 feet in the same street which Angelo Balbo sold to the railroad for $2,700, and three lots, all improved, in Castor street. These together measure 120x130 feet, and were purchased from Hugh McMurray for $7,400. The fifth property is a part of the Mary Wall estate and faces 18 feet in the east side of Fourth avenue, near Ferry street. It is improved with a two-story brick building and was secured from the Fidelity Title and Trust Company for $8,000.

Butler Farm Brings $55,000.

R. W. Hervey has purchased for the City Realty Trust Company a farm of 110 acres near Butler for $55,000. The farm belonged to John Young and adjoins the plan of lots lately bought and laid out by the purchasers. This purchase gives them a total of over 200 acres of which 90 acres are plotted and surveyed. Streets are to be graded through a large part of this plan this fall, and bids are now being received by the company for the erection of 100 brick and frame houses to cost from $1,800 to $2,500 each.

Etep & Co. have concluded the sale of the Darrah Bros.' foundry and machine shop at Bridgewater, on the Beaver river, for $12,000. The plant includes about one half an acre of land, on which is erected a brick and steel foundry. It was purchased by a Sharon concern which has already begun the work of remodeling it and will occupy it with a modern foundry.

Model Flat Started.

Ground has been broken for the $75,000 apartment house which James J. Leahy and S. G. Lennox are to build at the northwest corner of Margaretta street and Euclid avenue, Nineteenth ward. The building is modeled after the famous Boston apartments and has been christened the Caroline. It will be a six-story, pressed brick structure, with a frontage of 65 feet and a depth of 94 feet. Twenty suites of four rooms each are provided for in the plans, besides a large dining room, office, halls, parlors and smoking room.

Joseph Horten of Rankin is having plans prepared for the erection of a three-story brick business block, 40x60 feet, which he will build at Braddock avenue and Patterson street, Rankin. The building will contain two store rooms, dwelling apartments and a lodge hall. It will cost $25,000.

Two Big Building Projects.

Architect Sidney F. Heckert has awarded the contract to Kerschner Bros. of Erie for the erection of the Villa Marie academy, to be built for the Sisters of St. Joseph in that city. The building will be one of the finest church institutions along the lake and will cost at least $100,000. It will be a five-story brick structure, 130x130 feet, and in addition to being strictly fireproof, will be provided with the latest sanitary appliances.

Architect Heckert also has plans for the new Polish church that will be erected at the corner of Forty-first and Foster streets. The building will be a three-story brick, covering a lot 93x130 feet. The first floor will contain six large school rooms and the second floor is to be used for a temporary church. The contract for the foundation will be let this fall, but the superstructure will not be started until spring.

The same architect has plans for three residences to cost $12,000 each. Two of them will be built in Allegheny and one in the East End. The owners' names are withheld pending the beginning of the work.

An East End Residence.

Architects George S. Orth & Bros. are taking bids on a brick residence to be erected for Cadwallader Evans in Dunmoyle street.

Architects Rodgens & Burns have plans for an $8,000 summer hotel, to be built at Muskoka lake, Canada. The building will be a two-story frame structure, measuring 100x40 feet. The same architects are preparing plans for the Evangelical Lutheran church at Redeemer, Pa. The estimated cost is $5,000.

Work was commenced yesterday, by the Westinghouse Electric and Manufacturing Company, on the erection of four brick dwellings in Braddock avenue, opposite its East Pittsburgh plant. The sites were recently purchased from W. H. Semmens of Turtle Creek, for $10,00. The buildings are of brick and will contain eight rooms, with every modern convenience. They will be occupied by a number of the heads of departments in the plant, and it is understood that others will be erected.

Sale in Shady Avenue.

Through Moore & Kelly of the East End Jennie J. K. Mellon has purchased from Joseph M. Kelly a property on the north side of Shady avenue, Twentieth ward, for $10,000. The lot measures 34x99 feet, and is improved with a modern brick residence.

J. A. Gibson & Co. of Allegheny have recently closed the following sales of property in Bellevue and Avalon: For James B. Arthur they sold to Fred T. Ross, a new house in Jackson street, Bellevue, for $4,800, and to Jane Hammond, a new house in the same street, for $4,800; for George E. Lewis to Jennie S. Marshall, a house in Taylor avenue, Avalon, for $4,200; for Annie A. Atts to R. Ritchey, a house in Florence avenue, Avalon, for $4,200; for Mary F. Cooper to Johnson R. McKeane, a dwelling in Fisk avenue, Avalon, for $3500; for the Delp estate to William F. O'Hara, a lot in Taylor avenue, Avalon, for $650; and for William Hayes to M. T. Duttney, three lots in Hubal street, Allegheny, for $3,500.

Sold a $6,500 House.

Forbes street: M. J. Ehrenfeld sold for John Kaltenhauser to A. Yorkin a 10-room brick house on a lot, 20x60 feet, on the south side of Forbes street, near Moultrie street, Fourteenth ward, for $6,500.

Monticello street: Thomas M. Hughes sold to James F. Doyle an improved lot, 25x93 feet, on the south side of Monticello street, near Homewood avenue, Twenty-first ward, for $5,200.

Muriel street: Louis Kimmel bought at sheriff's sale the Patrick Lynch property, a lot 19x52 feet, on the south side of Muriel street, near South Twelfth street, Twenty-ninth ward, for $895.

Building Permits Issued.

The bureau of building inspection yesterday issued the following permits: To Charles Liubbe, for a brick veneered two-story and attic dwelling and store in Ward street, Fourteenth ward, to cost $3,400; to Mrs. Jennie McKay, for a brick veneered two-story and attic dwelling, in Kentucky avenue, Twentieth ward, to cost $8,000; to William Campbell, for a double frame two-story dwelling in the rear of Kincaid street, Nineteenth ward, to cost $2,500; to Joseph H. Griblu, for a four-story brick veneered dwelling and store in Frankstown avenue, Thirty-seventh ward, to cost $7,400; to Joseph Dambrosio, for two two-story frame dwellings in the rear of No. 142 Shetland street, Twenty-first ward, to cost $3,000.

P. Lippert has sold for the John Wunderlich estate two brick dwellings, on a lot 24x120 feet, in Forbes street, Sixth ward, to Mrs. Mary McTague, for $8,000.

Samuel W. Black & Co. sold for the Glenwood Land Company lot No. 38, in their plan in Marovo street, Twenty-third ward, for $710.

The Allegheny Real Estate Company reports the sale of lots Nos. 28, 29, 42, 45, 48 and 50, in the Burgess plan of lots, Tenth ward, Allegheny. The prices range from $400 to $600. The size of the lots is 25x120 feet. The purchasers intend improving at once.

The Allegheny Real Estate Company has sold for Albert J. Gould, Sr., to Thomas P. Toynbee a lot, 50x114 feet, on the east side of McKinley avenue, adjoining the property of S. W. Wilson, for $1,325.

Local Stocks Were Very Active and the Sentiment Quite Bullish

RAIL COAL IS STILL REACHING HIGHER PRICES

Common Stock Made a Large Gain on Unusually Big Buying Orders.

STEEL SHARES FEATURES

U. S. Steel Common Very Active and Higher—Crucible Common Followed Next—Window Glass and Electrics Heavy.

The market on the Pittsburgh stock exchange yesterday gave every evidence of getting into a big bull campaign. Indeed, there has not been seen such activity, with such breadth and general strength in the market, in several months. The total sales amounted to almost 13,000 shares and $18,000 bonds, and these were spread over 37 different securities, which is nearly double the usual recent records for a day. Out of the number sold 12 closed unchanged from the last previous prices, 10 declined from ¼ to 1½, while 15 advanced from ⅛ to $5 per share. One issue made a new high record. The market at the close was still quite active and firm.

The principal activity of the day was in Pittsburgh Coal common, which, on heavy buying orders, sold over 4,300 shares and advanced to 31½, the highest price in a year. The close was still quite firm at 31¼, leaving the gain for the day ⅝. The preferred stock was less active but quite firm at 91@91⅛ for 256 shares, the close being an advance of ⅛ for the day. After the last sale the stock was in good demand at the top price bid. The other Coalers had but small sales, though River common developed unusual strength and a large demand, advancing to 12⅝ bid regular, with 12½ bid for 1,000 shares, in two 500-share lots. A block of 1,000 offered at 13. The preferred closed ½ lower at 41¼.

The steel shares furnished a good deal of enthusiasm and developed more activity and firmness than they have manifested for some time. United States Steel common sold over 2,400 shares, and after opening at 42 advanced to 42½. At the close, however, it dropped back to 42, with offers at 42¼. The gain for the day was ¾. The preferred sold 450 shares at 91, which was an advance of ½. The movement in both was probably in sympathy with that in the east, which secured its cue at the opening from London, where both issues were strong and active at considerable advances. Crucible Steel common was also quite active and reached the highest price in some time, closing at 22¾ on sales of 1,650 shares, leaving a net advance of ¼ for the day. The preferred was also firmer and ⅛ higher at 87¼, 200 shares having sold. The feeling in regard to the common stock is that it will shortly be given a dividend, and while there is nothing tangible upon which to base this, it is quite general. American Window Glass common was another quite active issue, selling over 1,000 shares at 62@62¾. The opening was at the high point and the close at the low, which was the same as Wednesday. The preferred stock was more active than it has been for some time, but turned quite weak, and closed with a loss of 1½ at 90½. In view of the favorable developments in the trade, which would generally be regarded as unusually bullish, the weakness of the common stock is generally attributed to manipulation with a view of obtaining cheaper stock. There has been so much manipulation in it since it was placed upon the market that this opinion is not at all beyond the scope of the developments. The Electric stocks opened firmer but were rather heavy and weak at the close, Electric seconds declining 1¼ to 112½, after having opened at 114½. The close was at a rally of ½, leaving the loss for the day only ⅜. Sales were over 700 shares. In the banking group Pennsylvania Trust advanced $5 to $250, which was a new high record. Real Estate Trust was quite active and strong and $3 higher at 289 for 100 shares. Pittsburgh Trust and Colonial Trust were quiet and unchanged. Dollar Savings Fund and Trust advanced $5 to $265, and Allegheny Trust was 1½ lower at 153½. These are the concerns which Dame Rumor says are working towards a consolidation, but Secretary Baldinger of the Dollar Savings Fund and Trust Company says it is false. In the general list the most important change was in Allegheny Valley Railroad preferred, 100 shares selling at 33, which was a loss of 1⅛ since the last sale. Union Switch and Signal common opened firm and higher at 97, but at the close dropped back to 96, a loss of ½ for the day. Brewing stocks were comparatively dull at immaterial changes. Fire Proofing preferred closed with a gain of ⅝ at 39⅞, sales having been over 200 shares. Philadelphia Company stocks were dull but steady. Bonds were fairly active and steady to firm. In the quotations of stocks there were no important changes, Westinghouse Airbrake being quoted at 188¼ bid, 188¾ asked, sales occurring.

Wall Street Brokers' "Tips."

The Gates crowd is buying C. & O.

Manhattan looks like going higher.

We hear bull talk on Metropolitan Street Railway.

Eight per cent money checked the Wall street market.

We hear that Colorado Southern second preferred will pay 3 per cent.

There are some very positive rumors that the St. Paul dividend will be made 7 per cent.

The best kind of support is given to Southern Pacific and I think it is one of the best purchases.

The Keene party is talking bullish on Union Pacific, Southern Pacific, Pennsylvania, Panhandle and Tennessee Coal and Iron.

You better get some of this Baltimore & Ohio before it is too late. With these big advances in Pennsylvania, Reading and Norfolk, Baltimore & Ohio will be the next one to get a move on.

I think purchases can safely be made at this level in Southern Pacific, Atchison, Union Pacific and especially Reading. Chesapeake & Ohio and Erie will sell much higher, I am told by good people.

In a market like the present, which has gotten into a big swing similar to that of a year ago, options are valueless. It is simply a question of follow the leader until something happens to check the decline or to bring a severe break.

Grain Market Takes Slight Bearish Turn

GRAIN MARKET WAS HAGGLING IN CHICAGO PIT

Frost Reports Not Severe Enough to Warrant Bullish Prices.

RALLIED AT THE CLOSE

Wheat, Corn and Oats Experience Some Irregular Fluctuations With Active Selling—Crop Prospects Work Against Prices.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Chicago, Sept. 4.—Grain trade was of an irregular and haggling nature today. Yesterday prices boomed on the expectation of frosts, but today when the frosts were reported prices tended toward recessions because the frosts were not hard enough and because warmer weather might be near. There was good support in wheat for a time by a big elevator house, which helped near futures somewhat. Crop prospects, however, worked against prices for new grain, and at the close September wheat was ⅛c up, December ⅛@¼c down, September corn ⅝c higher, December ⅛c lower, September oats ⅜c lower and December oats ⅛c off. Provisions closed 2½c higher to 5c lower.

There was only a fair trade in wheat. Early prices were rather steady, but when it was learned that the frosts that extended as far south last night as Sioux City, Ia., had done no damage prices slipped off a trifle. September held firmer than December all day. Cables were only a little higher and showed responses to yesterday's local bulge. Commission houses sold freely and lost much of the gain made by good elevator buying and the falling off of receipts.

Grading a Bull Factor.

Grading of spring wheat continued to be something of a bull factor. There was no contract stuff received here today, a condition that has prevailed for several days. The northwest complained of slow movement because of bad weather conditions. September started ⅛@¼c lower to a shade higher at 71⅝c to 71¾c, and on the purchase of over 1,000,000 bushels of December for elevators advanced to 72⅝c.

The close, however, was only a trifle firmer, ⅛c up at 71⅝@71¾c. December sold from 67⅞@68c to 68⅝c and closed weak ⅛@¼c down at 68c. Local receipts were 245 cars. Minneapolis and Duluth reported 266 cars, making a total for the three points of 511 cars, against 566 last week and 1,091 cars a year ago. Primary receipts were 851,000 bushels, compared to 1,364,000 bushels a year ago. Seaboard clearances in wheat and flour equaled 766,000 bushels.

Corn started out much weaker than had been expected in consideration of the colder weather. Sentiment was bearish, the distant futures being sold for profits on corn prospects. September dipped early, but soon ruled stronger on a small demand.

Little Interest in Oats.

It seemed that much of the apprehended damage from frosts was offset yesterday. September sold early at 57½c, but aided by wheat advanced to 59c. December fell from 43⅝c to 42⅝@42¾c and closed weak ⅛c off at 42¾c. September held its firm tone and closed ⅝c up at 58⅛c. Receipts were 81 cars, eight of contract grade.

Oats ruled lower, with little of interest to mark trading. A leading bull house let go of a considerable quantity, sentiment was bearish, trade dull and buying was only scattered. This induced lower prices and September fell from 35⅝c to 34⅝c and closed weak ⅜c lower at 34½c. December sold from 31½c to a weak close ⅛c down at 31c. Receipts were 289 cars, only five of standard grade.

Provisions were dull and somewhat steady. Lard was sold freely and was about the only feature. Weakness of hogs influenced a dip in all products, but support of the nearer options held prices firm. January pork closed 2½c up at $14 90, October lard 5c down at $9 67½ and October ribs 2½c up at $9 80.

Estimated receipts for tomorrow: Wheat, 170 cars; corn, 55; oats, 280; high, 14,000 head.

The leading futures as corrected by Jno. D. Armstrong & Co., 209 Sixth street, members of Chicago board of trade:

Coffee and Sugar.

NEW YORK, Sept. 4.—Coffee futures opened steady, with prices 5 to 10 points lower, the decline being more a matter of sympathy with European weakness than the result of pressure from local sources, although during the day there was more or less scattered selling by the bear contingent, led by prominent Broad street importers who hedged against Brazilian purchases. At best the day's transactions were of a narrow, hand to mouth order, total sales reaching only 19,000 bags. After the opening the market gradually weakened, until at the close prices were net 15 points lower, with the undertone barely steady. Sales included: September, 5.25@5.30c; October, 5.30c; November, 5.40c; December, 5.40@5.45c; January, 5.35@5.45c; March, 5.60@5.65c; April, 5.60c; May, 5.70c; July, 5.80@5.85c.

Drygoods Market.

NEW YORK, Sept. 4.—The tone of the general market for cotton goods gains in strength and prices are tending against buyers, but no quotable change made. The demand for quick supplies is fully up to recent average and better for forward deliveries. Difficult to place orders for the latter except at advanced prices. Print cloths show an upward tendency. Shirt goods are steady, with a fair general demand.

Treasury Statement.

WASHINGTON, Sept. 4.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption, shows: Available cash balance, $209,924,678; gold, $117,114,308; silver, $20,933,565; U. SHEEHY'S MURDER LEADS TO WORK OF EXTERMINATION

Attorney Price Objects to Police System of Revenge on His Client.

SWEAT BOX USED AGAIN

Arrest of Nellie Hogan for Alleged Illegal Liquor Selling, Caused by Her Refusal to Talk, Starts a Crusade in Court.

The murder of Policeman Sheehy by Silas Carter, a colored man, and the subsequent police methods of sweating Nellie Hogan and then having her arrested, charged with keeping a disorderly house and selling liquor illegally because she would not 'give up,' are the direct causes of Attorney William Price's work in returning alleged illegal liquor sellers to criminal court," said Constable John Glenn yesterday.

Mr. Glenn was in court reporting to District Attorney Haymaker his success in examining witnesses furnished by Attorney Price, when he made this statement. He says it is a rule or ruin policy as far as the attorney is concerned, who is working for his client, and who does not believe that the police shall be permitted to proceed against one woman who could not be sweated and let others, controlled by politicians or influential men, go scott free. Glenn does not blame Attorney Price for his work on behalf of Nellie Hogan, but the police and their metods of getting revenge when they can't get information.

Shortly after Sheehy was shot, Nellie Hogan, who lived in Poplar alley and was believed by the police to know the whereabouts of Carter, was taken before Superintendent McAleese, and, it is charged, placed in the sweat box. After a vain effort on the part of the police to get information from her, it is alleged they told her that they would put her out of business. They had an information made against her and she was held for court. Attorney Price was retained as her counsel, and when he learned her story, Glenn says, he determined to show the police bureau that it could not make fish of one and fowl of another. He proceeded to get the names of all disorderly houses where liquor is sold illegally. He went to District Attorney Haymaker, and when the constables made their returns, Price was on the ground with his information.

Constable Glenn, however, denied again that the houses, the names of which were given to him, sell liquor illegally, and stated yesterday that he saw nearly all the witnesses whose names were furnished him with reference to the houses in the Seventh ward. He claims that, with one exception, all are indignant that they have been drawn into this affair and that they did not give him as much information as he desired.

It was learned from another source that Julia Davis who has been held for court for selling liquor illegally, has ten children, the youngest a baby; that her husband deserted her about ten months ago, and that she was compelled to do something to support her babies. The police proceeded to go after her, but neglected a notorious resort kept by an Italian woman, within a stone's throw of her house.

ROBBED ORPHANS' HOME.

John Shinanski, Who Stole from Contribution Boxes, Gets Year's Sentence.

In criminal court yesterday Henry Gilkey pleaded guilty to a charge of felonious assault and battery and was sentenced to the Western penitentiary for two years. On the night of July 17 Gilkey and William Hartman, a boy, were found sleeping in a boxcar in the Pennsylvania railroad yards. While the officers were putting handcuffs on Hartman Gilkey escaped by using his revolver freely. He shot Patrolman John Palmer in the head and the other officer in the left leg. Judge Collier allowed Hartman to be released on $300 bail on his good behavior for one year. If the bail cannot be furnished he is to remain in jail for one year.

John Shinanski pleaded guilty of robbing two contribution boxes at the Catholic Orphans' home on June 21 and was sent to the workhouse for one year.

Clarence Brown pleaded guilty of entering the house of George Wrigley, No. 4 Jones avenue, and stealing $24. He was sentenced to the penitentiary for two years. Lucy Witcher pleaded guilty to the larceny of a quantity of imported dress goods from Annie Myers and was sent to jail for one year.

The following other cases were disposed of: George Whitstant, larceny of a trunk at West Elizabeth, seven months to the workhouse; George Johnson, larceny of $20 from Isaac Johnson, six months to the workhouse.

The sentence of Annie Williams was reduced from seven months to five months to the workhouse. She pleaded guilty to the larceny of a watch from A. T. Ferguson.

J. C. Smith was found guilty of entering the house of Charles Rose, No. 83 Congress street, with felonious intent. He will be sentenced Saturday.

LEFT MUCH TO CHARITY.

Eliza Addison Darlington Remembers Church Institutions and Homes for Friendless.

The will of Eliza Addison Darlington of Pittsburgh was filed yesterday. The value of the estate, which is large, cannot now be estimated. Among the bequests are a number to charitable institutions. Judge J. M. Kennedy and James R. Sterrett are named as executors.

The bequests are as follows: Board of foreign missions of the Presbyterian church, board of home missions of the Presbyterian church, Presbyterian board of relief for disabled ministers and orphans, Pittsburgh and Allegheny Home for the Friendless, and the Allegheny Theological seminary, $1,000 each; Home for Aged and Infirm Colored Women, Colored orphan asylum of Allegheny, $500 each; Mrs. Elizabeth O. Russell, $500; Eliza J. Steel, $200; Mrs. Mary B. De Costa, $500; Mrs. Agnes D. Richardson, $5,000; George F. Denniston, $3,000; Emeline, Ramonda and Addison de Fontana, $500 each; Mrs. Mary B. Townsend, $1,000 and the furniture in her house belonging to the decedent.

Mary G., Richmond M. and Francis E. Graff are given the silver in the vault of the Safe Deposit Company. To the executors is left in trust the decedent's lot and warehouse at No. 713 Liberty avenue and the income to be devoted to the education and maintenance of Francis E. Graff until he is able to support himself. At the end of the trust the property is to go to Henry A. Graff, Harriet Graff Singer, Mary K. Graff, William A. Graff, Richmond M. Graff and Francis E. Graff, the shares of Henry A. and William A. Graff to be held in trust until the executors deem proper to release it. The residue of the estate also goes to the six above legatees.

WABASH FIGHTS HARD.

Objects to Bond Filed by Lake Erie Railroad—Judge McClung Refuses to Modify Decree.

The Pittsburgh, Carnegie & Western Railroad Company filed exceptions to the bond given by the Pittsburgh & Lake Erie Railroad Company to the United States Glass Company in the matter of the appropriation of a strip of the latter company's property. It is declared the property sought has been appropriated by the exceptant. Exceptions were filed to the bond of the Pittsburgh, Carnegie & Western Railroad Company to Elias Fink.

Judge McClung filed a supplementary decree in the equity suit of the City of Pittsburgh against the Pittsburgh, Carnegie & Western Railroad Company brought to restrain the company from constructing an abutment on the wharf at the foot of Ferry street. The court refused to modify the original decree dismissing the plaintiff's bill. The matter will be carried to the supreme court.

TRUST COMPANY SUED.

Administrator Begins Replevin Proceedings to Recover Wife's Jewelry.

Herman Linde, administrator of the estate of his wife, Della Linde, began replevin proceedings against the Equitable Trust Company and Theodore M. Barnsdall to obtain possession of jewelry and other articles valued at $650; also asking for $1,000 damages. The bill filed simply alleges that there was shipped from Wray, Col., to the defendants a box containing the above articles, after the death of the decedent's wife at that place.

Says His Credit Is Attacked.

Suit was entered by Louis Frank against David Harris for $10,000 for alleged slander. The litigants are residents of Coraopolis. The plaintiff, who is in the drygoods business, alleges the defendant is trying to ruin his business by false statements.

LEGAL BRIEFS.

Samuel Barckley of Pittsburgh left his estate to his widow.

The executor of the estate of Hugh Orr charges himself with $9,143 05 and has a balance of $8,008 36.

The executor of the estate of Jacob Hahn charges himself with $40,322 98 and has a balance of $35,731 68.

In quarter sessions court yesterday an order was made increasing the salary of the tipstaves from $1,000 to $1,200 per year.

Judge Buffington has returned from his vacation and will resume his duties in the United States district court this morning.

William E. Harris, doing business as the Harris Tea Company of New Castle, Pa., filed a petition in bankruptcy, showing his liabilities to be $2,684 and assets $3,260.

The following divorce suits were filed: Charles J. against Annie E. Wilson, desertion; Frederick B. against Lavina Tracy, cruel and barbarous treatment; Jacob against Maggie M. Kipp, infidelity.

A petition in bankruptcy was filed against Margaret Vallatto of Turtle Creek by numerous creditors, who allege that she sold her store and stock to Dominic Porscio, another creditor, with intent to defraud the petitioners.

The will of William Phillips of Pittsburgh leaves the estate to the widow, but in case of her remarrying she is to receive only that which the law allows her. The estate, subject to the above, goes to Margaret A. F. Phillips, a daughter.

Howard E. Bidwell, administrator of the estate of Elizabeth M. Bidwell, filed his report. He charges himself with $110,010 46. There is a balance of $88,539 26 in money and securities.

Executions were issued as follows: Jesse Fries vs. Rena Appleby et al., $163; T. K. Hauer vs. Mary Mard, $429; John C. Miller vs. Samuel B. Tinns et ux., $5,634; A. A. Shafer vs. A. G. Dougherty et al., $131; Adolph Klein vs. Louis Farkas, $505.

M'ALEESE OUT FOR THE SCALPS OF SALOONISTS

Says He Has Enough Evidence for Revocation of 35 Licenses.

WILL APPLY TO COURT

Downtown Places Where Intoxicants Are Sold to Women and Minors Are the Ones Aimed at—Stringent Measures Proposed.

Officials of the department of public safety propose to ask the courts to aid them in suppressing the sale of liquor to women and minors. Evidence has been gathered against 35 saloons in the downtown section, the proprietors of which have violated the provisions of their licenses in this respect. It is proposed to ask the court to revoke the licenses of these men.

Police Supt. McAleese says he has some 50 witnesses who will testify to having seen women and minors drinking in these establishments.

Drinking by women and minors in these saloons has been going on for months. Members of the police force have seen it night after night.

The particular evidence which McAleese proposes to offer was gathered in July by Assistant Superintendent William Wilson and Inspector Fred Will. They were about to take the matter before the court at that time, but the murder of Achsah King on July 23 in Curran's saloon at Sixth and Wylie avenues caused the officials to drop the matter temporarily.

When McAleese entered office he says he was greatly surprised to find so many women and minors frequenting saloons. He made investigation and learned that he was unable to do anything to quell the practice except through the courts. He started to make a personal investigation, and says the discoveries he made were shocking. Girls and young men, all under age, have been permitted to enter these places and buy drinks. They were often seen to leave these establishments intoxicated.

Supt. McAleese also received a number of letters from mothers complaining about their sons and daughters being permitted to enter saloons when they were known to be minors. Upon receipt of these letters McAleese instructed his officers to investigate and gather evidence sufficient to present to court for the purpose of having licenses revoked.

During July evidence was accumulated against 35 of these places in the lower section of the city. Supt. McAleese at the time delegated 50 men to do this work for him.

BOYS STILL MISSING.

Clothes Found at Lock No. 4 Not Recognized by McKeesport Father.

Lincoln Brady of Walnut street, McKeesport, father of one of the boys supposed to have been drowned in the Monongahela river at lock No. 4, returned yesterday from Monessen, satisfied that all the McKeesport boys are alive.

He inspected the clothes found on the shore there and satisfied himself that they could not have been those worn by the McKeesport lads.

Jim Dumps possessed a mother-in-law!
He'd argue, and plead, and rave, and jaw,
Till one glad day to table came
A dish of "Force": Bless name and fame!
Now wifey's ma can't bother him,
For "Force" has made him "Sunny Jim!"
